## **YOU, WONDROUS YOU**

MIKE MCHARGUE

October 2019

Convergent; Hardcover

Self-help/Motivational

Rights: World

From the host of the Liturgists podcast and Ask Science Mike, a book exploring the unseen forces that cause us to fail in our endless quest to fix ourselves--and how this knowledge can help us live more at peace with who we really are.

For thousands of years, philosophers, scientists, and religious leaders have wrestled with one of the great conundrums of human existence: why we do the things we do. Or rather, why we so often don't do the things that we want to do. The quest for answers supports whole industries of motivational speakers, psychiatrists, televangelists, and self-help gurus, promising to make people into their ideal self.

In *YOU, WONDROUS YOU*, Mike McHargue speaks to the rest of us, those who are exhausted from the endless quest to "fix" ourselves. This quest fails for good reason, McHargue writes, because while we like to think we're in control of our life and our rational decisions, a host of unseen factors are at play in every feeling we experience and every action we take.

Drawing on science, personal narrative, and spiritual insight, McHargue pulls back the curtain on human consciousness to show why behavioral change is so hard, why so much of modern life leaves us lonely and stressed out, and how by making peace with the multiplicity of human identity, we can live more at peace with ourselves, our lives, and the existential questions that keep us up at night.

**Mike McHargue**, also known as "Science Mike," is the host and co-host of two podcasts--Ask Science Mike and The Liturgists Podcast--that have attracted a curious following among Christians, the spiritually interested, and the religiously unaffiliated. He is an in-demand speaker at conferences and churches around the country, and he writes for the Storyline Blog, Sojourners, and Relevant magazine.

"Through the lens of neuroscience, McHargue makes his case for valuing religion not for its factual explanatory power but rather for its ability to give meaning to human existence . . . For those who fear science will rob them of both God and Christian community, this work may offer much-needed hope that Christianity and science can coexist." —Publishers Weekly

Self-help/Spiritual Growth

Beloved nun and social activist Joan Chittister, who appeared on Oprah's Super Soul Sunday, offers a soul-stirring and inspiring guide that speaks to all who feel disillusioned and dissatisfied with the power-hungry institutions and systems of this world.

Joan Chittister has been a passionate voice for women's rights for over 50 years. Called "one of the most well-known and trusted contemporary spiritual authors" by Publishers Weekly, this rabble-rousing force of nature for social justice and fervent proponent of personal faith and spiritual fulfillment draws on the wisdom of prophets--both ancient and modern--to help us confront the societal forces that oppress and silence the sacred voices among us.

Pairing scriptural insights with stirring narratives of the truth-tellers that came before us, Sister Joan offers a compelling vision for readers to combat complacency and to propel ourselves toward creating a world of justice, freedom, peace, and empowerment.

For the weary, the cranky, and the fearful, Sister Joan's energizing message invites us to participate in a vision for a world greater than the one we find ourselves in today. This is spirituality in action, this is practical and powerful activism for our times.

RICHARD ROHR

March 2019

Convergent; Hardcover

Religion/Christian Theology

Rights: World (UK rights sold to SPCK via the agent)

An eminent Franciscan shows how we are all God's Beloved, invited to participate daily in the urgent business of creation and redemption.

In his decades of working as a globally recognized spiritual teacher and founder of the Center for Action and Contemplation, Father Richard Rohr has been a go-to voice for Christians and spiritual seekers looking to deepen their inner lives. Yet in all those years, Father Rohr has never written a book on the most perennially talked about topic in Christianity: Jesus Christ.

In this provocative and groundbreaking new work, Rohr shows how we've missed out on something crucial about Jesus. Commonly, when we talk about Jesus Christ, we focus on "Jesus" and not "Christ." But what does it mean that Jesus was Christ? Is Christ a religious honorific, or simply Jesus' last name? Or does the term tell us something more fundamental about Jesus' role in history and in our lives today?

Most compellingly, what if hidden in the name "Christ" is a life-changing understanding for all people--of any or no religion? Drawing on Christian and world history, psychology, spiritual teachers of many traditions, the Bible and contemporary cosmologists, Rohr uncovers the meaning of Jesus' role as the Christ--God's cosmic figure who is present in all of creation, available to each of us today, and present with us as we seek to make a better world. Rohr articulates what this wider understanding of Jesus means for our world, and then applies his insights in a deeply rooted experience of mindfulness, prayer and action available to everyone.

