PRETTY BABY: *A Memoir*

A queer teen rebel escapes small-town Appalachia and becomes Los Angeles's Renowned Lesbian Dominatrix in this searing and darkly funny memoir that upends our understanding of sexuality, class, and power.

From an early age, Belcher appeared destined for a life of conventional femininity. At all of eight months old, she took first place in an infant beauty contest, a minor glory that tends to follow you around a working-class town of 1,600 people in rural Appalachia. As a high school freshman, she goes along with what's expected of her: joining the cheerleaders and winning over the boys. But admiration is fleeting, double standards are enraging, and Belcher is restless for a chance to act on her own desires. When she falls in love with another girl and shares the secret of her queerness, the conservative community that had once celebrated its prettiest baby swiftly turns on her.

A decade later and two thousand miles away, living in Los Angeles and trying to stay afloat in the early years of a PhD program, Belcher plunges into the work of a pro-domme. Branding herself as LA's Renowned Lesbian Dominatrix, she specializes in male clients who want a woman to make them feel worthless, shameful, and weak—all the abuse regularly heaped upon women for free. Belcher is paid to be the keeper of the fantasies that they can't enact in their everyday relationships. But moonlighting as a sex worker also carries risks, like the not-so-submissive who tries to turn the tables and the jealous client who seeks revenge through blackmail. Belcher refuses to feel shame about the work she does, but fear that her doctorate program won't approve—even in the field of gender and sexuality studies—burdens her with a double life. *Pretty Baby* is her second coming out.

As Lisa Taddeo's *New York Times* bestseller *THREE WOMEN* gave us a revelatory look inside female desire, this sharp and discerning memoir dissects male desire—its harm, its greed, and its secrets—and examines how queerness could hold the answers to subverting it.

“Count me among Chris Belcher's forever fans. *Pretty Baby* is a taut and intelligent story of defining one's selfhood and relationship ideals while toggling between the seemingly disparate worlds of sex work and academia.” —**Melissa Febos, author of *Whip Smart* and *Body Work***

“Chris Belcher's *Pretty Baby* reminds me why I fell in love with memoirs in the first place.”
—**Saeed Jones, author of *How We Fight for Our Lives***

“*Pretty Baby* is an unflinching, layered exploration of sexuality, queerness, and power that isn't afraid of gray areas or contradictions” —**Lilly Dancyger, author of *Negative Space***

HAVING AND BEING HAD

A timely and arresting new look at affluence by a consistently surprising writer

“My adult life can be divided into two distinct parts,” Eula Biss writes, “the time before I owned a washing machine and the time after.” Having just purchased her first home, she now embarks on a roguish and risky self-audit of the value system she has bought into. The result is a radical interrogation of work, leisure, and capitalism. Described by *The New York Times* as a writer who “advances from all sides, like a chess player,” Biss brings her approach to the lived experience of capitalism. Playfully ranging from IKEA to Beyoncé to Pokémon, across bars and laundromats and universities, she asks, of both herself and her class, “In what have we invested?”

A NEW YORK TIMES EDITORS' CHOICE

NAMED A BEST BOOK OF THE YEAR BY TIME, NPR, INSTYLE, AND GOOD HOUSEKEEPING

“A sensational book . . . Keenly aware of her privilege as a white, well-educated woman who has benefited from a wide network of family and friends, Biss has written a book that is, in effect, the opposite of capitalism in its willingness to acknowledge that everything she’s accomplished rests on the labor of others.” —*Associated Press*

“Incisive, impressive and often poetic . . . [Biss] turns what is essentially a chronicle of white guilt and anxious privilege into a thoughtful and nuanced meditation on the compromises inherent in having a comfortable life.” —*The Wall Street Journal*

“[Biss explores] the candid ways we reveal our own biases around money, class, wealth, property & work. . . . *Having and Being Had* is a reminder that even discussing our contemporary chaos is an act of awakening & a call to action.” —*Los Angeles Times*

“A major achievement.”—Claudia Rankine, author of *Citizen*

“A timely and arresting new look at affluence by the *New York Times* bestselling author, one of the leading lights of the modern American essay.” —*Financial Times*

LONG DAYS, SHORT YEARS

A cultural history of modern parenting, investigating the emergence of an immersive, all-in approach to raising children—from Dr. Spock and June Cleaver to baby whispering and free-range kids.

Drawing on parenting books, blogs, and historical accounts of parental duties as well as novels, films, podcasts, television shows, and his own experiences as a parent, Bomback charts the cultural history of parenting as a skill to be mastered, from the laid-back Dr. Spock’s 1950s childcare bible—in some years outsold only by the actual Bible—to the more rigid training schedules of *Babywise*. Along the way, he considers the high costs of commercialized parenting, the pressure on mothers to have it all (and do it all), scripted parenting as laid out in *How to Talk So Kids Will Listen*, parenting during a pandemic, and much more.

Praise for *Doctor*:

“This little gem should be required reading included in all medical schools as a reference for lessons in empathy for first- and last-year medical students, and for anyone who watches and is wary of the changes that are taking place in healthcare. Five stars.” – *Manhattan Book Review*

“Sweetly composed ... As much a tribute to the legacy of his pediatrician father as it is an examination of the healing arts ... Bomback covers a lot of territory in this small volume ... It's a quick and understandable read that offers doorways to many other avenues worthy of deeper exploration.” – *PopMatters*

“With intelligence and humor, Andrew Bomback shows how human beings cope with issues of power and vulnerability. *Doctor* is an insightful read for anyone who's been on either end of the stethoscope.” – *Amy Fusselman, author of Idiophone and The Pharmacist's Mate*

“A disarming, candid, precise meditation on the inescapable role that 'complication' or 'luck'-otherwise known as 'fate'-plays in the life of any doctor or patient or, indeed, any human.” – *David Shields, author of The Thing About Life Is That One Day You'll Be Dead*

SURVIVING AN EATING DISORDER *Strategies for Family and Friends (4th edition)*

With its combination of information, insight, and practical strategies, SURVIVING AN EATING DISORDER allows family and friends, in the best ways possible, to set the stage for recovery now.

SURVIVING AN EATING DISORDER became an instant success when it was first published in 1988. It was among the first books to alert the public to the serious dangers of a silent but widespread disease, offering effective solutions and support for the “silent sufferers”—the friends and family affected by a loved one’s eating disorder. Now, in its fourth edition, years after its first publication, the book continues to generate continued and ongoing interest from readers, and has sold **over 88,000 copies** across all editions in the United States.

Unlike many other treatment manuals, SURVIVING AN EATING DISORDER uses a psychological perspective to understand eating disorders and consider why change can be so hard for everyone involved. The factors that can hinder progress are discussed and the methods that can work are emphasized. Illustrated with case examples, this fourth edition offers an overview of eating disorders, their characteristics of anorexia, bulimia, and binge-eating disorder, explains the latest treatments, and provides the necessary tools to carefully evaluate what can be most effective for each reader’s individual care. The authors offer concrete advice and support, urging readers to care for both themselves and their relationships as they support their loved ones struggling with food and eating issues.

“Clear, wise, and eminently useful advice. This book offers solid and specific guidelines for understanding and change.”—Harriet Lerner, PhD, author of *The Dance of Anger*

“Well-organized and extensive . . . reasonable and practical suggestions provide numerous insights into helpful changes which can be tried by parents, spouses, friends, and even the identified patient.”—Vivian Meehan, former president, National Association of Anorexia Nervosa and Associated Disorders

“With clarity and compassion, *Surviving an Eating Disorder* provides much-needed advice for anyone with a loved one who’s struggling with food and weight. I highly recommend it.”
—Ricki Lake

“The best answers to the hardest questions about eating disorders are found in this great book.”
—Kristen Haglund, Miss America 2008

THE LONGING FOR LESS: *Living with Minimalism*

“More than just a story of an abiding cultural preoccupation, *THE LONGING FOR LESS* peels back the commodified husk of minimalism to reveal something surprising and thoroughly alive.”
— Jenny Odell, author of *How to Do Nothing*

“Less is more”: Everywhere we hear the mantra. Marie Kondo and other decluttering gurus promise that shedding our stuff will solve our problems. We commit to cleanse diets and strive for inbox zero. Amid the frantic pace and distraction of everyday life, we covet silence-and airy, Instagrammable spaces in which to enjoy it. The popular term for this brand of upscale austerity, “minimalism,” has mostly come to stand for things to buy and consume. But minimalism has richer, deeper, and altogether more valuable gifts to offer.

Kyle Chayka is one of our sharpest cultural observers. After spending years covering minimalist trends for leading publications, he now delves beneath this lifestyle's glossy surface, seeking better ways to claim the time and space we crave. He shows that our longing for less goes back further than we realize. His search leads him to the philosophical and spiritual origins of minimalism, and to the stories of artists such as Agnes Martin and Donald Judd; composers such as John Cage and Julius Eastman; architects and designers; visionaries and misfits. As Chayka looks anew at their extraordinary lives and explores the places where they worked—from Manhattan lofts to the Texas high desert and the back alleys of Kyoto—he reminds us that what we most require is presence, not absence. The result is an elegant new synthesis of our minimalist desires and our profound emotional needs.

A NEW YORK TIMES BOOK REVIEW EDITOR'S CHOICE

“Delving into art, architecture, music and philosophy, [Chayka] wants to learn why the idea of ‘less is more’ keeps resurfacing . . . For Chayka, Kondo’s method clearly doesn’t spark joy. More generative for him are the examples of artists who became known as Minimalists even as they disavowed the term. Experiencing their work sharpens his senses; in place of the dull hum of overstimulation, Chayka gains a heightened existential awareness . . . The minimalism that Chayka seeks encourages not an escape from the world but a deeper engagement with it.”
—Jennifer Szalai, *The New York Times*

“The Longing for Less arrives not as an addition to the minimalist canon but as a corrective to it . . . Underneath the vision of ‘less’ as an optimized life style lies the path to something stranger and more profound: a mode of living that strips away protective barriers and heightens the miracle of human presence”
—Jia Tolentino, *The New Yorker*

FILTERWORLD: How Algorithms Flattened Culture

You've seen the smooth, uncanny artifacts: a blank, white café that looks like it could be located anywhere in the world; TikTok dance videos repeating in a dull echo; restaurant design and food plating which begs to be posted on Instagram; endlessly bingeable streaming television; influencers' faces made up and surgically altered towards a certain photogenic ideal. While appearing in different mediums, these pieces of culture are characterized by a slick sameness. Rather than provoking us, they're pleasing, ambient, frictionless.

