## Fairy Tale Retellings, Volume I

SCARLETT ST. CLAIR

From #1 *New York Times* bestselling author Scarlett St. Clair comes a beautiful hardcover bind-up of the first two novellas in the *Fairy Tale Retellings* series, *Mountains Made of Glass* and *Apples Dipped in Gold*, with exclusive new art.

### *Mountains Made of Glass*

When Gesela unwillingly kills a toad that lives at the bottom of the town well, she is kidnapped by five Elven princes. Her punishment: banishment to their brother, the Beast. Gesela expects to be the prisoner of a hideous monster, but the beast turns out to be exquisitely beautiful, and rather than lock her in a cell, he offers Gesela a deal. If she can guess his true name in seven days, she can go free. Gesela agrees, but there is a hidden catch—she must speak his name with love to free him, as well. Can either of them learn to love in time?

### *Apples Dipped in Gold*

Orphaned at a young age, Samara is left under the care of her three horrible brothers. Just when she thinks she cannot take another day of their abuse, a handsome prince offers for her hand in marriage, but on her way to her new kingdom, her carriage is ambushed by Lore, the wicked Prince of Nightshade. Samara believes that the fae has snatched away her chance at freedom to punish her for her crimes against his kind, but the truth is that the Elven Prince has pined after Samara for seven long years. She is all he can think about—a toxin in his blood. Can the Prince of Nightshade, whose power over poisons rivals none in the Enchanted Forest, manage to find a remedy, or will he succumb to her love?

Jasper agrees to let Eliza restore the conservatory and will share the plants in the garden, but she must do it all alone and stay in the manor while doing so. After finding a rare corpse flower, she agrees to stay, only to be visited by the ghost of Jasper's mother, who seems to need her help but can't speak to her, eventually leading her to a magical locket buried in the soil that helps her communicate with Eliza. # A Rose of Blood and Binding

CLAIRE LEGRAND

**Third in the enchanting, sexy romantasy series from *New York Times* bestselling author Claire Legrand, perfect for readers of Sarah J. Maas and Jennifer Armentrout.**

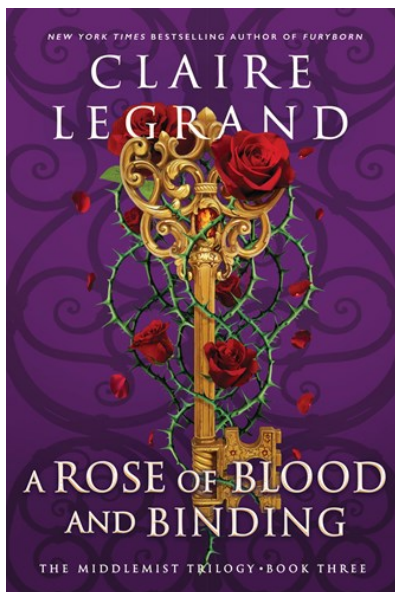

War is raging in Edyn. The battered Middlemist can barely hold itself together. Olden monsters terrorize the land. The gods are awakening from their ancient slumber, but if the vengeful Kilraith destroys them, all will be lost. And it's up to the Ashbourne sisters—demigods, daughters of the goddess Kerezen—to stop him.

But the sisters are spread thin. Gemma and Talan travel the world in a desperate search for the gods. In the capital, Farrin and Ryder shelter countless refugees amid roiling unrest. And Mara Ashbourne, bound to the Middlemist and longing for a home she can never return to, is just trying to survive.

Every day is chaos as Mara battles invaders and fights to protect her fellow Roses. The presence of librarian Gareth Fontaine doesn't help. Charming, brilliant, far too confident, and annoyingly reverent of the Roses—and Mara most of all—he's a distraction Mara can't avoid or afford. Especially since she can see the shadows of Mhorghast brimming underneath his dazzling smile. Shadows of violence, suffering, and shame that she knows all too well. Shadows that terrify her more than any monster.

As Mara and Gareth search the Old Country for Kilraith's final three curse-anchors—and for signs of the late queen Yvaine—a slow-burning passion born of sorrow and solace sparks between them, one that could finally bring Mara to the very home she longs for...or drive her toward the dark fate she secretly craves, and bring both worlds crashing down alongside her.

