Dedication

**Picture It**

It's 11:00 p.m. You're burning a mix CD for your crush and have been at it for hours. Your eyes begin to blur from scrolling through LimeWire, downloading song after song after song, praying you don't get a virus. Once you've arranged the tracks in the most genius order, you delicately write out the title and artist of every song in a

beautiful spiral on top of the CD before sliding it into a hand-decorated plastic case. Voilà!

**The Vibe**

Dayamm did our teenage selves know a thing or two about dedication or what?! This card pops into our sphere when we need the reminder that we have what it takes to make something great. It may not be easy. It may require a thousand tiny steps. It may be a while before we see the fruits of our labor, but the wisdom of this card is: YOU CAN DO IT. Whatever you've been secretly or not-so-secretly longing for, this is a sign that when your heart and actions align, good things will happen.

# You're Going to Be OK

(Because You're F\*cked No Matter What)

BY DARBY HUDSON

*You're Going to Be OK* is a book on art, jobs, magic and muddling through. These hand-typed fragments were gathered by the train tracks at night over ten years, after author Darby Hudson worked meaningless jobs, trying to make sense of a strange world that insisted it was "perfectly normal." The observations in *You're Going to Be OK* are little fragments of collected wisdom that sit somewhere between poetry, comedy and aphorism. With sixty new poems, this updated edition includes even more of Hudson's reflections to enjoy.

# My Perfectly Imperfect Body

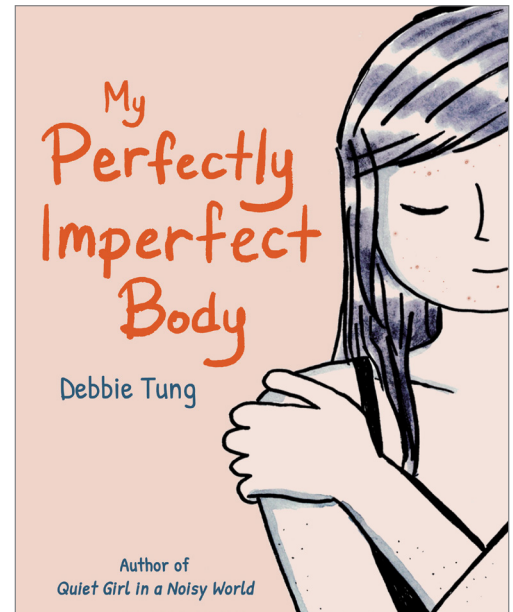

BY DEBBIE TUNG

Debbie Tung has a simple and gentle message: your body is worthy of being treated with kindness and love at any size.

Illustrated in her unique personal style, Tung shares the experiences of her teenage years and how growing into a mature body combined with teenage angst, vulnerability, and the pressure on girls to be thin and pretty spiraled her into disordered eating. She became obsessed with exercising and dieting, but no matter how much weight she lost, it was never enough. She spent the next few years trying to heal her eating habits, learning about self-love, and finally making peace with her body.

*My Perfectly Imperfect Body* is her story and one she shares with many survivors of the thin-obsessed early-2000s. She hopes her gentle comics provide a safe space to rest on whichever healing journey you find yourself on as you read.

Since her debut in 2017, Debbie Tung's titles have sold over 45,000 units combined.

# Wild That We're Alive

BY LAUREN HALDERMAN

Following the artist and her family—three humans, three cats, and one dog—through twelve months of morning coffees, late night TV, laundry folding, and walks in the woods, *Wild That We're Alive* invites the reader to marvel at the wonder and weirdness of the ordinary.

Depicting herself as a wolf on the page, Lauren embraces the moniker “Momboy”: part responsible child-rearing adult and part lovable feral kid. In her particularity, she is all of us: grappling with anxieties, awed by the little things, and ready to throw her hands up and laugh or cry in the face of social media, squirrels, politics, and figuring out what to have for dinner. In these pages, Lauren intersperses her diary comics, pithy observations, and philosophical musings with a handful of painterly full-bleed illustrations to show the passing of the seasons.

# Night at the Vampire Castle

BY HARI CONNER

Stranded in rural Transylvania on a stormy night, you stumble upon an ominous castle, where the mysterious inhabitants seem keen to have you... for dinner.

In Hari Conner's newest choose-your-own-path book, the reader chooses between gothic romance, partying with werewolves, or seducing an ancient vampire into revealing their secrets. Get swept away from the 9-5 by a whirlwind romance or steamy encounters - if you can avoid meeting your end...

With three main vampire romance paths with multiple endings, this story has fun, lighthearted elements as well as gothic themes, with choices to explore characters' pasts in real European and queer history. Spend a *Night at the Vampire Castle*, if you dare.
