A LETTER FROM THE PRESIDENT

Greetings to all!

2024 is a special year for myself and for JABberwocky.

40 years ago, in May 1984, that I put in my first paid day in publishing, in a 12th floor aerie loft space that Tor, Baen and Bluejay Books were sharing. Cozy quarters!

30 years ago, in the Fall of 1994, JABberwocky officially opened its door. Me, in my apartment, with a business plan mapped out on a sheet of memo paper from my previous employer that said I needed around \$25K in commission to break even my first year, and knowing where half of that might come from.

25 years ago was my first London Book Fair, when there were around 200 tables in the IRC. I had around 22 appointments, a third of them that I shouldn't have bothered with, and was sure every person who was five minutes late wasn't showing up at all. And a really ugly catalog, but, hey—I had crafted it entirely by hand.

10 years ago, JABberwocky moved into a Manhattan office.

The business has come a long way—more than anything on account of the clients I've gotten to work with, whose work we are proud to share in this year's catalog. But in no small part because of the agencies we've partnered with around the globe, and the many editors and publishers that have shared these authors with audiences around the world.

Today it's two tables at LBF, booked solid and productively, with the broadest list of titles we've ever had. And we're returning to Bologna with our widest ever assortment of YA and MG. I'm fortunate to be sharing the load with Susan Velazquez Colmant and Christina Zobel; goodness knows I've long since outgrown hand-crafting a catalog and schedule.

My thanks to all for being a part of our amazing journey, and let's keep going!

Sincerely,

Joshua Bilmes

JABberwocky Founder and President

NOT DEAD ENOUGH

- #1 in Teen & Young Adult Fiction category on Amazon
- Featured on "most anticipated" lists from *The Nerd Daily*, *The ReadDown*, *Murders & Mayhem*, *YA Book Central*, and *Teen Librarian Toolbox*

Girl in Pieces meets *Cracked Up to Be* in this raw and candid look at trauma about a girl who is being haunted by the death of an abusive ex-boyfriend.

Charlotte survived the car crash that killed her boyfriend Jerry, but that night, everything changed. Charlotte wants desperately to get back to “normal,”—whatever that means now—and start reconnecting with friends she hasn’t spoken to in months. And she’s trying to work through her PTSD with the help of her therapist, only she can’t tell the truth about Jerry or what really happened the night he died.

Just when Charlotte thinks she might be moving on, someone starts sending her threatening messages claiming to be Jerry, saying things only he would know. But it can't really be Jerry because there's no such thing as ghosts. The cold spots in her room must be a draft and the noises she hears must be the house creaking. There has to be a logical explanation for all of it. Because if ghosts are real, then Jerry came back for her—just like he always said he would.

"...[T]he pacing makes for a riveting page-turner with genuinely scary and nerve-wracking scenes that does a mostly effective job of tackling the complicated events. Goose bump inducing and thought provoking."

JUST SHY OF ORDINARY

• Featured in *The New York Times*' "Best Books for Kids Starting Middle School"

A thirteen-year-old nonbinary kid discovers that life doesn't always go according to plan, especially when they start public school for the first time, in this heartfelt middle grade novel about family, friendship, LGBTQIA+ identity, and Jewish heritage.

Thirteen-year-old Shai is an expert problem-solver. There's never been something they couldn't research and figure out on their own. But there's one thing Shai hasn't been able to logic their way through: picking at the hair on their arms.

Ever since their mom lost her job, the two had to move in with family friends, and the world went into pandemic lockdown, Shai's been unable to control their picking. Now, as everyone begins to discover their "new normal," Shai's hoping the stress that caused their picking will end, too.

After reading that a routine can reduce anxiety, Shai makes a plan to create a brand new normal for themselves that includes going to public school. But when their academic evaluation places them in a different grade, it sets off a chain of events that veer off the path Shai had prepared for, encouraging Shai to learn how to accept life's twists and turns, especially when you can't plan for them.

"Via sensitive depictions of Shai's skin picking, as well as sincere prose that yields richly developed characters, relationships, and interactions, Sass (*Ellen Outside the Lines*) captures the tension and dread of grappling with a hidden illness during a tumultuous transition."

—*Publishers Weekly*, **STARRED** review!

