Ever since her twin sister was abducted by a notorious serial killer at age five, Atlee has spent her life hunting down those who hurt others. And she's the best at it. She could be one of the Bureau's top criminal profilers, if she didn't prefer catching criminals in the vast wilderness of the West to climbing the career ladder in the D.C. office. Her chosen mission is a lonesome one—but that suits her just fine. Now, Atlee is called in to investigate the mutilated carcass of a mule found in the Grand Canyon—and hopefully, solve the disappearance of its rider. But this isn't the only recent disappearance. In fact, it may be just the first clue, the key to unraveling a rash of other similar missing persons cases in the canyon....

Then the next killing hits sickeningly close to home. And with the lives of people he cares about suddenly hanging in the balance, Decker begins to realize that the recent string of deaths may be only one small piece of a much larger scheme--with consequences that will reach far beyond Baronville. SYNOPSIS:

Will Robie and Jessica Reel are two of the most lethal people alive. They're the ones the government calls in when the utmost secrecy is required to take out those who plot violence and mass destruction against the United States. And through every mission, one man has always had their backs: their handler, code-named Blue Man. But now, Blue Man is missing. Last seen in rural Colorado, Blue Man had taken a rare vacation to go fly fishing in his hometown when he disappeared off the grid. With no communications since, the team can't help but fear the worst.

Sent to investigate, Robie and Reel arrive in the small town of Grand to discover that it has its own share of problems. A stagnant local economy and a woefully understaffed police force have made this small community a magnet for crime, drugs, and a growing number of militant fringe groups. But lying in wait in Grand is an even more insidious and sweeping threat, one that may shake the very foundations of America. And when Robie and Reel find themselves up against an adversary with superior firepower and a home-court advantage, they'll be lucky if they make it out alive, with or without Blue Man . . .

SYNOPSIS:

Amos Decker witnesses a murder just outside FBI headquarters. A man shoots a woman execution-style on a crowded sidewalk, then turns the gun on himself. Even with Decker's extraordinary powers of observation and deduction, the killing is baffling. Decker and his team can find absolutely no connection between the shooter--a family man with a successful consulting business--and his victim, a schoolteacher. Nor is there a hint of any possible motive for the attack. Enter Harper Brown. An agent of the Defense Intelligence Agency, she orders Decker to back off the case. The murder is part of an open DIA investigation, one so classified that Decker and his team aren't cleared for it. But they learn that the DIA believes solving the murder is now a matter of urgent national security. Critical information may have been leaked to a hostile government--or worse, an international terrorist group--and an attack may be imminent. Decker's never been one to follow the rules, especially with the stakes so high. Forced into an uneasy alliance with Agent Brown, Decker remains laser focused on only one goal: solving the case before it's too late.

THE STARS BELOW—4th title in the Vega Jane series

Contact: Lucy Childs

Publisher: Scholastic

U.S. Release: February 2019

Foreign sales for THE STARS BELOW: United Kingdom—Pan Macmillan

“What happens when an international best-selling crime novelist tries his hand at a youth fantasy? Well, in this case, success.” – Starred *Booklist* Review for THE FINISHER

SYNOPSIS of *THE FINISHER*:

At first glance, there isn't much going on in the village of Wormwood. Like most other Wugmorts (or Wugs), 14-year-old Vega Jane is dirty, hungry, and deprived. Everything changes one morning when she spies her mentor, Quentin Herms, heading into the Quag, the terrifying forest that surrounds Wormwood. There are beasts inside the Quag, and supposedly nothing past it, so why would Herms run? The cryptic note he leaves behind raises more questions, and despite danger from many directions, Vega's a girl who wants answers.

SYNOPSIS of *THE KEEPER*:

Vega Jane was always told there was nothing outside but the Quag, a wilderness filled with danger and death. And she always accepted it, until the night she stumbled across a secret that proved that everything she believed was a lie. In order to discover the truth, Vega Jane and her best friend, Delph, must find a way to make it across a terrifying land of blood-thirsty creatures and sinister magic. But the Quag is a living, breathing prison designed to keep enemies out and the villagers of Wormwood in. With *The Keeper*, the follow-up to the global #1 bestseller and award winner *The Finisher*, master storyteller David Baldacci unleashes a hurricane of action and adrenaline that takes readers to the breaking point.

SYNOPSIS of *THE WIDTH OF THE WORLD*:

Vega Jane has been lied to her whole life, so she breaks away from the only home she's ever known in search of the truth. She battles horrors to fight her way across the Quag with her best friend, Delph, and her mysterious canine, Harry Two. Against all odds, they make it through into a new world that's even worse. Not because deadly beasts roam the cobblestones, but because the people are enslaved but don't even know it. It's up to Vega, Delph, Harry Two and their new comrade, Petra, to take up the fight against a foe that's unrivaled in savagery and cunning. Whether Vega Jane triumphs or fails will determine whether a whole world survives.