In this new book, Kyle Chayka argues that these seemingly disparate cultural phenomena all have been shaped by a similar force: the algorithms governing and filtering the content that appears on digital platforms. We increasingly live in a world where the culture we encounter is not simply curated by these algorithms, but in which algorithms profoundly determine and shape culture itself in both digital and physical spaces. Chayka names this new reality, of a world both inescapably mediated and changed by algorithmic filtration, "Filterworld".

In *FILTERWORLD*, Chayka traces a brief history of how we arrived in this place—from the rise of the algorithm through the corresponding erosion of human curation and taste—before launching into a penetrating exploration of the flat hallmarks of Filterworld byproducts and the way that algorithmically determined taste is fundamentally reshaping human identity. Ultimately a pointed critique of the frictionless culture of Filterworld, the book turns towards what we might do to escape and dismantle this numbing cycle.

Building on the popular criticism Kyle Chayka has published for both *The New Yorker online* and elsewhere, *FILTERWORLD* is the product of a career spent as one of our keenest observers of the intersection of technology and modern culture. While much has been written about the way that algorithms impact everything from news to policy, there has been no major book published on the impact of algorithms on culture. *FILTERWORLD* will appeal strongly to readers of Jia Tolentino's *TRICK MIRROR* and Jenny Odell's *HOW TO DO NOTHING*: a book that not only seeks to give language to the slippery ways that technology is reshaping our lived experience, but also gives readers tools to imagine a world in which things could be otherwise.

MUTINOUS WOMEN: *How French Convicts Became Founding Mothers of the Gulf Coast*

The secret history of the rebellious Frenchwomen who were exiled to colonial Louisiana and found power in the Mississippi Valley

In 1719, a ship named *La Mutine* (the mutinous woman), sailed from the French port of Le Havre, bound for the Mississippi. It was loaded with urgently needed goods for the fledgling French colony, but its principal commodity was a new kind of export: women.

Falsely accused of sex crimes, these women were prisoners, shackled in the ship's hold. Of the 132 women who were sent this way, only 62 survived. But these women carved out a place for themselves in the colonies that would have been impossible in France, making advantageous marriages and accumulating property. Many were instrumental in the building of New Orleans and in settling Louisiana, Alabama, Arkansas, Illinois, and Mississippi.

Drawing on an impressive range of sources to restore the voices of these women to the historical record, *Mutinous Women* introduces us to the Gulf South's Founding Mothers.

“[W]ell-written, often gripping prose....Readers will come away fascinated and inspired by this relatively unknown tale of strength and the human spirit.” —★*Kirkus Reviews* (Starred Review)

“DeJean skillfully reads between the lines of the existing police and prison documentation to bring context and nuance to these women’s stories.... This scrupulous account restores a group of remarkable women to their rightful place in French and American history.”
—*Publishers Weekly*

“Exploitation and dishonesty fueled the settling of the Gulf Coast, and so doing rendered these women voiceless for generations. With rich writing, author and University of Pennsylvania professor DeJean gives the women who settled Louisiana, and their lost stories, a long-overdue historical reckoning.” —*Booklist*

“A fascinating book for history lovers, not just academics.” —*Library Journal*

THE GRIEF CURE: *The High-Stakes Business of Making Tragedy Disappear*

When we actually talk about it, it's mostly behind closed doors: in therapist's offices, in support groups, or with close friends and family, if they're willing to listen. There are few human experiences as hugely universal, and yet as intensely private, as grief. A wave of public sympathy is offered when tragedy occurs, but then we're expected to work through our feelings on our own, with the goal of returning to normal life as soon as possible.

This was writer and critic Cody Delistraty's expectation after his mother died of cancer. Except he found himself struggling with how little of a roadmap there was for his grief—or the way that it derailed his life, defying commonly-held notions of what normal mourning might look and feel like. He began to ask himself: was it possible that he was grieving wrong? Did other people actually feel like this? That dissonance sparked the beginning of an obsession: to understand how we handle tragedy and grief today, and how his own feelings measured up.

What he found, through both reporting and academic study, is that our modern conception of grief is different than it's been through much of history. Since about the Second World War, Americans have largely believed they should grieve alone and get over it. This attitude is relatively new—historically, grief has had a commonly accepted place in public life—but our highly individual, productivity-obsessed culture has transformed grief into a solitary experience, and one we think of as a form of virtuous work.

THE GRIEF CURE takes the reader through our contemporary understanding of grieving—and how so many of our foundational notions, like the five stages of grief, deeply miss the mark. The book then moves through the big business that has emerged to capitalize on this private and commodified form of mourning: the Silicon Valley companies developing a technological cure to grief, grifters selling quick solutions, the consultants treating tragedy as a productivity drag. Drawing deeply on a cultural and social history of grief and tragedy, as well as those on the forefront of developing new communal approaches to mourning, the book finally looks towards what more functional responses to grief might look like moving forward.

LANDINGS: A Crooked Creek Farm Year

A hybrid memoir / art book, with an introduction by New York Times Bestselling author Barbara Kingsolver.

In 130 ink-and-watercolor drawings, the story of one year on a family farm in Kentucky unfolds in captured moments of daily life: Donahue’s husband chopping wood, a cow sniffing her head, her daughter tending to goats after a hard day at school. Each visual is paired with a written reflection on the day’s doings, interwoven with the longer-arc history of her family, the farm, and their community.

In telling the story of a farm family’s struggle to survive and thrive, *Landings* grapples with the legacy of our cultural divide between art and land, and celebrates the beauty discovered along the way.

“The world needs books like *Landings* to record ‘the joy, delight and awe of our creaturely lives on earth.’ To reveal daily labors like these from the inside out, and explain how Efficiency, the god that rules so much of modern life, can be a soul-killing taskmaster.”

—**Barbara Kingsolver, from the introduction**

“A distinguished book that puts [Donahue] into the company of Aldo Leopold, Harlan Hubbard, and David Kline. Anybody who passes attentively through its pages will love it.”

—**From Wendell Berry’s Letter to the Author**

NEVER ENOUGH: *The Neuroscience and Experience of Addiction*

****A *New York Times* Bestseller****

From a renowned behavioral neuroscientist and recovering addict, a rare page-turning work of science that draws on personal insights to reveal how drugs work, the dangerous hold they can take on the brain, and the surprising way to combat today's epidemic of addiction.

Judith Grisel was a daily drug user and school dropout when she began to consider that her addiction might have a cure, one that she herself could discover by studying the brain. Now, in NEVER ENOUGH, after twenty-five years as a neuroscientist, she shares what she and other scientists have learned about addiction: how all drugs act on the brain, the different kinds of effects different drugs generate, and the specific reasons why many are so hard to kick. Grisel reveals what is different about the brains of addicts even before they first pick up a drink or drug, highlights the changes that take place in the brain and behavior as a result of chronic using, and shares the surprising hidden gifts that addiction can expose.

With more than one in every five people over the age of fourteen addicted, drug abuse has been called the most formidable health problem worldwide. Urgent, revelatory, and set apart by its personal insights and captivating storytelling, NEVER ENOUGH will inform a more coherent and compassionate response to the epidemic in our homes and communities.

Praise for NEVER ENOUGH:

“Grisel’s account of her wayward early 20s, chasing one high after another, is harrowing . . . She writes clearly and unsparingly about both her experiences and the science of addiction—tobacco and caffeine figure in, as well—making plain that there is still much that remains unknown or mysterious about the brain’s workings. . . . Illuminating reading for those seeking to understand the whos, hows, and wherefores of getting hooked.”—**Kirkus Reviews**

The science behind addiction comes alive in its sorrow and grandeur. When you pick up this book get ready for an intense ride.” —**Paul H. Earley, M.D., DFASAM; President-elect, American Society of Addiction Medicine**

MOTHER OF US ALL: *The Life and Writing of Muriel Rukeyser*

****Sold in a six-figure deal, following a 7-bidder auction****

Muriel Rukeyser (1913-1980), is primarily recognized as a poet, and is especially famous for her anti-fascist modernist poetry of the 1930's and then again as a "mother" of the 1970's second wave feminist movement. Beginning her career as a darling of the 1930's literary scene after winning the Yale series of Younger Poets prize for her first book of poetry, *THEORY OF FLIGHT* (1935), Rukeyser went on to publish work across several genres, while living her life as expansively as she wrote. An engaged left-wing artist, she was a literary witness to the Spanish Civil War, the rise of fascism, the civil rights movement, McCarthyism, a voice of resistance to racial and economic injustice, and a queer single mother at a time when those things were fraught at best. Rukeyser's interests traveled as much as she did, and she moved regularly between the artistic and political communities of New York, Hollywood and the Bay Area—she went to the ballet with H.D. in London, partied with Charlie Chaplin in LA, smoked weed with Billie Holiday in Harlem, had an affair with Zora Neale Hurston, collaborated with modernist photographer Berenice Abbott, and was a mentor to Audre Lorde, Adrienne Rich and Alice Walker.