"Shai's struggles with identity, anxiety, first love, and faith will resonate with middle grade and young adult readers. A recommended purchase for all secondary school collections."

—*School Library Journal*

"An empathetic portrayal of multifaceted identities and the challenges of facing change."

GOOSEBERRY

A moving new middle grade novel about a young nonbinary child searching for family and finding it with a sweet rescue dog, perfect for fans of Kate DiCamillo's *Because of Winn-Dixie*.

B has lived with so many different foster families and youth programs that they can't even keep track. On top of that, B is struggling to pick a name that they want to keep for themselves. They try to keep a list of names that might fit, and they dream of being able to live in a home where they could adopt a dog and teach him all sorts of tricks. So when they meet Gooseberry, they are excited to give him a loving home.

But training a dog isn't as easy as B first suspected. Gooseberry is anxious and barely even wants to let B pet him. But the queer couple B is staying with, Eri and Jodie, help them to adopt Gooseberry and start training him. Even when Gooseberry snaps and growls, B doesn't give up. But is this new home enough to change things for good for B and Gooseberry?

Moving, heartwarming, and full of hope, *Gooseberry* is a friendship story classic in the making!

"B's struggle to find home and acceptance will have readers rooting for them and Gooseberry the dog. A must-purchase realistic fiction title for all middle grade collections."

—*School Library Journal*, **STARRED review!**

"Gow's latest middle-grade novel continues delving into the intersection of transgender or nonbinary identities with autistic and ADHD neurodivergence, and while B thinks no one would be able to understand their brain, autistic readers especially will find much that is both relatable and validating."

PETWIZARDS

A middle grade graphic novel series about a glam rock-loving middle schooler with the power to control pets who vows to use his abilities to help those in need, protect the vulnerable, and most importantly, impress his school crush.

To most kids at Cul-de-sac Middle School seventh-grader Finch Eaglehawk is just your average eccentric with a taste for the dramatic and glam rock musical numbers. But Finch has a secret—he was born a Petwizard, a human with the uncanny ability to control the animal kingdom. Each Petwizard has a different specialty and Finch's are the "irregular pets"—the naked mole rats, the bearded dragons, boa constrictors and hissing cockroaches. It's his great power and his great shame. He loves these forsaken fur balls, but he yearns for more, something elegant and cool.

But he's not giving up! With the help of his best friend, Aberdeen, a mysterious new kid named Erica, and an ancient PetWizard manual he found in the school library, Finch is owning his powers and expanding his domain. He will use his animal abilities to help those in need, protect the vulnerable, and most importantly, impress his school crush, Ken Chu, the dreamy star of the new school musical. All the while overcoming his fears and pursuing the ability to add birds to his repertoire.

Soon, he will no longer merely control nature's outcasts, he will soar like the mighty feathered guardians of his namesake. He will become a true Eaglehawk!

"Bizarre yet relatable characters, off-putting yet cute critters, and familiar messages about identity, fitting in, and being oneself ferried via uplifting storytelling make for a goofy adventure."

—*Publishers Weekly*

"The author also sneaks in a lot of deeper thoughts, cleverly disguised among the jokes. Bottom line—an enjoyable read."

A FAMILY OF KILLERS

- #1 in Teen and Young Adult Historical Fiction category on Amazon

From the author of *The Perfect Place to Die* and *Don't Go to Sleep* comes another chilling horror that explores the eerie story of America's first serial killer family, perfect for true crime fans.

Warren Bullock always thought he was a decent person. But lately he's been haunted by a sinister voice in his head urging him to commit unspeakable acts of violence against the people around him.

And then the rumors start... There have been a string of disappearances in southeastern Kansas, and his father's friend is one of the missing travelers. When Warren's father leaves to investigate and doesn't return, Warren knows this is his chance to prove that he is stronger than his darkest impulses.

As he makes his way through Kansas, he finds himself at a suspicious inn run by the Benders, a family with deeply unsettling mannerisms. They watch every move he makes, stand over him in his sleep, and the daughter seems to be able to see into both the past and future.

As he delves further into the disappearances, he realizes one or all of the Benders may be responsible for all the missing people—and might be the reason his father never came home. It's up to Warren to set things right, even if that means giving into the voice he has been working so hard to ignore.

