Description:

The women in Ivy Milbourn's family tree are exceptional—artists, thinkers, and musicians with enormous talents. If you believe local gossip, they are also cursed. Or crazy. They are women who live dazzling lives and then burn out in a flash. Ivy's mother broke the curse in a way, running off and leaving baby Ivy with her grandfather.

Now a teen, Ivy's finally made peace with the fact that her mother abandoned her, but when her mother returns home—with two daughters in tow—Ivy's world is shattered. All of the stories she wove to protect her heart are unraveling, along with everything she thought she knew about her family. What started as the summer of fun is turning out to be a summer to face the demons of her past.