Writing decades before the second wave women's movement, Rukeyser is one of our first great theorists and chroniclers of motherhood, sex, and childbirth, and by extension of the personal life of politics. But while her work has gone on to inspire writers as wide ranging as Anne Sexton to Maggie Nelson, Rukeyser was dismissed and denigrated in her own time, both for her formal experiments and her refusal to be limited by gender norms. In this first biography of Rukeyser, Rowena Kennedy-Epstein will situate Rukeyser in the times and places she was responding to, to offer readers a fuller understanding of how women who refused to conform to the orthodoxies of their times negotiated their lives as artists, activists and mothers, while demonstrating the value of Rukeyser as a thinker and writer.

ANIMALS' BEST FRIENDS

As people come to understand more about animals' inner lives—the intricacies of their thoughts and the emotions that are expressed every day by whales and cows, octopus and mice, even bees—we feel a growing compassion, a desire to better their lives. But how do we translate this compassion into helping other creatures, both those that are and are not our pets? Bringing together the latest science with heartfelt storytelling, *Animals' Best Friends* reveals the opportunities we have in everyday life to help animals in our homes, in the wild, in zoos, and in science labs, as well as those considered to be food.

Barbara J. King, an expert on animal cognition and emotion, guides us on a journey both animal and deeply human. We meet cows living relaxed lives in an animal sanctuary—and cows with plastic portals in their sides at a university research station. We observe bison free-roaming at Yellowstone National Park and chimpanzees confined to zoos. We learn with King how to negotiate vegetarian preferences in omnivore restaurants. We experience the touch of a giant Pacific octopus tasting King's skin with one of his long, neuron-rich arms. We reflect on animal testing as King shares her own experience as the survivor of a particularly nasty cancer. And in a moment all too familiar to many of us, we recover from a close encounter with two spiders in the home.

Throughout this journey, King makes no claims of personal perfection. Though an animal expert, she is just like the rest of us: on a journey still, learning each day how to be better, and do better, for animals. But as *Animals' Best Friends* makes clear, challenging choices can bring deep rewards. By turning compassion into action on behalf of animals, we not only improve animals' lives—we also immeasurably enrich our own.

Praise for ANIMALS' BEST FRIENDS:

IOSI: The Spy Who United Us

Now an Amazon Prime series premiering at the **Berlinale 2022**, **IOSI** tells an incredible true story of domestic terrorism, spies, and a cover-up of the bloodiest anti-Semitic attacks in the history of Argentina.

Told in three alternating first-person narratives, **IOSI** is the story of two journalists tracking a spy named Iosi—a young intelligence agent whose infiltration of the Jewish community in Argentina paved the way for the terrorist attacks on the Israeli embassy in Argentina and the building of the Israelite Argentine Mutual Association, which killed 85 people in 1994.

Haunted by the ghosts of the dead, Iosi cannot ignore the fact that his efforts to spy on this fellow citizens yielded information that would be instrumental to the bombings. Wracked by guilt, Iosi turns against his superiors, and joins forces with journalists Miriam Lewin and Horacio Lutzky to uncover the full extent of the government's involvement in the murders.

Recounting their efforts over more than a dozen years, Iosi, Lewin, and Lutzky tell of their harrowing journey, marked by corrupt judges, an official state coverup, and the murder of the prosecutor to whom Iosi hoped to testify. In a startling epilogue, Iosi is vindicated when in 2021, the Inter-American Commission on Human Rights confirmed Argentina's knowledge of the attack, their failure to prevent it, and the existence of "deliberate coverup."

MIRACLE WATERS: *Perfume and the Chemistry of Life*

Plunging readers into the fascinating, pungent world of late eighteenth- and early nineteenth-century fragrance making in Paris, as well as the tensions and rivalries of the era's rapidly advancing study of chemistry, **MIRACLE WATERS** is a lively and accessible work of scientific history for readers of **THE INVENTION OF NATURE** and **THE BUTCHERING ART**.

MIRACLE WATERS follows Edouard Laugier and Auguste Laurent, the son of a perfumer and a fellow aspiring chemist, who met on the Left Bank in Bohemian Paris. Spurned by the scientific establishment of the time, the pair found themselves working out of Laugier's family-owned perfume shop, *Laugier père et fils*, which specialized in revitalizing elixirs and rejuvenating eaux. Drawing on the ancient discipline of alchemy and using the ingredients and instruments of perfume, the two young chemists made groundbreaking discoveries about the chemistry of living matter.

Laugier and Laurent's breakthrough work in the field would play a major role in the development of synthetic chemicals, the rise of which has shaped our modern world. Yet their findings would also reveal crucial—and to this date not fully understood—differences between living and synthetic substances. Scandalous and infuriating to the scientific establishment at the time, their insights uncovered mysteries that scientists still consider key to understanding the nature of life.

Praise for THERESA LEVITT:

“[F]ascinating book...Levitt's writing captures the mix of scientific rigor and cultural shifts in a way that mirrors the sea voyages of the day—a journey fraught with uncertainty, but in the end, guided to success by Fresnel's lighthouse lenses.”

LATER: *MY LIFE AT THE EDGE OF THE WORLD*

“[A] coastal elegy . . . ravishing in its precision and restraint. . . .”—*Harper’s*

When Paul Lisicky arrived in Provincetown in the early 1990s, he was leaving behind a history of family trauma to live in a place outside of time, known for its values of inclusion, acceptance, and art. In this idyllic haven, Lisicky searches for love and connection and comes into his own as he finds a sense of belonging. At the same time, the center of this community is consumed by the AIDS crisis, and the very structure of town life is being rewired out of necessity: What might this utopia look like during a time of dystopia?

Later dramatizes a spectacular yet ravaged place and a unique era when more fully becoming one’s self collided with the realization that ongoingness couldn’t be taken for granted, and staying alive from moment to moment exacted absolute attention. Following the success of his acclaimed memoir, *The Narrow Door*, Lisicky fearlessly explores the body, queerness, love, illness, community, and belonging in this masterful, ingenious new book.

Praise for LATER:

“[A] coastal elegy . . . ravishing in its precision and restraint. . . . What’s affecting here is Lisicky’s preservation of a multitude of subtle, ambivalent feelings, of small kindnesses and cruelties. Nothing is simplified in a bid for universal resonance, and the text is richer for that.” —*Harper’s*

“This memoir is much like [Lisicky’s] Provincetown, exulting in tenderness and lust, lit with flashes of poignant spectacle, even the majestic—the way a drag queen at night can become, in sequins under a spotlight, full of the fire and beauty we associate with goddesses, before descending back to the realm of the human.” —*The Los Angeles Times*

“With searing, sexy candor and heartrending tenderness, Paul Lisicky chronicles the grace of finding, after a youth of displacement, a haven where he wholeheartedly belongs; and chronicles too the grief of seeing that haven devastated by AIDS.” —*Garth Greenwell*

PAUL LISICKY is the author of five books, including *THE NARROW DOOR* and *FAMOUS BUILDER*. A graduate of the Iowa Writers' Workshop, his awards include fellowships from the Guggenheim Foundation, the National Endowment for the Arts, the James Michener/Copernicus Society, and the Fine Arts Work Center in Provincetown, among others. THE SKY IN IT

From the author of *THE NARROW DOOR* and *LATER*, Paul Lisicky's *THE SKY IN IT* will be a look back at the life of a writer forged by the distinctive and radical artistry of Joni Mitchell. It will be a book about creativity, about Lisicky's beginnings as a songwriter, studying music as a kid, publishing and recording music his late teens, before bringing that energy to writing. At the same time it will be a book about building and revising a self over time. Does Joni Mitchell offer lessons in survival? *THE SKY IN IT* makes a case for that by thinking about Lisicky's own doubts and beliefs up against Mitchell's, especially as dramatized in her individual songs.

Praise for *THE NARROW DOOR*:

"The most moving account of love among artists I've ever read. *The Narrow Door* is astonishing."

"Paul Lisicky always has the capacity to break your heart for he has the diviner's gift for finding the wellsprings of the quietest sorrows." —**Joy Williams**

"Mr. Lisicky has a gift for understanding suffering, an added bundle of receptors for detecting loneliness."—***The New York Times***

"Paul Lisicky's *The Narrow Door* circumnavigates the often inscrutable forces that bring us in and out of each other's lives and hearts, while paying welcome homage to the oft-unsung role of friendship in them. While Lisicky bears witness to "the hell of wanting [that] has no cure," his ship always feels buoyant, by virtue of a narrator whose attentiveness to feelings both big and small is marked throughout by honesty and devotion."—**Maggie Nelson, author of *The Argonauts***

COST OF LIVING: *ESSAYS*

GIRL, INTERRUPTED meets **THE EMPATHY EXAMS** in a memoir chronicling one woman's experiences as both patient and caregiver, giving a unique perspective from both sides of the hospital bed.

What does it cost to live? When we fall ill, our lives are itemized on a spreadsheet. A thousand dollars for a broken leg, a few hundred for a nasty cut while cooking dinner. Then there are the greater costs for even greater misfortunes. The car accidents, breast cancers, blood diseases, and dark depressions.

When Emily Maloney was nineteen, she tried to kill herself—an act that would not only cost a great deal personally but also financially, sending her down a dark spiral of misdiagnoses, years spent in and out of hospitals and doctor's offices, and tens of thousands owed in medical debt. To work to pay off this crippling burden, Emily became an emergency room technician, doing the grunt work in a hospital, taking care of patients at their most vulnerable moments, and chronicling these interactions in searingly beautiful, surprising ways.

Shocking and often slyly humorous, **COST OF LIVING** is a brilliant examination of what exactly our troubled healthcare system asks us to pay, as well as a look at what goes on behind the scenes at our hospitals and in the minds of caregivers.

Praise for **COST OF LIVING**:

“Maloney’s essays read as if they were begun in low light, with little sense of where they were going or how far. They start with a question and work things out on the page. . They notice everything and have nothing to prove. They don’t prematurely grasp at an ending. **These qualities combine to elevate this collection far above the usual first-person essayistic fare. Her broad authority and the quality of the prose — astute, compassionate and lethally funny — are what make these essays remarkable.** Maloney is an exceptionally alert writer on whom nothing is lost, who sees everything with excruciating clarity, including the unassailable fact that in this country, there is currently no tidy passage through the interconnected quagmires of illness, money and care.”

