The Tormentor

Calista belongs to me... she just doesn't know it.
The first time we met, I wanted her.
The next time, I was obsessed.
I watched her.
I followed her.
It only deepened my need to possess her.
Once she's mine, I'm never letting her go.

The Target

Hayden Bennett is a monster, in and out of the courtroom.
Unfortunately, I need his help.
What was supposed to be a simple transaction turns into something else.
Something intense.
He's always there when I need him, but I don't know if trusting him is a good idea...

Once You're Mine is book one in the Possessing Her Duet and ends on a cliffhanger. It contains a morally gray hero who's OTT/JP, a stalker who falls first, has touch-her-and-die energy, and is willing to do whatever it takes to have her. Intended for mature listeners.

The Witch's Assistant

Bitchcraft, 3 book series

A. T. Napoli

September 3rd, 2024

In the first book of a witty urban fantasy series, a hapless barista finds himself embroiled in a world of business, backstabbing, and . . . the occult?

DESCRIPTION: Clark Crane's life is passing him by. At twenty-four, he's got nothing to show for himself but an on-hold college career, a minimum-wage job, and a distinct lack of a love life. So, when an old friend gives him an inside line on an internship assisting a high-powered businesswoman, he can't pass up the chance.

But becoming the errand boy for Charisma Saintly—the feminist icon and media magnate who never employs men—isn't exactly what he thought it would be. For one thing, he keeps getting told that people would literally kill for his job. For another, he's starting to have disturbing nightmares at the same time every night. And finally, his coworkers seem convinced they're actual witches. Now Clark must untangle a web of cutthroat competition and possible magical curses while simultaneously attempting to climb the corporate ladder before he finds himself fired—or worse, burned alive.

Combining contemporary fantasy with the glamour and cutthroat workplace drama of *The Devil Wears Prada*, *The Witch's Assistant* is ultimately a story about finding love in unexpected places, set in a world where magic is all around us.

DESCRIPTION: Traded to the fae to maintain peace between the two realms, she finds herself thrust into a world of myth and chaos.

The Assassin Bride

The King and the Assassin, 3 book series

Anastasis Blythe
April 9th, 2024

It is said that the Neverseen King comes for a bride every hundred years. I thought it was only legend—until he came for me.

DESCRIPTION: I am one of twelve assassins forced to compete for the hand of our unseen king, who I'm beginning to doubt is even human at all.

Why he needs a bride, much less one who wields a blade isn't any of my business. All I'm trying to do is get out of here with my life and my heart intact. I don't want to care about the mysteries I begin uncovering about the king, about why he never shows his face, about his palace that turns into a nightmare after dusk. I'm just trying to escape.

But apparently, my choice is to win this competition or die. I'm not dying. And I'm definitely not falling in love with the Neverseen King.

The Assassin Bride is a dark and twisted tale of a deadly bridal competition for the hand of a mysterious shadow king. It's book one in The King and the Assassin fantasy romance series, perfect for fans of The Serpent and the Wings of Night, Sylvia Mercedes, and Elise Kova, who love dark, swoon-worthy heroes and sweet (not steamy) slow-burn romance.

Between

The Chronicles of Between, 3 book series

L. L. Starling
October 3th, 2023

A bewitchingly cozy, fiendishly funny cautionary tale about the perils of gatecrashing fairytale kingdoms—particularly ones with drunken unicorns, bored dragons, and sorcerers in tight leather pants.

DESCRIPTION: Sasha Pierce hasn't had a single dream since she was a child...until she accepts a substitute teaching position in the charmingly witchy village of Old Middleton. Her first dream in twenty-five years ought to be enchanting, but her wonder quickly turns to shock when she realizes that it's not a dream at all, but an entirely different sort of magic.

Catapulted through an ancient portal into the fairytale kingdom of Between, Sasha's astonishment is swiftly upgraded to panic when she accidentally performs a supposedly impossible feat and is declared the True Queen of Between...and betrothed to its infuriatingly handsome sorcerer king.

Lorn, Shadow King of Between, is desperate to break free from Between's clutches. Magically tethered to the ramshackle kingdom, he wages a daily battle to save his disreputable subjects from rampaging magical creatures, sinkholes, and catastrophes of the distressingly lethal variety. To avoid an early grave, he needs an escape plan, not a wife...until he learns that this magicless mortal holds the key to his freedom.

Unwilling to leave her world to accept the crown—or the husband—Sasha must race against the clock to disentangle herself from this fairytale. But her empty throne leaves a dangerous rift between their worlds. As dark forces descend upon Old Middleton, the two must make a choice: work together or unleash fairytale chaos upon their realms.

Between is the spellbinding first novel in The Chronicles of Between fantasy series. Filled with feisty, fairytale-savvy heroines, swoon-worthy sorcerers, slow burn romance, morose minotaurs, and bawdy witches, it's a laugh-out-loud fairy tale romp.

