Ilona Andrews | MAGGIE THE UNDYING

Epic Fantasy–Romance
3–book, 7–figure pre–empt/Tor
Publication 2026
(Translation: France, Germany—NYLA,
Other territories: Tor)

#1 *NEW YORK TIMES*, #1 *USA TODAY*, #1 *WALL STREET JOURNAL*, #1 *WASHINGTON POST*, #1 *AMAZON*, AND INTERNATIONALLY BESTSELLING AUTHOR
OVER 5 MILLION ILONA ANDREWS BOOKS IN PRINT
ALMOST 2 MILLION REVIEWS/RATINGS ON AMAZON & GOODREADS

Tor has announced its pre–empt of *MAGGIE THE UNDYING*, first in a trilogy, by #1 *New York Times* bestselling author Ilona Andrews! *Game of Thrones* meets *Outlander* in an original epic fantasy/romance saga that blends heroic fantasy, romance, portal isekai, and D&D with the authors’ signature blend of humor, emotion, action, and imagination.

When Maggie wakes up cold, naked, and filthy in the kingdom of Rellas, she immediately recognizes the world she knows intimately from her obsessive reading of an unfinished dark fantasy series while waiting for the final novel. With no idea how or why she’s landed in this gritty, violent world, she’s determined to survive until she can figure out how to get home with her only tools—an encyclopedic knowledge of the plot, settings, and the characters’ actions, motivations, and fates: information she can sell to the highest bidder—all while staying under the radar so as not to affect the very information she plans to barter.

She quickly discovers another, surprising “skill:” she cannot be killed (though many will try). As she becomes more attached to the motley band she’s gathered around her—which includes a former lady’s maid, a deadly assassin, a dangerous soldier, and various outrageous creatures—she finds herself trying to save them, and the Kingdom of Rellas, from the cataclysmic war she knows is coming.

The pseudonym for a husband-and-wife writing team, Ilona Andrews is a titan of the fantasy and romance genres. They are the #1 *New York Times* and *USA Today* bestselling authors of beloved fantasy, paranormal, and science fiction titles including the *Kate Daniels*, *Hidden Legacy*, *Edge*, and *Innkeeper Chronicles* series, with more than 3.5 million books in print, and a social reach of over 9 million.

Chinaza Bado | BIRTH OF A DYNASTY

Debut Epic High Fantasy

3-books, 6-figures/Harper Voyager US & UK

Summer 2025 (Translation: NYLA)

We shall not forgive. We shall not forget. We will have our vengeance.

Classic old school fantasy from a fresh new voice! Combining the political intrigue of SHE WHO BECAME THE SUN with the gorgeous world-building of CHILDREN OF BLOOD AND BONE, BIRTH OF A DYNASTY is the start of a thrilling epic fantasy trilogy centered around three families' fight for power in Ahkebulin, a land where magic is feared, giants are real, and prophecy holds sway.

Young M'Kuru Mukundi seeks vengeance, and vengeance only. After losing his entire family, he vows to dismantle the powerful clan that wrought destruction on his people. But nothing good comes fast or easy. So M'kuru hides under the assumed identity of a farm boy, Khalil, amongst his enemies; watching, waiting...biding his time for the perfect moment to strike.

Across the country, young noble Zikora Nnamani knows nothing of political intrigue—she wants little more than to be a fierce warrior. But a much feared prophecy has made her the secret and only living threat to the murderous family that now rules. And when lured to the palace, she may bring the world one step closer to all-out war.

M'kuru and Zikora must do what they can, no matter how terrible, to save their people and claim vengeance for their families. But they are just two young people against an entire kingdom—and a prophecy destined to thwart their dreams—and the last thing they can do is trust anyone...perhaps even each other.

Chinaza Bado was born in Canada but is a daughter of a father from Obizi Mbaise in Imo state and mother from Okija in Anambra, both of the Igbo tribe of southeastern Nigeria. She grew up listening to stories of the great Igwes, Ezes, and Obis, travelers, and native rulers, and myths and legends from around the world. She also writes as J.J. McAvoy in a variety of genres, including the Regency *DuBells Family* trilogy, billionaire/mafia *Ruthless People* and *Children of Vice* series, single title romcoms, and the paranormal romance series *My Midnight Moonlight Valentine*.