SYNOPSIS of *THE STARS BELOW*:

Vega Jane has tried to outrun, outsmart, and outlast her enemy, but the showdown she has dreaded is finally here. Her ragtag crew must take a stand against a fully trained army, knowing the odds are impossible, knowing each of them could die for nothing. But when injustice appears, the only choice is to stand and fight. Master storyteller David Baldacci sounds the drums of war in the jaw-dropping conclusion to the #1 international bestselling Vega Jane fantasy series.

Coming 2019
New Elvis Cole and Joe Pike novel!

Publisher: Putnam

U.S. Release: 2019

SYNOPSIS:

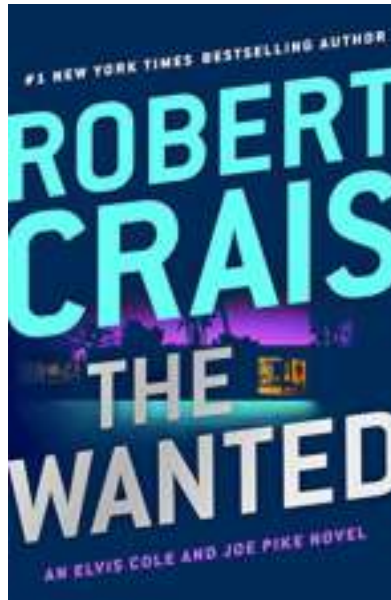

Joe Pike didn't expect to rescue a woman that day. So when Isabel Roland, the lonely young teller at his bank, steps out of work on her way to lunch, Joe Pike is on hand when two men abduct her. Joe Pike is no ordinary bystander. He chases them down, saves her, and the two men are arrested. But the kidnapers don't remain in custody for long. Izzy claims the men are unknown to her, but they claim otherwise. When they make bail a few days later, both are found murdered, and the police suspect Pike and Isabel had a hand in it, especially when Izzy disappears again. Pike fears the worst. Are the murders connected to her disappearance, or has Isabel fled to escape, and why had the two men kidnapped her? Convinced that Isabel has been abducted again, Pike calls on his friend, Elvis Cole, to help learn the truth. Elvis soon finds himself in their crosshairs as he learns Izzy Roland's life is a web of lies: Isabel's mother was once a key witness in a multinational counterfeit pharmaceuticals case, and her parents had been relocated from Texas to Los Angeles in the witness protection program. Their names were changed, their true identities were disguised, and Izzy, only an infant at the time, never knew the truth, and still doesn't! As Elvis and Joe zero in on the mystery, the Feds close in fast and it's up to Joe and Elvis to save Izzy at all costs.

In Robert Crais' inimitable style, he's created another brilliant "noir" mystery set in Los Angeles with his bestselling characters, Elvis Cole and Joe Pike.

Riordan's fellow expatriate Lisette Moreno serves the region in a different way, as a doctor who makes "house calls" to impoverished settlements, advocating modern medicine to a traditional society wary of outsiders. To gain acceptance, she must keep secret her rocky love affair with artist Pamela Childress, whose troubled emotions lead Moreno to question their relationship. Together, Lisette and Riordan tend to their community. But when Riordan oversteps the bounds of his position, his personal crisis echoes the impossible choices facing a Mexican nation beset by instability and bloodshed.

SYNOPSIS:

Helping a fellow veteran accused of murder, Van Shaw is drawn into a dangerous labyrinth involving smuggled opioids, ruthless mercenaries, and deadly family secrets that will challenge his notions of brotherhood, and justice in this riveting thriller from Glen Erik Hamilton.

When his friend Leo Pak is arrested for murder, Van Shaw journeys to a remote Oregon county to help his fellow soldier. The troubled vet had come to the small town of Broken Ridge for a reunion of hundreds of former and active Rangers—a raucous event that dominates the town for one weekend each year. The reunion is more than just a party; it’s the central celebration of a growing support network called the Rally, founded and led by a highly decorated Special Operations general. Van quickly discovers there’s more going on in Broken Ridge than just a bunch of Army hard cases blowing off steam. The murder victim was the front man for a team of private military contractors hired to recover stolen heroin-grade opiates. The missing drugs are just the latest score in a series of daring heists targeting armored cars around the nation. The mercenaries could help clear Leo’s name, but only if Van agrees to use his skills and criminal contacts to find the robbers. Van’s search will stir up old grudges and dark secrets beneath the surface of this placid small town, pit his criminal instincts against his loyalties to his brothers in arms, and force him to question his own belief in putting justice above the letter of the law.