**Richard Rohr, O.F.M.**, is a globally recognized ecumenical teacher bearing witness to the universal awakening within the Franciscan way, Christian mysticism and the Perennial Tradition. He is a Franciscan priest of the New Mexico Province and founder of the Center for Action and Contemplation ([www.cac.org](http://www.cac.org)) in Albuquerque, where he also serves as Academic Dean of the Living School for Action and Contemplation. Fr. Richard is the author of numerous books, including the bestsellers *Falling Upward*, *The Naked Now*, and most recently, *Divine Dance*.

## SHAMELESS

NADIA BOLZ-WEBER

January 2019

Convergent; Hardcover

Biography/Personal Memoir

Rights: World

One-of-a-kind pastor delivers her most important message yet--a body- and sex-positive reframing of the faith that echoes Luther's proclamation at Wittenburg.

No conversation puts church folk more on edge or creates more personal and cultural disarray than when preachers presume to talk about sexuality, women and God. Which is exactly why Pastor Nadia--she of the clerical collar and unerring comedic timing--sets out to reclaim the conversation for a new generation.

In the spirit of Martin Luther, her spiritual forbear, Bolz-Weber calls for nothing less than a reformation in how believers understand, feel about and express their sexuality. In SHAMELESS, she shares deeply revealing stories from her own life and the lives of her parishioners to explore what she calls the "moral panic" that has derailed so many. Looking to Bible stories and Christian theology, she reexamines patriarchy, gender, sexual orientation with both candor and hope, because, as she says, "I believe that the Gospel can heal the pain that the church has caused." As with her previous books, Bolz-Weber creates an affirming and intellectually robust experience on the page that draws in skeptic and believer alike.

**Nadia Bolz-Weber** is the author of two *New York Times* bestsellers *Pastrix* and *Accidental Saints*. A former stand-up comic and recovering alcoholic, the author is a favorite of readers who seek an authentic Christian spirituality without pious overlays. Bolz-Weber is pastor of a Lutheran congregation in Denver, House for All Sinners and Saints, and speaks to as many as 35,000 people per year beyond her home city.

A literary treasure from National Book Award winning author Flannery O'Connor (1925-1964) and her circle of extraordinary friends. This compilation of over 100 unpublished letters from the vault of the Flannery O'Connor estate offers insight into faith, religion, sex, culture, and the literary world of mid-20th century America. A story of friendship told in letters, this book features never before seen letters from such contemporaries as Walker Percy and Caroline Gordon.

Flannery O'Connor is a star of 20th century American literature. This book is a collection of many of her unpublished letters along with those of such literary stars as Walker Percy (author of *The Moviegoer*), Robert Giroux, Caroline Gordon, and movie critic Stanley Kauffmann. Themes of creativity, faith, work, and writing emerge, forming a riveting literary portrait of these friends, artists, and thinkers. Here we find their joys and loves as well as their trials and tribulations as they struggle with doubt and illness while championing their Christian beliefs and fighting racism in the world of Jim Crow.

**Flannery O'Connor** was born in Savannah, Georgia, in 1925. A devoted Catholic, she lived most of her life on a farm in Milledgeville, Georgia, where she raised peacocks and wrote. She was the author of two novels, *Wise Blood* and *The Violent Bear It Away*; thirty-one short stories; and numerous essays and reviews. She died at the age of thirty-nine. Her complete short stories, published posthumously in 1971, received the National Book Award for fiction.

## **FOLLOWING JESUS**

### **Finding Purpose and Direction in Uncertain Times**

HENRI J.M. NOUWEN

September 2019

Convergent; Hardcover

Religion/Christian Life

Rights: World

In this brand-new, never before seen narrative, the bestselling author of *The Return of the Prodigal Son* offers a compelling case for why Christianity is still relevant, beautiful, intelligent and necessary in the modern world.

The book is about Christian discipleship. In Henri Nouwen's words: "It aims to help people develop a greater love for Jesus and a greater desire to follow Jesus." It consists of two parts. Part I is about why we might choose to follow Jesus. With so many choices available to the 21st century person, especially the more popular path of secularism, Henri Nouwen lays out, in his characteristically 'stripped to the essential' manner, the challenge and reward of choosing the way of Jesus. Part II consists of Henri Nouwen's suggested spiritual practices to help keep us on the "narrow road."

## **JESUS AND THE SCROLLS**

JOHN BERGSMA

September 2019

Image/Hardcover

Religion/Biblical Studies

Rights: World

Scholar John Bergsma presents the first major work on the Dead Sea Scrolls in two decades and shows how the mysterious and long-forgotten scrolls, discovered in an Egyptian cave in 1947, reveal more fully the Jewish roots of Christianity.