Falling in Love with My Vampire Cat

That's (Para) Normal, 6 book series

Camilla Evergreen

April 2nd, 2024

For five long years, I didn't know my cat could turn into a vampire.

DESCRIPTION: That means I've spent five long years squishing little black toe beans, participating in all-night cuddles, and calling a full-grown man my itty bitty stinky kitty baby.

When my near-death experience forces Zylus Myrkur to tell me the truth about how magic is real, I nope my way right back into my fish bowl. I will not be participating in any tropes, thank you.

This is not a fish out of water, enemies to lovers romantasy. This is me—a barely functional adult—attempting to live my best life, which consists solely of reading books, eating cheese, and falling asleep on the couch. It does not include making friends with werewolf chihuahuas, meeting a moth faerie prince, or defeating a boogeyman.

And it absolutely, completely, most definitely does not include falling in love.

Falling in Love with My Vampire Cat is a laugh-out-loud romantic comedy with light fantasy elements, neurodivergent characters, and plenty of closed-door sizzle.

Destroy Me

Corrupted Royals, 5 book series

Michelle Heard
July 4th, 2023

Our first meeting was at a nightclub, and it was something straight out of my most romantic fantasies.

DESCRIPTION: My ovaries exploded at the sight of the Russian God. And by God, I mean he was ripped, tall, dark, and deadly attractive. There were enough sparks between us to light up a city. Then an explosion blasted through the nightclub, and we got trapped together for three hours, sharing our most personal details...everything but our names.

Two years later, our second meeting is the complete opposite of the first. It's clear Misha Petrov, a Russian enforcer for the bratva, despises me. The emotional night we shared meant nothing to him.

You see, my family is sworn enemies with the bratva and Italian mafia, which means Misha considers me a threat.

I wish I could hate him the way he hates me. But no, my stupid heart wants what it wants. Every rough touch from Misha makes my skin tingle. Every low-rumbling threat growled through his clenched teeth has my breath speeding up. We might be sworn enemies, but I can't stop myself from wanting this dangerous man.

Then there's the other problem. If I can, by some miracle, get Misha to fall in love with me, we'll only have to face the entire bratva and my family. What could possibly go wrong?

Incarnate

Richard Thomas
September 10th, 2024

In a frozen tundra, a sin-eater fights for redemption and absolution as monstrous creatures ravage a community already struggling to survive.

DESCRIPTION: Sebastian Pana is a sin-eater, a shaman-like figure who can absolve the dead of their transgressions before they move on to the afterlife. But when a tear in the fabric of reality allows hideous beasts to invade the small arctic town he calls home, Sebastian must wage battle with them the only way he knows how: by unleashing the power of sin itself.

Thus, the stage is set for an epic confrontation between the forces of good and evil, in which a mother monster strives to save the dying land around her—and a young Inuit boy, haunted by Sebastian's fate, risks everything to forge a new way forward for the desperate vestiges of humanity. As an obliterating darkness descends from the frozen mountains, this profoundly redemptive tale will build toward a climactic showdown in which nature and the supernatural collide with the eternal quest for healing and forgiveness.

From an author who has been compared to Lovecraft, Bradbury, and Gaiman, *Incarnate* is a masterpiece of contemporary arctic horror—a dark, unsettling story told in a maximalist voice inflected with powerful notes of hope and grace.

All the Skills, 6 book series

Honour Rae
December 20th, 2022

For a boy coming of age and discovering a magical self-reliance and new powers for every occasion, the future is in the cards, in this fantasy adventure.

DESCRIPTION: Arthur lives with his father, a fallen but proud former noble, in Border Village #49, along with the other good folks condemned to toil in service to the Baron. But Arthur has an edge: a stolen heart card that secretly fell into his possession, thanks to a dragon. It's a priceless source of power for the Baron and the tyrant will kill to get it back. Invaluable, too, to a young man of spellcasting ambitions.

So, at the behest of his father—and to save his own hide—Arthur flees and joins a trader caravan on the kingdom's backroads. Mile by dusty mile, he gains new skills and learns more about his increasing capabilities. But when he meets Horatio, his sharp-tongued new best friend and a spell card collector himself, Arthur discovers the greater powers to come by building on the Legendary card hidden close to his heart.

One step ahead of the Baron's hunters, Arthur and Horatio forge on under a sky full of guardian dragons—from the adorably loopy to the mystically wise—and their unflappable riders. Amidst danger, rescue, and friendships with both humans and those creatures of the more leathery variety, Arthur awakens to a newfound confidence . . . and the extraordinary things that can arise from the simplest magics.

Columbus Day

Expeditionary Force, 21 book series

Craig Alanson
December 13th, 2016

*Nominee, Audie Awards -
Audiobook of the Year, 2018*

DESCRIPTION: We were fighting on the wrong side of a war we couldn't win. And that was the good news.