—Sarah Manguso, *The New York Times Book Review*

“Maloney is masterful at beginning in a place of skepticism and ending with empathy, all while weaving in her own fascinating story. Readers will be eager to see where she goes next.”

A COLLECTIVE BARGAIN

Unions, Organizing, and the Fight for Democracy

From longtime labor organizer Jane McAlevey, a vital call-to-arms in favor of unions, the only force capable of defending our democracy

In A COLLECTIVE BARGAIN, longtime labor, environmental, and political organizer Jane McAlevey makes the case that unions are the only institution capable of fighting back against today’s super-rich corporate class. Since the 1930s, when unions briefly flourished under New Deal protections, corporations have waged a stealthy and ruthless war against the labor movement. Today, McAlevey argues, it’s time for unions to make a comeback. Want to reverse the nation’s mounting wealth gap? Put an end to sexual harassment in the workplace? End racial disparities on the job? Negotiate climate justice? Bring back unions.

Alongside McAlevey, we travel from Pennsylvania hospitals, where we’re thrust into a herculean fight in which nurses are building a new kind of patient-centered unionism; to Silicon Valley, where tech workers, fed up with the illusory promise of a better world, have turned to old-fashioned collective action; and inside the most promising anti-austerity rebellion in years, the one being waged by America’s teachers.

A rousing and electrifying manifesto, A COLLECTIVE BARGAIN shows us why we must strengthen and defend the only force capable of fighting back against social injustice and the alarming right-wing shift in our politics: a strong, democratic union movement.

Praise for A COLLECTIVE BARGAIN:

“A COLLECTIVE BARGAIN, like the rest of McAlevey’s work, is indispensable.”

“A battle cry for union rights in a time hostile to labor organizations.” —*Kirkus*

BARRED: Why the Innocent Can't Get Out of Prison

A groundbreaking exposé of how our legal system makes it nearly impossible to overturn wrongful convictions

Thousands of innocent people are behind bars in the United States. But proving their innocence and winning their release is nearly impossible.

In *Barred*, legal scholar Daniel S. Medwed argues that our justice system's stringent procedural rules are largely to blame for the ongoing punishment of the innocent. Those rules guarantee criminal defendants just one opportunity to appeal their convictions directly to a higher court. Afterward, the wrongfully convicted can pursue only a few narrow remedies. Even when there is strong evidence of a miscarriage of justice, rigid guidelines, bias, and deference toward lower courts all too often prevent exoneration.

Offering clear explanations of legal procedures alongside heart-wrenching stories of their devastating impact, *Barred* exposes how the system is stacked against the innocent and makes a powerful call for change.

Praise for BARRED:

“By blending tales of real-life wrongful convictions with straightforward explanations of legal procedures, Daniel Medwed’s *Barred* demystifies the mysterious path for the innocent after trial. Medwed’s clear and engaging writing style makes the topic accessible to anyone interested in the hazards of our criminal justice system. A must-read!”

GOODBYE, EASTERN EUROPE: *An Intimate History of a Divided Place*

“Eastern Europe is disappearing. Not the physical place, but the idea. Whatever held the region together in the mind’s eye — a shared experience of occupation and exclusion, the permanent-seeming weight of economic backwardness, treasured memories of defeat — is gone, or at least not as present as it had been.” –J.M.

In the wake of the Soviet Union’s collapse, the bonds that held all the various nations of Eastern Europe together as Soviet satellites have dissolved, calling into question what exactly connects them, and whether there was ever any such place to begin with. But, Mikanowski argues, there really was something more to Eastern Europe than shared political subjection. In *GOODBYE, EASTERN EUROPE*, he takes readers on a journey through the former Soviet states to expose this complicated and complex history and introduce readers to the particular characteristics of the place.

From the Baltics to the Balkans, from Prague to Kiev, Jacob homes in on the vivid, tragicomic particulars of daily life, to weave together an unparalleled work of history and memory. Part history, part travelogue, part reading of the disparate canon of Eastern European literature, *GOODBYE, EASTERN EUROPE* will be a work in the tradition of Ian Frazier’s *Travels in Siberia*, or Simon Winder’s *Germania* or *Danubia*—an anatomy of a region as refracted through its literature, and a fascinating exploration of an incredibly diverse, complex, and surprising terrain.

GOD, HUMAN, ANIMAL, MACHINE

****A Current Finalist for the 2022 LA TIMES Book Award****

From the author of the critically-acclaimed *Interior States*, a strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence.

Meghan O'Gieblyn deftly weaves anecdotes from her life as a formerly religious believer with a sharp analysis of the rapid rise of technology, its impact on our understanding of identity, and the claims for transhumanism that bear a striking resemblance to Christian prophecies of resurrection and immortality.

For most of human history the world was a magical and enchanted place ruled by forces beyond our understanding. The rise of science and Descartes's division of mind from world made materialism our ruling paradigm, in the process asking whether our own consciousness--i.e., souls--might be illusions. Now the inexorable rise of technology, with artificial intelligences that surpass our comprehension and control, and the spread of digital metaphors for self-understanding, the core questions of existence--identity, knowledge, the very nature and purpose of life itself--urgently require rethinking.

Meghan O'Gieblyn tackles this challenge with philosophical rigor, intellectual reach, essayistic verve, refreshing originality, and an ironic sense of contradiction. She draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith, and she serves as the best possible guide to navigating the territory we are all entering.

SAVING TIME

Time often makes us anxious: we don't have enough time, we're spending our time wrong, we're wasting time. These fears are all shaped by the idea of time as a finite commodity—a commodity with a value in both productivity and money. Living in this type of time means that, even in our increasingly scant non-work hours, it's nearly impossible to experience any time as actually free.

In *SAVING TIME*, Jenny Odell shows how this anxiety is more than just an individual concern, but rather springs from a system of time structured by and for our capitalist society. Aiming to make commodified time “not only identifiable but strange to the reader”, *SAVING TIME* traces the deep historical roots of time-as-money thinking before turning to the ways that we internalize this pressurized and destructive clock, becoming our own relentless timekeepers and task masters.

Arguing that living under this kind of time harms both our personal and collective health, Odell explores both short and long-term strategies to challenge the monopoly of capitalist time. As intellectually ambitious as it is intimate and compassionate, *SAVING TIME* invites the reader to different kinds of time altogether, including ecological time and climate time, among others. Odell ultimately hopes that access to this “chronodiversity” will broaden and deepen not just our vision of what is possible but our experience of life itself.

SILENCES

“What Tillie Olsen has to say . . . is of primary importance to those who want to understand how art is generated or subverted and to those trying to create it themselves.” —Margaret Atwood, *New York Times Book Review*

“Language is power, and Olsen does a masterful and compassionate job here of showing who has been denied language in America, and why, and by whom.” —George Saunders, *Vulture*

First published in 1978, *SILENCES* single-handedly revolutionized the literary canon. In this classic work, Olsen broke open the study of literature and discovered a lost continent—the writing of women and working-class people. From the excavated testimony of authors’ letters and diaries we learn the many ways the creative spirit, especially in those disadvantaged by gender, class and race, can be silenced. Olsen recounts the torments of Melville, the crushing weight of criticism on Thomas Hardy, the shame that brought Willa Cather to a dead halt, and struggles of Virginia Woolf, Olsen’s heroine and greatest exemplar of a writer who confronted the forces that would silence her. The reissued twenty-fifth-anniversary edition includes Olsen’s now infamous reading lists of forgotten authors and a new introduction and author preface.

QUICK: The New Science of How Little Exercise We Can, Maybe, Get Away With

Every Wednesday, Gretchen Reynolds singlehandedly influences how millions of Americans work out. In her Phys Ed column for *The New York Times*, she debunks myths, spurs conversation, and creates arguments among her readers by questioning widely held beliefs about exercise. Gretchen’s first book, *THE FIRST TWENTY MINUTES* (Avery, 2012) expanded on these ideas to make a case for the very short workout. The book spent **four weeks on the NYT bestseller list** and has revolutionized the exercise science field.

But over the last decade, the field has encountered a slew of new research showing that there is no one size fits all exercise plan. We all know that in nutrition, one diet will help one person lose weight while making another person gain weight—and we are now realizing that this holds true for exercise too.

In *QUICK*, Reynolds will draw on new research in the exercise science field to explore how much each person should move, in what ways, and why, according to today’s best experts. *QUICK* will delve into what we gain physically, emotionally and biochemically from different types of exercise, and why one person’s ideal workout won’t necessarily be the best approach for someone else. Readers will be left with an understanding of how much exercise they need; what kind; and how this matters for the body and mind as a whole.

HOW TO MAKE HERSELF AGREEABLE TO EVERYONE: *A Memoir*

“The main job of a model is to learn to predict what feeling your body will elicit in someone else’s body.”

In a culture that generally still clings to the stereotype of a model as solely beautiful surface, Cameron Russell is used to being regarded as an outlier. A hugely successful model who has worked with the likes of Prada, Calvin Klein, Victoria’s Secret, H&M, Vogue and Elle, Russell is also an accomplished speaker, whose TED talk on image is one of the ten most viewed of all time, and a leading organizer and activist in the industry, one at the forefront of coordinating the #metoo movement in fashion and demanding better working conditions across the business.

In her ferocious, visceral memoir, *HOW TO MAKE HERSELF AGREEABLE TO EVERYONE*, Russell chronicles a life made of such tensions, and how they figure in the experience of so many models: navigating the dizzying space between appearances and interiors; coming of age as a subject in an industry that, at all turns, aimed to reduce her to an object; making money in an often-exploitative system while coming to understand and articulate her own deep reservations about capitalism. Reflecting on nearly two decades of modeling with an unflinching candor, the memoir spans Russell’s teenaged beginnings in the industry to her emergence as a forceful, change-making figure. *HOW TO MAKE HERSELF AGREEABLE TO EVERYONE* tells a story of how a body can be speechless, and how it can find ways into speech.

