It only takes a small spark to ignite a child's mind! Written by an expert, *Quantum Physics for Babies* is a colorfully simple introduction to the principle that gives quantum physics its name. Babies (and grownups!) will discover that the wild world of atoms never comes to a standstill. With a tongue-in-cheek approach that adults will love, this installment of the Baby University board book series is the perfect way to introduce basic concepts to even the youngest scientists. After all, it's nev...

*Have you ever felt like you're just too small
to do important stuff in the world at all?
Well, take a closer look, and then you'll see
that the smallest of things are as AMAZING as can be!*

Little things are capable of giant accomplishments. Upon closer inspection, things we think of as being small are actually full of endless strength. Think about bees, ants, butterflies—and little children! Each one is unique, and capable of making big changes in the world.

Any mother will enjoy the pairing of the beauty of a mother's love with quotes inspired by the unique bond between mothers and children. A mother's love is portrayed in a beautiful floral design where each flower represents a different characteristic of mothers. It takes a lot of strength to be a mother, illustrated by the gladiola -- a strong, powerful flower. "Gladiola" is a Greek word meaning "sword," reminding us that a mother is a powerful force for her children. She is their advocate, alwa...

SWEET HISTORICAL WESTERN ROMANCE

When widow Josie Johnson takes over the only newspaper in Two-Time, Texas, everything goes as planned—until Brandon Wade moves to town to start a competing newspaper. Brandon's bold hyperbole is nothing compared to Josie's serious journalism, but readers are eating it up. And even worse, Brandon is as charming as he is handsome...

Brandon never meant to put the pretty publisher out of business, so he suggests a good old-fashioned print war. It's a battle of wits, but...