- ***New York Times* bestseller!** Claire Legrand is the *NYT* bestselling author of the *Empirium* trilogy; she has sold over 339k copies with Sourcebooks. Her first adult fiction title *A CROWN OF IVY AND GLASS* was an instant *USA Today* bestseller and has sold over 33k copies.
- **Strong hook:** High concept fantasy + strong, sexy romantic elements + the elegance and drama inspired from the world of *Bridgerton* = a bingeable story that readers won't be able to stop taking about.
- **Romantasy is HOT:** Readers can't get enough of romantic fantasy; Claire Legrand's adult fantasy stories will sit right next to Sarah J. Maas, Scarlett St. Clair, and Jennifer Armentrout.
- **Series information:** Third in *The Middlemist* trilogy. Three sisters in a noble magic family must fight to protect their home from invasion by the creatures of the Old Country—the realm of the gods and the birthplace of magic—before the weakening Middlemist, the boundary dividing the two worlds, disappears forever.
- **Story tropes:** Jock/nerd, reverse beauty and the beast, he falls first, slow burn, reformed rake; inspired by the classic romantic ballet *Swan Lake*.
- **Author and story location:** Claire Legrand lives in Virginia; the story takes place in the fictional world of Edyn.

# Cruel Angel

REBECCA KENNEY

**Neon Gods meets *The Phantom of the Opera* in this spicy modern retelling with a magical twist.**

Haunted by the violent death of her parents, Christine Daae longs to find solace in music, but her anxiety won't allow her to perform for anyone. Left without an inheritance, she lives and works at the New Orpheum Theatre, an industrial complex that's been partly transformed into a luxurious event space. But when Christine ventures into the uninhabited section of the building, she discovers a stairway with fantastic acoustics and hears a ghostly male voice offering to give her singing lessons.

With the Phantom's praise boosting her confidence, Christine successfully auditions for the first time, and her childhood friend Raoul casts her in his upcoming musical. But Christine has secrets of her own, and spending time with the Phantom and Raoul jeopardizes the truth she's desperate to conceal.

As her mysterious mentor becomes more demanding and obsessive, Christine realizes how powerfully his darkness calls to hers. Raoul and the Phantom clash over Christine, but the heat between them quickly shifts into something more seductive. Confessing what the three of them truly crave is risky enough...but an unexpected supernatural threat could rip them apart forever.

- **Hot subgenre:** High-heat retellings are very much in the zeitgeist and these fractured literary fairy tales play with familiar stories in a unique and compelling way.

- **Series information:** This is the fourth in a series of modern, magical twists on our favorite literary heroes and villains; they stand alone.

## Want Me, Take Me, Haunt Me, Make Me

ISABEL CROWLEY

**The Conjuring takes a turn for the dark and spicy in this chilling horror romance by debut author Isabel Crowley.**

Hazel Lewis has a serious problem. The guy who hired her to conduct a seance before he died turned out to be a serial killer with a demonic contract, and the seance itself was a trap. Hazel escaped with her life, but not as she knew it: the bite of a demon is spreading through her body, letting the supernatural bleed into the world around her, and the now-dead serial killer is waiting to take over her body if she dies.

Hoping to contain the damage, Hazel moves to a small house in a remote location. She figures she'll stay on her own until she gets a handle on her new dark reality, but she soon finds out that she's not alone. There's the reporter demanding answers, the friendly neighbor with chemistry she doesn't need and problems he can't talk about... and the mysterious face she sees beyond her window, watching her every night with glowing red eyes.

Making her hunger.

Hazel knew a little bit about the world beyond the physical. Now she's learning how much she doesn't know, including who she can trust...and who she can become if she trusts herself enough to give in to the shadows stalking her dreams.

- **Blockbuster Genre:** Dark romance is a huge (and growing) subgenre, and Isabel Crowley's horror-themed spin will sit comfortably alongside authors like Sophie Lark and H.D. Carlton
- **Phenomenal hook:** Blending the chills of a horror movie with the spicy thrills of sexy dark romance plus a propulsive mystery underscoring the heroine's haunting, this book has something for every reader
- **Story tropes and romance heat level:** Dark romance, morality chain hero; R+
- **Author and story location:** Isabel Crowley lives in Pennsylvania; the story takes place in Pennsylvania
- **Series information:** This is a stand alone

## Throne in the Dark

A. K. CAGGIANO

**For fans of Kimberly Lemming and *The Princess Bride* comes the first book in AK Caggiano's *Villains & Virtues* romantasy series, following the son of a demon on his way to fulfill his dark legacy.**

Dark lord, demon spawn, prophesied realm destroyer.