Intimate, harrowing, and deeply honest, *HOW TO MAKE HERSELF AGREEABLE TO EVERYONE* is a nuanced work about beauty, complicity, and the fight for a better world. The book combines an intellectually ambitious consideration of modeling in the vein of *MY BODY* with the shattered form and critical eye of *THE UNDYING*. An experimental memoir guided by narrative in the tradition of *IN THE DREAM HOUSE*, *THE ARGONAUTS*, or *THE CHRONOLOGY OF WATER*, the book is also a work of creative nonfiction by an author with a wide-ranging and established platform, like *LITTLE WEIRDS* or *HUNGER MAKES ME A MODERN GIRL*.

THE VERY LAST INTERVIEW

In the spirit of his highly acclaimed and influential book **REALITY HUNGER**, David Shields has composed a mordantly funny, relentlessly self-questioning self-portrait based on questions that interviewers have asked him over forty years.

David Shields decided to gather every interview he’s ever given, going back nearly forty years. If it was on the radio or TV or a podcast, he transcribed it. He wasn’t sure what he was looking for, but he knew he wasn’t interested in any of his own answers. The questions interested him—approximately 2,700, which he condensed and collated to form twenty-two chapters focused on such subjects as Process, Childhood, Failure, Capitalism, Suicide, and Comedy. Then, according to Shields, “the real work began: rewriting and editing and remixing the questions and finding a through-line.”

The result is a lacerating self-demolition in which the author—in this case, a late-middle-aged white man—is strangely, thrillingly absent. As Chuck Klosterman says, “Logic suggests that people are best understood through the things they say, but that’s not how journalism works. People are actually defined by the questions they get asked (and the degree to which their answers can be framed to prove whatever was already assumed to be true). **THE VERY LAST INTERVIEW** is David Shields doing what he has done dazzlingly for the past twenty-five years: interrogating his own intellectual experience by changing the meaning of what seems both obviously straightforward and obviously wrong.”

Praise for **THE VERY LAST INTERVIEW**:

“A delightful and utterly Shields-ian work. . . [*The Very Last Interview* is] a hilarious takedown of the interview process, of his own public persona, and of the journalists themselves, blessedly anonymous, who asked some of the most outrageously mean, out-there, self-important, stupid, and simply impossible questions imaginable. . . Totally deadpan and irresistibly hilarious.”

THE ZOOLOGY OF PAIN

In 2020 Margo Steines was pregnant and quarantined in a southwestern desert city during the hottest summer on record. As her life shrunk down to the space of her growing body in her small apartment, she was forced to reckon with the troubled history of her body and the bodies she has known. *The Zoology of Pain* alternates between these two timelines: the present, a ruminative memoir of her high-risk pregnancy, and her past experiences with various forms of violence and extremity: weird sex, compulsive athletics, farming for people who are not farmers, fighting in cages, chronic illness.

Steines has lived various lives that have positioned her well to tell these stories and to consider their meaning. As a teenager in New York City she became a professional dominatrix. Ten years later, she pivoted from sex worker to welder on a high-rise building crew. In both of those spaces she was afforded uncommon vantage points from which to see how masculinity and power coalesce. In each, her body was the price of that access. She also participated in competitive endurance sports as an athlete, and in combat sports as a writer and researcher. She ran two homestead farms, struggled through a mysterious chronic illness, and recovered from a number of addictions.

The Zoology of Pain is an intimate, witty, and propulsive memoir of a body at the brink that incorporates immersion journalism and cultural criticism. Often harrowing, the profound tension in this book comes in the nuanced and measured writing, a mindful essaying of roughness and kindness and a complicated sort of triumph over the desire to suffer. At its heart, it is a book about tenderness, and as such it is written to the reader who has struggled to treat themselves with care—who has had a troubled relationship to their own body, and who has made some questionable choices. There is a lot of redemption available here for that reader, without any falsely neat endings.

“*The Zoology of Pain* is a perfect book. Reading it felt like consuming something designed precisely for me and of course, I won’t be alone in this—that is the genius of great works of art: they reach our deepest interiors by naming the unspoken ordinary, the things we fear seeing or being seen as. There is nothing ordinary about this book, however. It is a brainy, elegant, erotic, brutal, funny, hypnotic achievement by an author obsessed with the far reaches of what it means to live in a body, and how some kinds of love look like violence while others can be medicine. It has made a devotee of me; I’ll read anything Margo Steines ever writes.” –Melissa Febos, author of *Girlhood* and *Whip Smart*

Knocking Myself Up: A Memoir of My (In)Fertility

****Sold in a six-figure deal, at auction****

From PEN/America Award winner, 2021 Guggenheim fellow, and beloved literary and tarot icon Michelle Tea, the hilarious, powerfully written, taboo-breaking story of her journey to pregnancy and motherhood as a 40 year-old, queer woman.

Written in intimate, gleefully TMI prose, *Knocking Myself Up* is the irreverent account of Tea’s route to parenthood—with a group of ride-or-die friends, a generous drag queen, and a whole lot of can-do pluck. Along the way she falls in love with a wholesome genderqueer a decade her junior, attempts biohacking herself a baby with black market fertility meds (and magicking herself an offspring with witch-enchanted honey), learns her eggs are busted, and enters the Fertility Industrial Complex in order to carry her younger lover’s baby.

With the signature sharp wit and wild heart that have made her a favorite to so many readers, Tea guides us through the maze of medical procedures, frustrations and astonishments on the path to getting pregnant, wryly critiquing some of the systems that facilitate that choice (“a great, punk, daredevil thing to do”). In *Knocking Myself Up*, Tea has crafted a deeply entertaining and profound memoir, a testament to the power of love and family-making, however complex our lives may be, to transform and enrich us.

AUTOBIOGRAPHY OF SHADOWS: *A Memoir*

Autobiography of Shadows is a coming-of-age and coming out story set in Florida during the 1990s. It is here, at the age of fourteen, that Sarah comes under the influence of a male teacher, Dr. Y., who insists his students think for themselves, that they question everything. Sarah takes this existential challenge to heart, rebelling intellectually, spiritually, culturally, while claiming her queer identity as she falls in love with her best friend Kara. Dr. Y. begins to undergo his own foundational transformation, as well, becoming a born-again Catholic who starts to traffic in conspiracy theories and Holocaust denialism.

Sarah sets out in *AUTOBIOGRAPHY OF SHADOWS* to find out why a beloved mentor peddled lies to them but while Viren looks back to try to pin down this slippery history, an urgent, present-day crisis hits as a friend begins to lodge false sexual harassment complaints against Sarah and her wife in a bid to win a teaching job he’s in competition with Sarah for.

Inflected with adolescent and epistemological upheaval, *Autobiography of Shadows*, expanding on her her viral *New York Times Magazine* essay, looks at the ways knowledge and self-knowledge can be elusive as well as the long-term damage disinformation and deceit can have on our culture, particularly on the youngest and most vulnerable among us, and what reckoning with truth and honesty looks like in our personal histories.

ANTI-SOCIAL MEDIA

A fully updated paperback edition that includes coverage of the key developments of the past two years, including the political controversies that swirled around Facebook with increasing intensity in the Trump era.

If you wanted to build a machine that would distribute propaganda to millions of people, distract them from important issues, energize hatred and bigotry, erode social trust, undermine respectable journalism, foster doubts about science, and engage in massive surveillance all at once, you would make something a lot like Facebook. Of course, none of that was part of the plan. In this fully updated paperback edition of ANTI-SOCIAL MEDIA, including a new chapter on the increasing recognition of—and reaction against—Facebook's power in the last couple of years, Siva Vaidhyanathan explains how Facebook devolved from an innocent social site hacked together by Harvard students into a force that, while it may make personal life just a little more pleasurable, makes democracy a lot more challenging. It's an account of the hubris of good intentions, a missionary spirit, and an ideology that sees computer code as the universal solvent for all human problems. And it's an indictment of how "social media" has fostered the deterioration of democratic culture around the world, from facilitating Russian meddling in support of Trump's election to the exploitation of the platform by murderous authoritarians in Burma and the Philippines. Both authoritative and trenchant, ANTI-SOCIAL MEDIA shows how Facebook's mission went so wrong.

Praise for ANTI-SOCIAL MEDIA:

“What distinguishes the book is Vaidhyanathan's skill in putting the social media phenomenon into a broader context - legal, historical and political.” —**Nicholas Carr**, *The Washington Post*

“An excellent critique of the social media giant”—**John Naughton**, *The Guardian*

DREAM-CHILD: A Life of Charles Lamb

An in-depth look into the life of Romantic essayist Charles Lamb and the legacy of his work

A pioneer of urban Romanticism, essayist Charles Lamb (1775–1834) found inspiration in London’s markets, theaters, prostitutes, and bookshops. He prized the city’s literary scene, too, where he was a star wit. He counted among his admirers Mary Shelley, William Wordsworth, and Samuel Taylor Coleridge. His friends valued in his conversation what distinguished his writing style: a highly original blend of irony, whimsy, and melancholy.

Eric G. Wilson captures Lamb’s strange charm in this meticulously researched and engagingly written biography. He demonstrates how Lamb’s humor helped him cope with a life-defining tragedy: in a fit of madness, his sister Mary murdered their mother. Arranging to care for her himself, Lamb saved her from the gallows. Delightful when sane, Mary became Charles’s muse, and she collaborated with him on children’s books. In exploring Mary’s presence in Charles’s darkly comical essays, Wilson also shows how Lamb reverberates in today’s experimental literature.