From Old Testament scholar John S. Bergsma comes an illuminating text that reveals a Jewish community predating Christianity whose existence, beliefs, and practices have long been ignored by scholars and the public for social and political reasons: the Essenes. Bergsma, one of only a handful of American scholars who has had access to the original Dead Sea manuscripts reveals how this radical, pre-Christian Jewish religious community directly influenced the beliefs and early practices of early Christianity. This connection offers new information on how early Christians lived their lives, worshiped, and eventually went on to influence the Roman Empire. Bergsma also looks to Hebrew Scriptures and Jewish tradition to frame a story of how a simple Jewish peasant could go on to found a religion and a philosophy that still resonates 2000 years later.

In this enlightening read, Dr. Bergsma demonstrates how the Dead Sea Scrolls--the world's greatest archaeological discovery--can deepen our appreciation of Scripture and strengthen our understanding of faith.

**Dr. John Bergsma, Ph.D.**, is Professor of Theology at the Franciscan University of Steubenville (Ohio) since 2004. He holds a B.A. in Classical Languages from Calvin College (Grand Rapids, MI), the Master of Divinity (M.Div.) and Master of Theology (Th.M.) from Calvin Theological Seminary (Grand Rapids, MI), and a Ph.D. in Theology from the University of Notre Dame (South Bend, IN). He is the author of *The Jubilee from Leviticus to Qumran* (VTSup 115; Brill, 2007), and several articles in *Biblica*, *Vetus Testamentum*, *The Journal of Biblical Literature*, *Markets & Morality*, and other scholarly journals, festschrifts, dictionaries, encyclopedias, and essay collections, published by Oxford, Brill, Eerdmans, Continuum, Kohlhammer, and other academic publishers. Bergsma is active in professional biblical scholarship, and has particular expertise in covenant scholarship, the Pentateuch (its dating and sources), the book of Ezekiel, and the Dead Sea Scrolls. A former Protestant pastor, Bergsma entered the Catholic Church in 2001.

For the first time in sixty years, a comprehensive and engaging history of all eight North American martyrs of the Catholic church.

The French Jesuit missionaries who worked among the Native tribes of what are now Canada and the United States are some of the lesser-known martyrs in Catholicism. Yet they gave up all their comforts, all their privileges to serve as missionaries in an immense wilderness. In this compelling narrative, author Thomas J. Craughwell brings history alive and chronicles the adventures and ultimate demise of these men who journeyed to a foreign land and died in service to God.

In this groundbreaking walk through Scripture, a former atheist and founder of Blessed Earth creation care ministry makes the convincing case that trees are essential to every Christian's understanding of God. Once you discover the hidden language of trees, your walk through the woods--and through the Bible--will never be the same.

Perhaps we've missed the forest...and the trees. Beginning in Genesis, every major biblical character is associated with a tree, bush, or branch. There's a tree on the first page of Scripture and on the last. In fact, other than people, trees are mentioned more than any other living thing in the Bible. Exploring how God chose to tell the story of the Gospel through trees will open up a whole new means of understanding creation, redemption, and grace.

Join Dr. Sleeth as he explores the wonders of life, death, and rebirth through the lens of trees and explains how science is just beginning to catch up to the truths described in the Bible thousands of years ago. This book will unleash fresh ways of meditating upon God's Word and growing as a disciple of Jesus.

The best-selling author of *Never Unfriended* reflects on the middle years of life and embraces the meaning found in the ordinary.

The middle years of life get a bad rap and tend to be described as flavorless. The thrill of the chase has slowed down and we settle into familiar routines. In this collection of bite-sized essays, Lisa-Jo Baker invites women to get a good look at their middles and gives permission to embrace them--beyond what the media, the mirror, the magazines, or our teenagers say. Through gutsy, beautiful storytelling, she admits out loud what most women are thinking about marriage, parenting, failure, and how badly we all want to buy those matching Magnolia Market mugs. Her delicious stories come from not being afraid of who she is. Because Lisa-Jo knows that although the middle is a place where we might have outgrown the shape of our jeans, we have finally grown into the shape of our souls.

While there are great one-year Bible reading plans, few help you understand the words that you're reading. What if we could introduce you to a Bible reading plan that would dramatically increase your mastery of the Bible in one year? Mark Moore teaches you 52 of the Bible's most important verses, which in turn help you understand 52 key spiritual principles. By understanding one verse, you will be able to master and manage dozens of other verses that reflect that same spiritual principle. If you understand the primary passage, dozens of others will fall into place.