"There was a lot of excitement in this story. A tornado, bandits trying to rob [Warren], stampeding buffalo herds, the Benders themselves, and just getting lost too. There was code breaking, solving a mystery and using clues to try to find the Benders. I could see my students enjoying this one for sure!"

—*Lisa Loves Literature*

TRESS OF THE EMERALD SEA

- #7 *New York Times* bestseller
- #7 *Sunday Times* bestseller
- #2 *La Vanguardia* bestseller (Spain)
- Amazon Editor's Pick for Best Science Fiction and Fantasy

#1 *New York Times* bestselling author Brandon Sanderson brings us deeper into the Cosmere universe with a whimsical cozy fantasy that will appeal to fans of *The Princess Bride*.

The only life Tress has known on her island home in an emerald-green ocean has been a simple one, with the simple pleasures of collecting cups brought by sailors from faraway lands and listening to stories told by her friend Charlie.

But when his father takes him on a voyage to find a bride and disaster strikes, Tress must stow away on a ship and seek the Sorceress of the deadly Midnight Sea. Amid the spore oceans where pirates abound, can Tress leave her simple life behind and make her own place sailing a sea where a single drop of water can mean instant death?

"Engrossing worldbuilding, appealing characters, and a sense of humor make this a winning entry in the Sanderson canon."

—*Kirkus*, **STARRED** review!

"Sanderson's storytelling rhythm makes this a fun excursion into an ancillary world of the Cosmere, where a world-building whim—in this case, seas made of spores rather than water—grows into a full fledged adventure.... An original fairy tale that will delight fans of William Goldman's *The Princess Bride* and Neil Gaiman's *Stardust*"

ALCATRAZ VS. THE EVIL LIBRARIANS (#1)

“Like Lemony Snicket and superhero comics rolled into one (and then revved up on steroids)...sure to win passionate fans.”
—*Publishers Weekly*, **STARRED** review!

“This is an excellent choice to read aloud to the whole family. It’s funny, exciting, and briskly paced. Best of all, the message it gives young readers is that a person’s flaws—being late, breaking things, etc.—can sometimes turn into useful talents.”
—*NPR*

Love, Simon meets *Bend It Like Beckham* in this feel-good contemporary romance about a trans athlete who must decide between fighting for his right to play and coming out to everyone.

Fifteen-year-old Spencer Harris is a proud nerd, an awesome big brother, and a David Beckham in training. He's also transgender. After transitioning at his old school leads to a year of isolation and bullying, Spencer gets a fresh start at Oakley, a liberal private school.

At Oakley, Spencer seems to have it all: more accepting classmates, a starting position on the boys' soccer team, great new friends, and maybe even something more than friendship with one of his teammates. The problem is, no one at Oakley knows Spencer is trans—he's passing and hasn't come out to them.

But when a discriminatory law forces Spencer's coach to bench him, Spencer has to make a choice: cheer his team on from the sidelines or publicly fight for his right to play, even though it would mean coming out to everyone and risk losing everything—including the guy he's falling for.

"Balancing hope and honesty, this debut deftly handles multiple social themes, including racism, privilege, identity, and accessibility. A game-changing score to the back of the net."

ODE TO MY FIRST CAR

A charming sapphic YA novel-in-verse about a bisexual teen navigating a summer of self-discovery as she deals with first loves and her first car, and finds a mentor who helps her figure out what it means to be a queer teenage girl today.

Claire Kemp, a closeted bisexual, is finally starting to admit she might be falling in love with her best friend, Sophia, who she's known since they were four. However, she's not sure if Sophia feels the same way and Claire is hesitant to risk the friendship.

Claire's worries are interrupted when she crashes her beloved car and must take a job at the local nursing home to pay for the repairs. There, she meets Lena, an eighty-eight-year-old lesbian woman who tells Claire stories about what it was like growing up gay in the 1950s and '60s.

As Claire spends more time with Lena and grows more confident of her identity, another girl, Pen, comes into the picture, and Claire is caught between two loves—one familiar and well-worn, the other new and untested.

"Gow (who is bisexual, queer, and trans), writes with authority, insight, and considerable poetic skill...The result is a highly readable, character driven exercise in literary fiction that is highly recommended."