It follows Hope Lanover, who is in dire need of a vacation after an imploding relationship and flatlining creative ambitions. She can't seem to locate the badass girl she used to be so when her best friend invites her on a luxury cruise, she goes along with it, despite decidedly not being a cruise person.

Felix Segrave—a sober, determinedly single, workaholic chef—hates leaving his restaurant and routine. But when his parents surprise him and his sisters with cruise tickets, he can't say no: he's disappointed them too many times in his troubled past.

Hope and Felix are prepared to grin and bear it...until they lock eyes at check-in. Suddenly, a ten-day fling in the Caribbean with a sexy stranger doesn't seem so bad. But when their romantic demons catch up to them, and a huge fight leaves them stranded in paradise, they must work together—not to mention share a bed—to make their way home. Can they navigate the stormy seas of love, or will they face a romantic shipwreck?

As Scarlett Peckham, Katelyn Doyle is the author of the *USA Today* bestselling *Society of Sirens* and *Charlotte Street* historical romance series.

Heather Frances | CHASE ME IF YOU CAN!

Debut Romcom

On submission, multiple offers!

This slowburn, frenemies-to-lovers romcom debut by writer and real-life storm chaser Frances is perfect for fans of the classic movie *Twister* (along with its summer sequel, *Twisters!*), and the sexy, independent heroines brought to life by authors like Ali Hazelwood, Jen DeLuca, and Tarah DeWitt.

Professional wedding photographer, Sloane Michaels might spend most of her time knee-deep in taffeta and champagne, but her heart lies in the six weeks each spring she trades following flower girls for chasing tornadoes. And when world-renowned magazine *Nature Shots* announces a cover contest with only select photographers invited to participate, Sloane—one of only five women competing—knows that winning could be the break she needs to establish a real foothold in landscape photography. She hits the road eager to begin her chase, and not even a week into tornado season finds herself caught up in the chaos that is “Wild Wes” Talbot.

Something of a legend among storm chasers, Wes has been Sloane’s close, personal frenemy for the last decade and is the man to beat in the contest. Now, thanks to his own recklessness, his season’s on hold until his truck can be repaired. But with an active weather pattern emerging, Sloane doubles down on her need to beat Wes fair and square, inviting him to join her and pursue the storms together. As the weather builds and they battle baseball-sized hail, stormy skies, and motel rooms with only one bed, Sloane can no longer deny that Wes has a sweet streak she never expected. She begins to believe that maybe she could be the one to tame some of his wildness. And as the weeks go on, Sloane wonders if she might lose something far more important than a contest: her heart.

Heather Frances is an occasional storm chaser and lifelong weather nerd who has had too many fights with math to ever be a meteorologist. With a day job in finance, she brings her own experiences in a male-dominated field to her heroines’ perspectives. Heather is also a first reader for the annual RevPit (Revise & Resub) contest.

“I always open a Frost book with happy anticipation!” —#1 New York Times bestselling author Charlaine Harris

Beauty has become the Beast in this compelling blend of romance, sizzling chemistry and high stakes danger, a deadly world of power and mythic monsters, barely kept behind borders by (equally deadly) Guardians. But sometimes the boundaries falter...

Rayne Stone's family was murdered by a horrific creature while camping. The sole survivor, young and traumatized, her account of the attack was attributed to shock, but Rayne knows all too well that her story is true — because she carries that Beast inside her! She's been restraining its hunger to kill by letting it "feed" on the pain and chaos she sees as an ER nurse—and has even used its energy to surreptitiously heal some of the most injured. She also "exorcises" its urges by playing vigilante against would-be criminals on the dark night streets.

But when she rescues Declan, a charming, frail Irish gentleman from an attack, she opens herself to a new world of horror—literally. She discovers the wall between a realm of deadly mythic creatures and our own world is very thin and "managed" by a territorial Guardian: in this instance, the wealthy, powerful (and supremely sexy) Remy, Declan's nephew.