After completing this plan, not only will you have increased your comprehension of the Bible's 52 key themes, you will have a big-picture understanding of the Bible itself.

**Mark E. Moore** spent two decades as a New Testament Professor at Ozark Christian College. In 2012, he traded his title "Professor Moore" for "Pastor Mark" at Christ's Church of the Valley in Phoenix, AZ where he is a teaching pastor. As a professor, he helped students understand the Bible. As a pastor, his sermons help unchurched people make sense of Christianity.

## **PRAYER**

### **Forty Days of Practice**

JUSTIN MCROBERTS and SCOTT ERICKSON

February 2019

WaterBrook; Hardcover

Religion/ Christian Life

Rights: World

A simple yet profound guide to facilitate the instinctively human desire to pray.

We pray because we are human, not because we are religious. Something in our nature points beyond itself; something in us searches for and desires personal connection with God. Although communicating with our Creator through prayer is innate, the effective practice of it often feels just beyond our reach.

This unique book guides you to pray in deeper and more authentic ways. The short prayers and thought-provoking imagery, interspersed with contemplative reflections and suggested practices, will stir, inform, and encourage you. The simplicity of the prayers and the aesthetic appeal of the images will inspire people in every facet of life, including those with no real religious background at all.

**Justin McRoberts** is an author, musician, and retreat leader.

**Scott Erickson** is a touring painter, performance artist, and creative Methodist priest who mixes autobiography, biblical narrative, and aesthetics to create art that speaks to our deepest experiences. He is currently touring his one man performance piece "We are Not Troubled Guests."

How to Deal with the Storms, Shipwrecks, and Snakes in Your Life

SAMUEL RODRIGUEZ

WaterBrook; Hardcover

Christian Life/Spiritual Growth

Rights: World

There is a way to confront problems in life, shake them off, and move on.

Based on the story (see Acts 27-28) of the Apostle Paul's near catastrophic shipwreck, this is a call to individuals to "shake off" problems and disasters in life and move forward to new health and wholeness. To everyone on the ship with the Apostle Paul, it looked like a certain disaster. But as Paul predicted, everyone did survive—even though they made it to safety only by grasping "broken pieces of wood." In his unique way, Rodriguez compellingly explains that "God makes wonderful things in our life come from our broken pieces. Because of Christ in our life, we have the power to shake off fear, rejection, and failure--just like Paul later shook off the viper that should have killed him."

**Samuel Rodriguez** is president of the National Hispanic Christian Leadership Conference (NHCLC)/Conela, an international organization of more than 500,000 evangelical churches.

Hillsong New York pastor helps you identify the different ways that God communicates, and then provides the tools you need to understand what exactly it is that He's saying.

So many people wish that God would audibly weigh in on life's greatest questions of calling, meaning, and purpose. What's crazy is that God *is* weighing in on those questions. We just haven't learned to listen. Nathan Finochio believes that God is constantly communicating with this world he's created. He speaks first and foremost through Scripture, but he also speaks through our experiences and relationships. Through biblical teaching and true life stories, *Hearing God* empowers and enables readers to truly understand what God is saying to them.

SCOT MCKNIGHT  
April 2018  
Rights: World

"McKnight (*The Blue Parakeet*), a New Testament professor at Northern Seminary, makes a powerful case that Christians should refocus on the third person of the Trinity, the Holy Spirit. He contends that there is a lack of emphasis on the role of the spirit in the lives of many Christians...He relates personal experiences, such as his conversion during a high school Bible camp after reading the verse, "And be not drunk with wine, wherein is excess; but be filled with the Spirit." He also tells the stories of his students coming to the power of the Holy Spirit through "pursuit of the Spirit's power to achieve victory." McKnight calls for Christian readers to receive love through immersion in the spirit, and then to live out that love in everyday life in this heavily scriptural call for deeper spiritual connection." — ***Publishers Weekly***

She thought she'd perfected it as Daniel's wife, Belili, living as nobility in King Nebuchadnezzar's court. Now, she is old and feels safe--until her secrets flare like a fiery furnace. One night Daniel is escorted to Belshazzar's palace to interpret mysterious handwriting on a wall. The Persian Army invades, and Daniel returns home with a guest who calls her Mother. In a story that focuses on King Darius' reign, Belili and Daniel recount their past, experiencing both heartache and healing.