Praise for DREAM-CHILD:

“Wilson combines shrewd analysis with original insights and discoveries to provide a valuable addition to the existing corpus of Lamb criticism.”—Duncan Wu, Georgetown University

“A highly evocative and deeply informed life—the first for a century—of one of the most complex and sympathetic literary personalities of his time and one of the greatest English essayists of any age.”—Seamus Perry, University of Oxford

“We have waited a long time for the definitive full-scale scholarly biography of Charles Lamb—master of the witty and winding essay—but now it has arrived. Eric Wilson’s *Dream-Child* is not only a labor of love for a lovable figure, but also a vivid and skillful placing of Lamb in the context of Romanticism and early nineteenth-century London life.”—Sir Jonathan Bate, author of *Radical Wordsworth*

THE ACTUAL STAR

David Mitchell’s *Cloud Atlas* meets Octavia Butler’s *Earthseed* series, as acclaimed author Monica Byrne (*The Girl in the Road*) spins a brilliant multigenerational saga spanning two thousand years, from the collapse of the ancient Maya to a far-future utopia on the brink of civil war.

The Actual Star takes readers on a journey over thousands of years and six continents —collapsing three separate timelines into one mesmerizing cave in the jungles of Belize.

An epic saga of three reincarnated souls, this novel demonstrates the entanglements of tradition and progress, sister and stranger, love and hate. The book jumps forward and backward in time among a pair of twins who ruled a Maya kingdom, a young American on a trip of self-discovery, and two dangerous charismatics in a conflict that will determine the fate of the few humans left on Earth after massive climate change.

In each era, age-old questions about existence and belonging and identity converge deep underground. Because only in complete darkness can one truly see the stars.

Praise for THE ACTUAL STAR:

CENTRAL PLACES

****sold in a six-figure deal****

When her boyfriend Ben proposes, it seems like twenty-six-year-old Audrey Zhou really has it all: a handsome, successful fiancé, a skyrocketing career as a magazine sales rep, and an idyllic home in Brooklyn. The problem? She now finally has to introduce Ben to her strict Chinese immigrant parents, which means bringing him back to her tiny hometown, Hickory Grove: a place she hasn't visited since graduating high school and fleeing central Illinois eight years ago. Ben, with his born-and-bred New York upbringing and supportive WASP family, doesn't understand why Audrey never goes home, why she dreads fighting with her mom every time they're in the same room, or why she wants to avoid all her high school friends. Audrey is desperately hoping to just muddle through the week before retreating back to their real lives in New York.

But their visit to Hickory Grove becomes even more complicated when Audrey runs into an old high school flame. Kyle, an easygoing stoner and Audrey's longtime unrequited crush, knows what it's like to be an outsider in a small and overwhelmingly white town, and the connection between the two quickly rekindles despite the years apart. As Audrey and Kyle grow closer, and Ben struggles to fit in or to understand his fiancée's erratic behavior, Audrey begins to question the narratives she's constructed about her past. When her relationships with her family, Ben, and Kyle all reach a tipping point, Audrey must reexamine her fraught relationship to home before she shatters the new life she has so carefully built.

A send-up of the age-old country mouse, city mouse fable as told through the lens of an intergenerational immigrant tale, *CENTRAL PLACES* combines a wicked sense of humor and propulsive plot with sharp social commentary about identity, family and belonging. A darkly funny and intimate story – in the vein of Jenny Zhang, if she were to write a Hallmark movie – the novel will appeal to readers of *QUEENIE*, *SUCH A FUN AGE*, and *WRITERS AND LOVERS*.

OF EMPIRES WAS YOUR DREAM

Álvaro Enrigue returns to sixteenth century Mexico, in his wildly inventive new novel, to reimagine the final face-off between Cortes and Moctezuma, where Malinalli and a hallucinogenic cactus will save the empire, rout Cortes, and rewrite the history of the world.

Part revisionist epic, part sublime comedy *Of Empires Was Your Dream* takes place over a span of seven hours, as the Aztec Emperor Moctezuma hosts Cortes and his fellow Spanish conquistadors at the Emperor’s palace in Tenochtitlan, all the while unaware that the Spaniards have amassed enemy forces at the empire’s gates.

Moctezuma, for his part, is an emperor in the late style—decadent, melancholic and retreating from political life into the company of his priests and shamans. Having sent his Empress, along with his priests and chief counsel, to host their guests, Moctezuma spends the better part of a languid afternoon locked away from the conflict, lurching, napping, and taking increasing doses of hallucinogens. Meanwhile, over an elaborate and nauseating meal with the Spaniards, the empress Atotozin and Tenochtitlan’s mayor are confounded and overcome with concern that the empire will be lost to hostile guests whom they have welcomed.

Told in four parts—Before the Siesta, The Imperial Nap, The Afternoon and Hernan Cortes’ Dream—the novel closely chronicles the unfolding diplomatic drama—from the folly of the conquistadors, to the palace intrigue of nobles, to the psychedelic religiosity of the emperor. Painting on a rich historic canvas, the novel takes up the question of civilization—turning on its head the civilized and the civilizer—with humor, levity, and not without blood.

Natasha Wimmer has provided a translated sample and plans to complete the English the translation by early summer.

NOW I SURRENDER AND THAT IS ALL: THE BOOK OF GERONIMO

“Álvaro Enrigue... belongs to many literary traditions at once and shows a great mastery of them all” –Carlos Fuentes

In *THE BOOK OF GERONIMO*, his sweeping nineteenth century epic set in the shadows of the Mexican War of Independence, Herralde Prize winner (*SUDDEN DEATH*) Álvaro Enrigue chronicles the last days of the Apache Wars in this searching tale of conquest and resistance.

When the Apaches abduct Camila Ezguerra, a young widow from a northern outpost in the state of Chihuahua, this act of revenge sets off a search throughout the territory by a ragtag army of the nascent Mexican state. At the helm of this band of motley soldiers is Lieutenant Coronel Jose Maria Zuloaga, a Quixote of the Old West, whose troops include a gun-toting nun, an elderly dance teacher and a twin pair of freed Yaqui prisoners riding across the vast Apache territory in search of the abducted woman. As the story of Zuloaga and the Apaches unfolds, the novel telegraphs forward a half a century to Geronimo’s last stand against the US Army, and the curious allegiances and intrigues American officials that lead to Geronimo’s capture. Uniting these strands is a mystery at the center of the novel in the form of Camila and her ultimate transformation as she and her captors travel deep into Apache territory.

In this magisterial novel, Enrigue plumbs the depths of the North American imaginary of the Old West through a series of reversals that defy the narrative of cowboys and Indians, saviors and saved, Mexicans and Americans.

In turn brutal, tender, comic, and utterly masterful, *THE BOOK OF GERONIMO* displays Enrigue’s, penchant for the absurd and keen eye for the bloody history of the Americas. *THE BOOK OF GERONIMO* is a revisionist Western for our age.

Praise for *SUDDEN DEATH*:

“Engrossing... rich with Latin and European history.” —*The New Yorker*

THE GLASSY, BURNING FLOOR OF HELL: *Stories*

“In the horror and short story spheres, there’s no contemporary writer in America whose collections excite me more than those of Brian Evenson.” –Mona Awad, *Author of BUNNY*

A sentient, murderous prosthetic leg; shadowy creatures lurking behind a shimmering wall; brutal barrow men—of all the terrors that populate *The Glassy, Burning Floor of Hell*, perhaps the most alarming are the beings who decimated the habitable Earth: humans. In this new short story collection, Brian Evenson envisions a chilling future beyond the Anthropocene that forces excruciating decisions about survival and self-sacrifice in the face of toxic air and a natural world torn between revenge and regeneration. Combining psychological and ecological horror, each tale thrums with Evenson’s award-winning literary craftsmanship, dark humor, and thrilling suspense.

SWIMMING BACK TO TROUT RIVER

A lyrical novel set against the backdrop of China’s Cultural Revolution that follows a father’s quest to reunite his family before his precocious daughter’s momentous birthday, which Garth Greenwell calls “one of the most beautiful debuts I’ve read in years.”

In the summer of 1986 in a small Chinese village, ten-year-old Junie receives a momentous letter from her parents, who had left for America years ago: her father promises to return home and collect her by her twelfth birthday. But Junie’s growing determination to stay put in the idyllic countryside with her beloved grandparents threatens to derail her family’s shared future.

What Junie doesn’t know is that her parents, Momo and Cassia, are newly estranged from one another in their adopted country, each holding close private tragedies and histories from the tumultuous years of their youth during China’s Cultural Revolution. While Momo grapples anew with his deferred musical ambitions and dreams for Junie’s future in America, Cassia finally begins to wrestle with a shocking act of brutality from years ago. In order for Momo to fulfill his promise, he must make one last desperate attempt to reunite all three members of the family before Junie’s birthday—even if it means bringing painful family secrets to light.

In *SWIMMING BACK TO TROUT RIVER*, Linda Rui Feng elegantly weaves together the stories of Junie, Momo, Cassia, and Dawn—a talented violinist from Momo’s past—while depicting their heartbreak and resilience, tenderly revealing the hope, compromises, and abiding ingenuity that make up the lives of immigrants.

“With lean prose and assured storytelling, this debut novel describes a family fractured by geography, ambition and the ripple effects of China’s tumultuous 20th-century history.” —*New York Times Book Review*

“With disarmingly quiet prose, Feng digs beneath Cassia’s and Momo’s reluctance to mine their emotional depths as they struggle to grasp their individual experiences as well as their fractured relationship. Filled with tragedy yet touched with life-affirming passion.”

THE SELECTED POEMS OF ESSEX HEMPHILL

The Selected Poems of Essex Hemphill is a new collection that celebrates the work and legacy of Essex Hemphill, a seminal poet known for his writing on Black and gay life in the late twentieth century.