A MILLION QUIET REVOLUTIONS

A moving novel-in-verse that is a love letter to trans relationships, perfect for fans of *The Poet X*, *Darius the Great is Not Okay*, and *Aristotle and Dante Discover The Universe*.

For as long as they can remember, Aaron and Oliver have only ever had each other. In a small town with few queer teenagers, let alone young trans men, they've shared milestones like coming out as trans, buying the right binders and falling for each other.

But just as their relationship has started to blossom, Aaron moves away. Feeling adrift, separated from the one person who understands them, they seek solace in digging deep into the annals of America's past.

When they discover the story of two Revolutionary War soldiers who they believe to have been trans men in love, they're inspired to pay tribute to these soldiers by adopting their names. As they learn more, they delve further into unwritten queer stories, and they discover the transformative power of reclaiming one's place in history.

"A beautifully written novel in verse about self-discovery and first love...A stunning YA debut."

—*School Library Journal*, **STARRED review!**

PROM THEORY

- Featured on “most anticipated” lists from *Book Riot*, *Just Another Teen Reading*, *Pop Goes the Reader*, and *A Court of Coffee and Books*
- Featured on Children’s Book Council’s “Reading List for Disability Awareness”

A YA rom-com in the vein of Ali Hazelwood’s *The Love Hypothesis*, in which a neurodivergent teen girl’s social experiment goes awry when she realizes she’s in love with her best friend.

Science has helped Iris Oxtabee navigate so many parts of life that she’s sure there’s nothing it can’t explain. Love, for example, is just chemistry.

Her best friend Seth, however, believes love is one of life’s beautiful and chaotic mysteries. But Iris isn’t one to back down from a challenge: she’s determined to prove love is really nothing more than hormones and external stimuli. The perfect way to test her theory? Get the newly-single mega-hottie Theo Grant, who doesn’t even know Iris exists, to ask her to prom!

With prom just two weeks away, Iris turns her laser-focus attention to her experiment. What she doesn’t notice is that Theo’s handsome face is hiding something uglier. Will she see Theo’s true colors, or will her friendship with Seth—and the possibility for something more—become the failed experiment?

“...I genuinely enjoyed every scene with Iris, Esther and Seth. Their friendship was so fun and loving, and embodied true friendship in the desire to help one another no matter what.”

A cozy, funny YA fantasy perfect for fans of Rainbow Rowell and Sarah Rees Brennan, about a baker's apprentice who must embrace her magical talents in a world where magic is seen as useless.

It's not all sugar and spice at Basil's Bakery, where seventeen-year-old Aurelie is an overworked, underappreciated apprentice. Still, the job offers stability, which no-nonsense Aurelie values highly—until a stranger walks in and upends Aurelie's careful life forever.

The stranger, who turns out to be a remarkably bothersome bounty hunter named Iliana, asks for Aurelie to use her Seeking abilities to help rescue Prince Hapless, the charming-but-aptly-named prince. Even more dangerous are the feelings she's starting to have for Hapless. The more time Aurelie spends with him, the less she can stand the thought of going back to her solitary but dependable life at the bakery. VODNÍK

- Winner: AML Award for Best Young Adult Novel

A Slovak-inspired fantasy for fans of Percy Jackson, about a teenage boy who must make a deal with Death to protect himself from the various supernatural creatures trying to steal his soul.

When Tomas was six, someone—something—tried to drown him. And burn him to a crisp. Tomas survived, but whatever was trying to kill him freaked out his parents enough to convince them to move from Slovakia to the United States.

Now sixteen-year-old Tomas and his family are back in Slovakia, and that something still lurks somewhere. Nearby. Ready to drown him again and imprison his soul in a teacup.

Then there's the fire víla, the water ghost, the pitchfork-happy city folk, and Death herself who are all after him.

All this sounds a bit comical, unless the one haunted by water ghosts and fire vílas or doing time in a cramped, internet-deprived teacup is you.

If Tomas wants to survive, he'll have to embrace the meaning behind the Slovak proverb, "With Death, nobody makes a pact."

"A shy boy blossoms in this surprisingly witty debut."

