Green Houses

NATURAL BUILDING MATERIALS, GREEN ROOFS AND FAÇADES,
NATURE-ORIENTED CONSTRUCTION, CONNECTING THE INDOORS AND
OUTDOORS

Date of publication: May 28, 2025

With 220 colour illustrations and 60 floor plans

Building with nature instead of against it

"Green Houses" presents 25 exemplary single-family homes that incorporate nature: whether through a construction method that takes the landscape into account, through regional building traditions and constructions, or through sustainable, natural building materials such as wood, clay, reed, flax and hemp, or through green façades and roofs. The projects range from an alpine hut that has been converted into a home, to a house on the waterfront, to a straw bale house in Lower Saxony. Chapters on natural building materials, green roofs and façades, natural construction, and connecting indoor and outdoor spaces provide practical information on these important topics for all builders. An overview of recommended planners and further reading concludes the volume.

The book shows how sustainable and comfortable houses can be created that also have a positive impact on the carbon footprint – through the careful staging of a wonderful location in the countryside, through products made from renewable raw materials, and through plants and greening.

- Exemplary new buildings and conversions with green credentials: working with nature rather than against it, using sustainable natural building materials and

Heal naturally with anti-inflammatory & hormone-friendly recipes

Silent inflammation, hormonal imbalance, chronic fatigue – many of these complaints do not arise overnight, yet they are often not taken seriously. This book is for anyone who longs for a greater connection with their body and wants to understand what really lies behind fatigue, skin problems or mood swings. Elisa Dag sensitively shows how an overworked liver, a stressed intestine and permanent inflammatory processes can disrupt hormonal balance and how we can regain balance through conscious, natural nutrition and gentle impulses from naturopathy.

This is not about dogmatic rules or short-term trends, but about a deep understanding of the body's signals. With holistic knowledge, everyday tips and over 85 nourishing recipes that have a natural anti-inflammatory and hormone-friendly effect, this book accompanies you on your journey to more energy, clarity and well-being.

Particularly valuable: the book includes a 3-week intensive programme that supports you step by step in relieving, building up and stabilising your body –

Elisa Dag

Elisa Dag is a holistic nutritionist specialising in naturopathy, a fitness trainer and mother of four children. She is passionate about combining nutrition, exercise and a healthy lifestyle. She offers hula hoop and running courses, among other things, to get people moving holistically. On Instagram, she inspires over 180,000 followers at @fitmitelisa with simple, plant-based recipes that are gluten-free, sugar-free and, above all, anti-inflammatory. Her approach combines modern nutrition science with proven naturopathic knowledge to provide lasting support for the gut, liver, hormones and immune system.

suitable for everyday use, nutrient-rich and lovingly guided.

In addition, the four phases of the cycle are discussed, with accompanying knowledge and tips on how you can better align your diet, energy levels and body awareness with your hormonal rhythm.

With lots of practical tips on vegan, protein-rich, anti-inflammatory and gluten-free cooking and baking, as well as inspiration from naturopathy to help you strengthen your body holistically.

The Wave of Your Emotions

UNDERSTAND YOUR NERVOUS SYSTEM AND LEARN TO REGULATE YOUR EMOTIONS – FOR GREATER INNER PEACE AND EMOTIONAL STABILITY

Date of publication: November 19, 2025

How to learn to hold yourself together – even when you're feeling stormy

In this book, I take you on a journey back to yourself; to your body, your feelings, your inner sea.

Perhaps you sometimes feel overwhelmed by yourself. Your emotions are too loud and your everyday life too fast. Your nervous system is in a constant state of alarm. You function – but you no longer feel. Or only in extremes.

I know this place. I've been there. And I found my way back. Not because I had "it under control", but because I learned to accompany myself.

This book is not a guide to functioning. It is an invitation to feel yourself again; to recognise yourself in your depths and learn how to deal safely with everything that is inside you – even when it is stormy at times.

"The Wave of Your Emotions" combines personal stories, scientific background and practical ideas for your everyday life. It is a book for anyone who no longer wants to run away – but wants to learn to stay.

For everyone who wants to feel without losing themselves. And for everyone who knows that healing is not a decision – it is an experience.

HOW TO CELEBRATE YOURSELF WHEN NO ONE ELSE DOES

Date of publication: December 10, 2025

**You don't need coaching. You need clarity. And a journal.
Because that helps.**

Milka Loff Fernandes writes about what happens when women stop functioning – and start feeling.

This book is for everyone who isn't a machine. But a human being.

With bodies. With hearts. With anger, longing and a quiet hope that there must be more.

The End of Searching

YOGA SUTRA – GUIDE TO A FULFILLED LIFE

Date of publication: December 03, 2025

Everything is already there – remember instead of searching

Family, job, everyday life – and in the midst of it all, the longing for moments of peace. You've tried many things to find peace, but you're still not where you want to be? The Yoga Sutra, one of the most important yoga texts, helps you on your way to yourself. Moritz Ulrich, one of Germany's most successful yoga teachers, makes this ancient text accessible to you – with clear explanations, personal stories and practical exercises. In his book, he invites you to leave the merry-go-round of thoughts behind and rediscover what has always been there: your inner light, your essence.

This book is an invitation to rediscover the timeless wisdom of the Yoga Sūtra and integrate it into the modern world. A reminder to explore the fullness of life with an open mind.

- Timeless wisdom for hectic times
- Understanding and practising yoga philosophy – for clarity and connection

YOUR COSMIC KEY TO SELF-KNOWLEDGE. CARD SET & DETAILED ACCOMPANYING BOOK.

Date of publication: September 24, 2025

Welcome to your journey through the 64 Human Design Gates!

These cards are your daily reminder that you are more than your doubts or what others expect of you. Each card tells you about one of the 64 Human Design Gates that live within you as a frequency and shows you how you can best use your energy.

Human Design expert Kristina Keller takes you on this journey back to your true core. You won't find rigid rules in these cards, but rather impulses that help you get a little closer to yourself – even on days when everything is upside down. You can draw them when you're stuck, when you're looking for clarity, or when you just need a little magic in your everyday life.

Let the cards become your playground: shuffle them, try them out, take what suits you right now and leave everything else for now.

Whatever you do with them, above all, have fun trying them out and enjoy the journey back to yourself!