“When I die,/honey chil’/my angels/will be tall/Black drag queens,” writes Essex Hemphill, who caught America by surprise – and grabbed its undivided attention – with his collection *Ceremonies*, first published to acclaim in 1992. *The Selected Poems of Essex Hemphill* brings together his charged, emotionally resonant poems from across his career, all of which reject popular notions of Black and gay tropes, and work to integrate all of Essex’s identities into a functioning self.

Edited by renowned literary critic Robert Reid-Pharr and award-winning poet John Keene (Annotations, Counternarratives), this selection will be the first publication of Essex Hemphill’s work in the twenty-first century. The result is a ceremony of life – Black, gay, outrageous, and brilliant.

Praise for CEREMONIES:

“Astounding. No voice speaks with more eloquent, thought-provoking clarity about contemporary Black gay life than that of Essex Hemphill” –Marlon Riggs

“The prose sings with lyricism, the poetry sears with content. Hemphill is like an Old Testament prophet, exhorting us with ethical passion. He is exactly what we need at this hour.” –Martin Duberman

“This collection of poems, prose and essays by Essex Hemphill is my go-to carry-around book. It includes words of wonder, sadness and critique all centered around the black gay experience — especially heightened within the AIDS epidemic.” –Deb Hyne, (aka Blood Orange)

DEMON COPPERHEAD

DEMON COPPERHEAD is the story of a boy born to a teenaged single mother in a single-wide trailer, with no assets beyond his dead father's good looks and copper-colored hair, a caustic wit, and a fierce talent for survival. In a plot that never pauses for breath, relayed in his own unsparing voice, he braves the perils of foster care, child labor, derelict schools, athletic success, addiction, disastrous loves, and crushing losses. A modern retelling of Dickens' *David Copperfield*, which transposes that epic novel, chapter by chapter, to a modern place and time: the American south.

David Copperfield was Dickens' cri de coeur about Victorian society's negligence of impoverished children and in **DEMON COPPERHEAD**, Barbara similarly explores the negligence of children through the for-profit foster care system, which has seen an influx of orphaned children since the onset of the opioid epidemic.

Praise for Barbara Kingsolver:

“Possessed of an extravagantly gifted narrative voice, Kingsolver blends a fierce and abiding moral vision with benevolent concise humor. Her medicine is meant for the head, the heart and the soul.” —*New York Times Book Review*

Immensely readable, warmhearted...brimming with down-home wisdom and endearing characters.” —*Boston Globe*

“Kingsolver makes you care about her characters to the point of tears; she is bitingly funny—and she writes like a dream.” —*San Francisco Chronicle*

“There is no one quite like Barbara Kingsolver in contemporary literature. Her dialogue sparkles with sassy wit and the earthy poetry of ordinary folks' talk; her descriptions have a magical lyricism rooted in daily life but also on familiar terms with the eternal.” —*Washington Post*

TUNNELS

Two-time Eisner Award winner Rutu Modan's third graphic novel, *TUNNELS*, is her deepest and wildest yet. Potent and funny, Modan reveals the Middle East as no westerner could.

When a great antiquities collector is forced to donate his entire collection to the Hebrew University in Jerusalem, his daughter Nili Broshi sees her last chance to finish an archaeological expedition begun decades earlier—a dig that could possibly yield the most important religious artifact in the Middle East. Motivated by the desire to reinstate her father's legacy as a great archaeologist after he was marginalized by his rival, Nili enlists a ragtag crew—a religious nationalist and his band of hilltop youths, her traitorous brother, and her childhood Palestinian friend, now an archaeological smuggler. As Nili's father slips deeper into dementia, warring factions close in on and fight over the Ark of the Covenant!

Backed by extensive research into this real-world treasure hunt, Rutu Modan sets her affecting novel at the center of a political crisis. She posits that the history of biblical Israel lies in one of the most disputed regions in the world, occupied by Israel and contested by Palestine. Often in direct competition, Palestinians and Israelis dig alongside one another, hoping to find the sacred artifact believed to be a conduit to God.

* *TUNNELS* was originally published in Hebrew by Keter Books, and was translated into English by Ishai Mishory.

TELL ME A RIDDLE, REQUA I, & OTHER WORKS

“The four pieces in *TELL ME A RIDDLE* are lyrical bulletins of working-class family life, charged with emotional detail and delivered with an attention to the rhythms of consciousness more rigorous and powerful than most of what is called realism.” —A.O. Scott, *New York Times*

A century after her birth, Tillie Olsen’s writing is as relevant as when it first appeared; indeed, the clarity and passion of her vision and style have, if anything, become even more striking over time. Collected here for the first time are several of Olsen’s nonfiction pieces about the 1930s, early journalism pieces, and short fiction, including the four beautifully crafted, highly celebrated stories originally published as her short story collection entitled *TELL ME A RIDDLE*: “I Stand Here Ironing,” “Hey Sailor, What Ship?,” “O Yes,” and “Tell Me a Riddle.” Also included, for the first time since it appeared in the 1971 Best American Short Stories, is “Requa I.”

In these stories, as in all of her work, Olsen set a new standard for the treatment of women and the poor and for the depiction of their lives and circumstances. In her hands, the hard truths about motherhood and marriage, domestic life, labor, and political conviction found expression in language of such poetic intensity and depth that their influence continues to be felt today.

An introduction by Olsen’s granddaughter, the poet Rebekah Edwards, and a foreword by her daughter Laurie Olsen provide a personal and generational context for the author’s work.

Praise for *TELL ME A RIDDLE*:

“[Tillie] had invented a literary tradition of her own. . . . Every line is measured, compressed, resonant, stripped bare, so that paragraph after paragraph achieves the shocking brevity and power of the best poems. . . . By now I have read *TELL ME A RIDDLE* so often that it is essentially memorized.” —Scott Turow, on NPR’s *You Must Read This*

“As a great work of literary art [*TELL ME A RIDDLE*] will be read as long as the American language lasts.” —Julian Moynihan

“Everything [Olsen] has written has become almost immediately a classic.” —Robert Coles

“[*TELL ME A RIDDLE* is] enough to make [Olsen’s] name a truly important one in writing. . . . She can spend no word that is not the right one.” —Dorothy Parker

YONNONDIO: FROM THE THIRTIES

“[Olsen] evokes the very feel of poverty, not in the sharp-focused naturalistic detail of the muckrakers, but in broad powerful strokes of which the paint is emotion, sensation, apprehension.” —*New York Times Book Review*

YONNONDIO follows the heartbreaking path of the Holbrook family in the late 1920s and the Great Depression as they move from the coal mines of Wyoming to a tenant farm in western Nebraska, ending up finally on the kill floors of the slaughterhouses and in the wretched neighborhoods of the poor in Omaha, Nebraska.

Mazie, the oldest daughter in the growing family of Jim and Anna Holbrook, tells the story of the family's desire for a better life – Anna's dream that her children be educated and Jim's wish for a life lived out in the open, away from the darkness and danger of the mines. At every turn in their journey, however, their dreams are frustrated, and the family is jeopardized by cruel and indifferent systems.

Praise for *YONNONDIO*:

“Ms. Olsen’s unfolding of what [poverty] does to each [character] is both powerful and poignant in its impact, and not coincidentally, revealing in terms of what the Depression meant to a whole generation.” —*Publisher's Weekly*

“Since the developing mind of a young girl is the novel's chief focus, Olsen overlays the relentless desperation of her characters with successful flights of lyric and surreal prose entirely in accord with this girl's hopes and fears.” —*Library Journal*.

BENEFIT

“A smart, razor-sharp exploration of the precarious island of academic life and the cold unforgiving waters that surround it.” —Jenny Offill, *author of Dept. of Speculation and Weather*

Laura, a student from a modest background, escapes her small town to join the ranks of the academic elite on a Weatherfield fellowship to study at Oxford University. She enthusiastically throws herself into her coursework, yet she is never able to escape a feeling of unease and dislocation among her fellow chosen “students of promise and ambition.”

Years later, back in the United States with a PhD and dissertation on Henry James, she loses her job as an adjunct professor and reconnects with the Weatherfield Foundation. Commissioned to write a history for its centennial, she becomes obsessed by the Gilded Age origins of the Weatherfield fortune, rooted in the exploitation and misery of sugar production. As she is lured back into abandoned friendships within the glimmering group, she discovers hidden aspects of herself and others that point the way to a terrifying freedom.

BENEFIT is a vivid story of personal awakening that offers a withering critique of toxic philanthropy and the American meritocracy.

Praise for *BENEFIT*:

“Phillips’s assured debut novel blends a complex journey of personal realizations with insights into the dark side of ambition and power.” —*Booklist*

“Incisive. . . . Pulls back the veil on university hierarchies and social privilege.” —*Publishers Weekly*

“Highlight[s] the toxicity and ethical gaps that underlie much of modern academia and philanthropy . . . with striking social commentary. . . . absorbing in its forcefulness” —*Kirkus Reviews*

Detective Margaret Nolan Series #2

P.J. Tracy “seems to have found her literary sweet spot” (*New York Times Book Review*) with her dazzling new series, and in *Desolation Canyon*, fans get a deeper look into the complex characters who call Los Angeles home.

LAPD Detective Margaret Nolan is struggling to move forward after the death of her brother in Afghanistan and taking a life in the line of duty. Her stoic parents offer little support – they refuse to address anything difficult, and she’s afraid their relationship is eroding beyond the point of recovery.

The days off are the hardest, because they give Margaret time to think. A moment of weakness leads to cocktails with a colleague—an attraction she knows could be dangerous —at the luxurious Hotel Bel-Air bar. A stroll through the grounds leads to a grim discovery beneath the surface of Swan Lake: the body of a successful attorney who made his fortune in international trade.

It initially appears to be death by misadventure, but the case is anything but straightforward. As a series of shocking revelations emerge, Nolan finds herself confronting a sinister cabal that just might destroy her and everyone she loves.