LUX

• #51 bestseller on Audible

An audio original novella co-written by Brandon Sanderson and Steven Michael Bohls, set in Brandon Sanderson's #1 bestselling Reckoners universe, following a new cast of Reckoners that must infiltrate the flying city of Lux to take down the evil Epic Lifeforce.

When the great red star Calamity appeared in the sky, some believed the end had come. They were right.

Calamity created the Epics: humans with incredible powers they didn't deserve.

They could have saved mankind. They could have lifted us into harmony and prosperity. Instead they burned. They slaughtered. They conquered. And then they ruled.

Jax has learned all of this the hard way. Orphaned at an early age, he's spent most of his childhood training to be a Reckoner—determined to find the Epics' weaknesses, unlock their secrets, and protect those of us who are still left.

But now, the mysterious High Epic Lifeforce has arrived with his flying city, Lux, to plunder what's left of Texas. So Jax and his ragtag team—the few who remain of the once-mighty Texas Reckoners – must take their battle to this floating fortress of riches—and defeat the invincible. To avenge what has been lost. And rise anew.

"If you want to discover [the Reckoners series] for yourself, this would be a perfect place to jump on board, and I would also recommend the book for existing fans as it is a hugely entertaining spinoff that adds a lot to the original trilogy."

Perfect for fans of *The Martian*, this standalone middle grade novel follows two children who go on an unauthorized expedition out onto the surface of Mars when a solar flare hits, knocking out power and communication to the rest of their colony. Together, they'll have to race to survive and return home before their supplies run out.

Publication Date:

Michael Prasad knows he shouldn't go out on the Mars surface alone. It's dangerous. His parents have forbidden it. And the anxiety he feels almost every time he puts on a spacesuit makes it nearly impossible for him to leave the safety of the colony. But when his best friend, Lilith, suggests they sneak out one night, he can't resist the chance to prove everyone—including himself—wrong.

As the two ride along the Mars surface in a stolen rover, miles from the colony, a massive solar flare hits the planet, knocking out power, communication, and navigation systems, and the magnetic field that protects the planet from the sun's deadly radiation. Stranded hours from home with an already limited supply of food, water, and air, Michael and Lilith must risk everything if they're going to get back to the colony alive.

"[A] fresh take on heroism through an honest portrayal of the emotional struggle of overcoming anxiety. [...] Readers will be left breathless by stunning descriptions and harrowing feats of survival as two tweens face death, danger, and emotional upheaval."

ONE OF THE BOYS

A heartwarming, affirming novel about breaking barriers, finding the people you love in unexpected places, and how hard it is to exist in a world where you've changed and everyone else has stayed the same set in the world of high school football.

Grace Woodhouse has left a lot behind. She used to have a great friend group, an amazing girlfriend, and a right foot set to earn her a Division I football scholarship—before she came out as trans.

As senior year begins, Grace is struggling to find her place in early transition, new social circles, and a life without football. But when her skills as the best kicker in the state prove to be vital, her old teammates beg her to come out of retirement, dragging her back into a sport—into a way of life—she thought had turned its back on her forever.

As the football season progresses, Grace is torn between her responsibility to the team and her new queer community. Pressure mounts on her from all sides: to "act straighter" so she can fit in with the boys, to use her newfound fame to advocate for queer athletes, to deal with the undeniable fact that she and her ex-girlfriend still have chemistry, and to make an impossible college decision that could thrust her into the national spotlight. But Grace isn't prepared to be a token, a symbol, or an activist—she's just a teenage girl.

When a chance meeting cracks the door to college football back open, she has to decide how much of herself she's willing to give up for the game she loves.

One day Ella meets her dad's uncle Geoff and learns a family secret. Some people on her dad's side of the family can teleport. Ella has part of the family mark—a dot on one of her pinkie toes. So when Ella discovers she can indeed teleport, she doesn't tell anyone other than Manny. She decides she doesn't need to be trained. She's doing just fine figuring things out on her own. And by being able to teleport, she and Manny can now do even bigger secret acts of random kindness than they were ever able to before.

But teleportation doesn't always work the way Ella wants or expects it to. She doesn't always feel so good after teleporting. She doesn't always end up exactly where she thinks she will. And sometimes it doesn't even work. She's also been almost caught teleporting. More than once.

When Ella is finally caught teleporting by her mother, she must admit the truth about her powers and learn how to use them properly.