The Ruhar hit us on Columbus Day. There we were, innocently drifting along the cosmos on our little blue marble, like the native Americans in 1492. Over the horizon come ships of a technologically advanced, aggressive culture, and BAM! There go the good old days, when humans only got killed by each other. So, Columbus Day. It fits.

When the morning sky twinkled again, this time with Kristang starships jumping in to hammer the Ruhar, we thought we were saved. The UN Expeditionary Force hitched a ride on Kristang ships to fight the Ruhar, wherever our new allies thought we could be useful. So, I went from fighting with the US Army in Nigeria, to fighting in space. It was lies, all of it. We shouldn't even be fighting the Ruhar, they aren't our enemy. Our allies are.

I'd better start at the beginning.

Death: Genesis

Death: Genesis, 16 book series

Nicholas Searcy
November 29th, 2022

Death is only the beginning in this brutal and bloody post-apocalyptic fantasy about humanity's next phase.

DESCRIPTION: In pursuit of his abusive father's approval, Zeke Blackwood pushed himself to the very pinnacle of his chosen obsession. Since childhood, all he'd ever wanted to do was play baseball, and through hard work, discipline, and no small degree of talent, his goal of reaching the major leagues was finally in sight. But then a horrific car accident ruined his arm, eliminating any hope of a professional baseball career.

Consumed by depression, Zeke gave up on his future, preferring to wallow in self-pity. That is, until an opportunity came along for him to prove his worth. When his chronically ill younger brother needed a kidney, Zeke didn't hesitate to offer one of his own—only to die on the operating table.

But eons later, after Earth has been ravaged by disasters both natural and man-made, Zeke is reborn. Guided by the mysterious Oberon, he soon finds himself in the Radiant Isles, a magical land populated by legendary creatures and horrifying monsters alike. A war rages between good and evil, and Zeke—along with the rest of humanity—has been recruited onto the front lines.

Fully healed from the wounds of his previous life, Zeke battles his way through an army of trolls and other subterranean beings, all the while increasing his skills, improving his strength, and gaining superhuman abilities. Finding allies in Abby, an archer who teaches him about his strange new circumstances, and Pudge, a helpless cub who's become soul-bonded to him, Zeke must keep collecting victories if he's to survive in this merciless world.

Until the End of the World

Until the End of the World, 4 book series

Sarah Lyons Fleming
January 24th, 2014

Cassie Forrest isn't surprised to learn that the day she's decided to get her life together is also the day the world ends.

DESCRIPTION: After all, she's been on a self-imposed losing streak since her survivalist parents died: she's stopped painting, broken off her engagement to Adrian and dated a real jerk. Rectifying her mistakes has to wait, however, because Cassie and her friends have just enough time to escape Brooklyn for her parents' cabin before Bornavirus LX turns them into zombies, too. This is difficult enough, but Cassie's tag along ex-boyfriend and her friend's bratty sister have a knack for making everything, even the apocalypse, more unpleasant.

When the two attract a threat as deadly as the undead to their safe haven, Cassie's forced to see how far she'll go to protect those she loves. And it's a lot farther than she'd anticipated. This, coupled with Adrian's distant voice on Safe Zone Radio and, of course, the living dead, threaten to put Cassie right back into the funk she just dragged herself out of. Survival's great and all, especially when you have leather armor, good friends and home-brewed beer, but there's something Cassie must do besides survive: tell Adrian she still loves him. And to do that, Cassie has to find faith that she's stronger than she thinks, she's still a crack shot and true love never dies.

Balanced on the Blade's Edge

Dragon Blood, 8 book series

Lindsay Buroker

June 30th, 2015

DESCRIPTION: Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives...

Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people.

Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries, and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

Dryker's Folly

Void Wraith Origins, 3 book series

Chris Fox
September 30th, 2020

*Before the Void Wraith. Before
the Eradication.*

DESCRIPTION: One man had a chance to stop it all, and failed...

Captain Dryker is a washed up vet mining on the fringes of the Kuiper belt. He loads rocks into the Folly's railgun, and fires them back to his corporate overlords on Earth. Boring, just the way he likes it. Until one day it isn't.

An alien signal bursts from Pluto, which as it turns out is neither a planet, nor a planetoid body. It is an ancient defense satellite activated because it detected the return of the Vuka Spectra. The Void Wraith.

Dryker is the closest ship on the scene, but not the only one vying for the prize. Hostile aliens have emerged from our sun using something called a Helios Gate. The savage Tigris have come not just for the satellite, but to conquer Earth.

Dryker's only hope is finding something, anything, within the installation to counter the alien's superior technology and save mankind.

The prequel to the Void Wraith Saga. Learn how it all began...