Sam Easton—a true survivor—is home from Afghanistan, trying to rebuild a life in his hometown of LA. Separated from his wife, bartending and therapy sessions are what occupy his days and nights. When friend and colleague Melody Traeger is beaten by her boyfriend, she turns to Sam for help. When the boyfriend turns up dead the next day, a hard case like Sam is the perfect suspect.

But LAPD Detective Margaret Nolan, whose brother recently died serving overseas, is sympathetic to Sam's troubles, and can't quite see him as a killer. She's more interested in the secrets Melody might be keeping and the developments in another murder case on the other side of town.

ROUND UP THE USUAL PEACOCKS

Meg Langslow Mystery #31

New York Times bestselling author Donna Andrews first introduced us to Meg Langslow as a crime-solving bridesmaid. In her 31st mystery, *Round Up the Usual Peacocks*, Meg returns to her roots, juggling cold cases and wedding guests.

Kevin, Meg's cyber-savvy nephew who lives in the basement, comes to her with a problem. He's become involved as the techie for a true-crime podcast, one that focuses on Virginia cold cases and unsolved crimes. And he thinks their podcast has hit a nerve with someone . . . one of the podcast team has had a brush with death that Kevin thinks was an attempted murder, not an accident.

Kevin rather sheepishly asks for Meg's help in checking out the people involved in a couple of the cases. "Given your ability to find out stuff online, why do you need MY help?" she asks. "Um . . . because I've already done everything I can online. This'll take going around and TALKING to people," he exclaims, with visible horror. "In person!" Not his thing. And no, it can't wait until after the wedding, because he's afraid whoever's after them might take advantage of the chaos of the wedding at Trinity or the reception at Meg and Michael's house to strike again.

So on top of everything she's doing to round up vendors and supplies and take care of demanding out-of-town guests, Meg must hunt down the surviving suspects from three relatively local cold cases so she can figure out if they have it in for the podcasters. Could there be a connection to a musician on the brink of stardom who disappeared two decades ago and hasn't been seen since?

Praise for the *Meg Langslow Mysteries* series:

"If you long for more fun mysteries, a la Janet Evanovich, you'll love Donna Andrews's Meg Langslow series." —*Charlotte Observer*

"A long-running series that gets better all the time. A fine blend of academic satire, screwball comedy, and murder." —*Booklist*

OUT OF ESAU: *A Novel*

When Susan meets the kind and steadfast Pastor Robert, she begins to question the sacrifices she’s made to keep her marriage together—while an unexpected visitor forces Robert to reconsider his past, confront the shaky foundations of his faith, and begin to hope for his future

Robert Glory has never quite felt as though he fit in the small town of Esau, Michigan, but he finds solace in his role as the pastor of Esau Baptist and in his spare, orderly routine. When Susan Shearer arrives at his church seeking the strength to stay true to her increasingly volatile husband, neither expect that their immediate connection will upend both of their lives. As their relationship deepens and Susan’s life at home becomes more unstable, both Robert and Susan are forced to confront the wounds that have shaped them and discover if they still have the power to change.

Told from five different perspectives—including Susan’s husband Randy, her brilliant but high-strung young daughter Willa, and Robert’s long estranged mother Leotie—*Out of Esau* is a visceral look at the dynamics of an abusive marriage, a nuanced portrait of faith and its loss, and a sweeping story of redemption.

Praise for OUT OF ESAU:

“From the cold, wet bleakness of a loyal wife’s Michigan autumn, writer Michelle Webster Hein skillfully stokes the warmth of redemption in a story that pairs like-minded souls with the hope of second chances. A lovely and engaging work of faith and family.” —*Sophronia Scott, author of Unforgivable Love and All I Need to Get By*

THE HIDDEN PALACE

The long-awaited sequel to the *New York Times* bestseller **THE GOLEM AND THE JINNI**

Chava is a golem, a woman made of clay, able to hear the thoughts and longings of the humans around her, and compelled to help them. Ahmad is a jinni, a being of fire now imprisoned in the shape of a man, perpetually restless and free-spirited. Having met as two unlikely immigrants in 1899 Manhattan, their lives have become deeply intertwined, but they must decide what, exactly, they mean to each other—all while living disguised as humans, constantly fearing they'll be exposed as monsters.

Meanwhile, Park Avenue heiress Sophia Winston, whose brief encounter with Ahmad has left her with a strange illness that makes her shiver with cold, travels to the Middle East to seek a cure. There she meets a tempestuous female jinni who's been banished from her tribe for her own untreatable condition. And in a tenement on the Lower East Side, a little girl named Kreindel helps her rabbi father build a golem that she names Yossele. When she is sent to an uptown orphanage, the hulking golem will become her only friend and companion.

Spanning the tumultuous years from the turn of the 20th century to the beginning of World War I, *The Hidden Palace* follows these lives and others as they collide and interweave. Can Chava and Ahmad find their places in the human world while remaining true to each other? Or will their own natures and desires conspire to tear them apart—especially once they encounter, thrillingly, other creatures of their own kinds?

Praise for THE HIDDEN PALACE:

“A blend of romance, Mary Shelley-esque horror, and folklore.... Wecker skillfully combines the storylines of Chava the Golem and Ahmad the Jinni and numerous other players, good and evil, in an enchanting tale that pleases on every page.” —★*Kirkus Reviews* (Starred Review)

“Impressive...storytelling à la Dickens...A satisfying, mature sequel to *The Golem and the Jinni*, continuing the magical story of two immigrant mythological characters from the turn of the 20th century to the outbreak of WWI.” —*Publishers Weekly*

“Fans of *THE GOLEM AND THE JINNI* have waited eight years for this sequel, a minor eternity perfectly in keeping with the precarious immortality of Wecker's hopeful monsters. It has been worth the wait.” —★*BookPage Magazine* (Starred Review)

“Wurzbacher...deploys her encyclopedic command of various ideas, regions, professions and lexicons with the authority of seasoned masters like Adam Johnson. This is a writer at the top of her game; but hopefully she's only just getting started.” —*The New York Times*

“Wurzbacher dives into the lives of women in this brilliant collection, examining the ways they live and relate to each other while harboring their own secrets and feelings. Her lyrical prose and unflinchingly confrontational voice are powerful and captivating.” —★*Booklist* (Starred Review)

It's the sort of theme that could feel irritably well-trod, but that's not the case here at all; these stories surprised me at every turn. And the writing is so gorgeous!" —Carmen Maria Machado, judge, 2019 John Simmons Short Fiction Award

HAO: *Stories*

****Sold in a two-book deal, for a collection and a novel****

An extraordinary debut collection of short stories by a three-time Pushcart Prize winner following Chinese women in both China and the United States who turn to signs and languages as they cross the alien landscapes of migration and motherhood.

“Hao is the most common word in Chinese, a ubiquitous syllable people utter and hear all the time, which is supposed to mean good. But what is hao in this world, where good books are burned, good people condemned, meanness considered a good trait, violence good conduct? People say hao when their eyes are marred with suspicion and dread. They say hao when they are tattered inside.”

By turns reflective and visceral, the stories in *Hao* examine the ways in which women can be silenced as they grapple with sexism and racism, and how they find their own language to define their experience.

In “Gold Mountain,” a young mother hides above a ransacked store during the San Francisco anti-Chinese riot of 1877. In “A Drawer,” an illiterate mother invents a language through drawing. And in “Stars,” a graduate student loses her ability to speak after a stroke. Together, these twelve stories create “an unsettling, hypnotic collection spanning centuries, in which language and children act simultaneously as tethers and casting lines, the reasons and the tools for moving forward after trauma. You’ll come away from this beautiful book changed” (Julia Fine, author of *The Upstairs House*).

“Slow, somber and often elegant, *Hao* thematically foregrounds language. Rather than reproducing the trite ethos of language as power, Ye shows how words operate as weapons, comforts, memories and insufficient — if sometimes beautiful — representations of intent.” —*The NYT Book Review*

STRAW DOGS OF THE UNIVERSE

****Sold in a two-book deal, for a collection and a novel****

STRAW DOGS OF THE UNIVERSE follows the story of a Chinese father and daughter in late 19th Century America West: the daughter as she searches for her father, the father as he seeks a new life in a difficult land. Following a devastating famine in her village, ten-year-old Sixiang’s mother reluctantly sells her to a human trafficker, who promises to bring Sixiang to a better life in America. Her mother gives Sixiang the profits of the sale as well as a photo of her absent father, Guifeng, who had travelled to Gold Mountain years ago before cutting off communication with his family at home. STRAW DOGS OF THE UNIVERSE follows Sixiang’s brave journey through the unforgiving landscape of the American West—a place particularly hostile to Chinese immigrants—in hopes of finding her father and reuniting her family. The novel simultaneously traces the story of Guifeng who, little known to Sixiang, has found his attempts to build a new place for himself destabilized by both a long-lost passion from home and the seemingly inescapable violence of this new land.

A deeply felt generational story of little-known immigrant history in the vein of *PACHINKO* or *HOW MUCH OF THESE HILLS IS GOLD*, STRAW DOGS OF THE UNIVERSE considers what makes or breaks the ties of family, and shows the strength and courage it takes to survive in a new world.

PRAISE FOR HAO:

“Words are Ye Chun’s superpower ... These stories are immaculate, beautiful, tattered” —Hillary Kelly, *Vulture*

“Ye Chun captures the complexities of human emotion with a fine chisel and poet’s eye, moving deftly between themes of motherhood, loss, and migration. Hao is a richly imagined, satisfying collection, one that invites you to stay, to linger and be moved.”—Te-Ping Chen, author of *Land of Big Numbers*

“Each of Ye’s dozen stories astounds.” —★*Booklist* (starred review)

“Ye Chun’s gorgeous collection turns our attention to Chinese women. They are wives and mothers. They are immigrants and graduate students. They are bridges between continents...More than anything, Hao is a love letter to language.” —*Lit Hub*