Remy can barely hold the border and the terrors it contains, and Rayne is an unwelcome complication. But she may also be the path to saving Declan. Will they be friends or foes, or something else entirely? And forced into an arranged partnership, can they save ordinary humanity?

Jeaniene Frost's internationally bestselling works include the *Night Huntress*, *Night Prince*, and the *Broken Destiny* series. Her books have been sold in 21 countries.

Molly Harper | Moonshadow Cove Series

Paranormal Romcom (with a side of mystery!)

Major 3-book deal/Audible Originals

Publication 2025, '26

(UK & Translation: NYLA)

Get ready to be swept away in a brand new heartwarming and hilarious trilogy, a spinoff of the *USA Today* bestselling *Starfall Point* series by #1 Audible bestseller, and reigning queen of paranormal romcoms, Molly Harper, that's perfect for fans of Sarah Hawley, Erin Sterling, and Lana Harper.

The Seaworth sisters live on the far windward side of Starfall Island, only venturing into town once every other month for supplies. A trio of water witches, they need space to work their magic. But when a sinister ghost energy starts to inhabit the island, the sisters will have to venture out of their comfortable cove and discover all the magical places hidden on their island's other side.

When a mysterious portal opens up in their backyard, the pressure to figure it out begins to mount—just as a representative from the organization supervising working witches lands on the island, ratcheting things up even more.

Book 1: Grumpy meets Sunshine when Amber Seaworth turns ghost-tour guide Grayson Brockhurst's world upside down. No-nonsense and general know-it-all Grayson doesn't believe in ghosts, or magic, but he's kept his company alive to honor of his beloved grandfather, who loved the island's lore. But Amber has a few tricks up her sleeve to help Grayson expand his worldview, maybe even to include the possibility of happily ever after!

Book 2: Opposites Attract when the ultimate homebody Coral Seaworth, and the peacemaker of her siblings, falls for outgoing Iggy Gillensky. Affable and charming Iggy introduces Coral to life in the "outside world," and she's surprised to find it's not nearly as scary as her family made it out to be...and neither is Iggy!

Book 3: Enemies to Lovers scorches when James Hapley and Pearl Seaworth finally go head to head. Pearl isn't sure if they're engaged in the most prolonged bout of slow-burn foreplay or if they may actually murder each other. But if they don't figure out how to work together to solve the mysterious portal issue and the reign in the sinister ghost energy that's been haunting the island...she may not have the chance to discover whether it's going to be love... or murder!

Luckily, for the Seaworth sisters, life, magic, and love, have a way of finding happily-ever-after solutions to the most unusual of paranormal mysteries!

Contemporary Romcom
10–Publisher Auction, 3–book Major Deal/Putnam
Publication June 25,'25
(Translation: PRH)

Putnam won a 10–publisher auction for three romcoms by Mia Sosa, *USA Today* bestselling author of *THE WORST BEST MAN*, in a major deal, starting with the fun and flirty *WHEN JAVI DUMPED MARI* about a pact between friends that goes awry when one of them unexpectedly announces they're getting married.

On the eve of their college graduation, best friends Javier Báez and Marisol Campos swore never to date someone the other doesn't approve of. Now, ten years later, Javi has a problem. Mari, the woman he's secretly pined for since sophomore year, is planning to marry—and Javi didn't even get the chance to vet the Pedro Pascal knockoff.

Mari, a successful entertainment lawyer in Los Angeles, is no longer seeking Javi's dating advice or waiting for him to declare his love for her. Instead, she's made a different pact—with herself. And to succeed, she'll need to build a future with someone else.

With his life and theater career finally on track, Javi's ready to confess his feelings. Except Mari's changed the script and moved on without him. Which means he has eight weeks to convince her this marriage is a flop. And if Javi has to ruffle some feathers to help Mari avert a disaster, well, he's up for the challenge. After all, isn't that what best friends are for?