With a demon for a father, Damien Maleficus Bloodthorne's destiny could be nothing short of nefarious. On the cusp of fulfilling the evil inevitability his dark life has led to, all it will take to solidify world domination is the completion of his most vicious spell yet.

But then, her. Bubbly, obnoxious, blonde.

Harboring secrets of her own, a tiny yet troublesome thief calling herself Amma completely upsets Damien's malevolent plans when she mistakenly gets chained to his side through magic. Forced to drag her across the realm on his unholy crusade, Damien knows that killing her would fix things, of course, but the nauseatingly sweet Amma somehow begins to prove herself useful. And worse yet, she then proves herself the source of something even more sinister: feelings.

Torn between his villainous birthright and the virtue Amma insists on inspiring, Damien will have to decide if he will help the tender thorn in his side or cut it out at the heart.

- **A BookTok darling on the rise:** The *Villains & Virtues* series is starting to pick up on BookTok, with a viral video garnering early interest and attention.
- **Beloved romance tropes:** This is romantasy gold with a high-fantasy world, an intricate magic system, a captivating quest story, and high-comedy creature sidekicks, all tied together with a grumpy/sunshine, slow burn romance - this is a romantasy lover's dream.
- **Fresh voice in a booming space:** A romantasy with laugh-out-loud humor and heart, this is the perfect intersection of romance, and quirky spec fiction that is hot in the space, making it feel like a breath of fresh air in a competitive category.
- **Author/story location:** Author resides in Vermont, and the story takes place in a high-fantasy world.

## Summoned to the Wilds

A. K. CAGGIANO

**From indie sensation A.K. Caggiano comes the stunning second book in the *Villains & Virtues* series, perfect for fans of *The Princess Bride*, following an on-the-run Baroness determined to save the world and the demon lord at her side bent on its destruction . . . but will her tendency to bring out the good in the world extend to finally bringing out the good in him?**

Lady Ammalie Avington, Baroness of Faebarrow, has finally discovered the truth, and it should not come as a surprise: the blood mage who threatened and abducted her intends to bring ruin to the realm. The very realm she is sworn to serve. It's just a terribly inconvenient fact to learn because, well . . . he's rather cute. Amma knows it's not safe to pine after the son of a demon, not whilst locked up in a tower surrounded by infernal beings, nor trapped below ground in a den of beguiling vampires, and especially not in the heart of a wild jungle under the tutelage of esoteric witches. She just can't help herself around Damien Maleficus Bloodthorne, danger be damned. And anyway, Damien's heart—the one he swears not to have—has been softening before her eyes. Perhaps with her guidance, Damien won't rain chaos and destruction down on the world. Perhaps she can save them both as Damien searches for a way to magically unlink them. So, when Amma learns she may have ancient, innate magical powers of her own, why not use them to do exactly as she pleases?

## Eclipse of the Crown

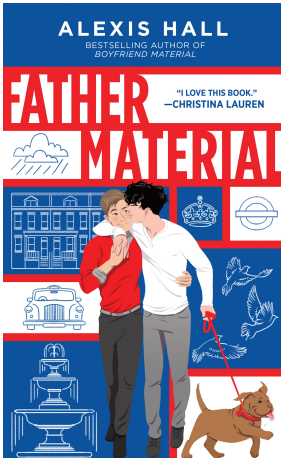

A Novel

A. K. CAGGIANO

**The epic third book in the *Villains & Virtues* series, perfect for fans of *The Princess Bride*, following a not-so-evil-anymore demon lord and the baroness responsible for his change of heart who finally must confront their feelings for each other, but how can they admit their attraction when the world is ending?**

Nothing about Damien Maleficus Bloodthorne's evil destiny has gone according to plan. The reason? The kindhearted baroness who has somehow managed to entangle herself in his softening heart. But once again amongst his peers at Ylcon, the preeminent congregation of the vilest and most unscrupulous villains in existence, Damien's moral growth is threatened just when he's learning to be slightly less evil. Consequently, Amma finds her own virtue in peril when faced with so much temptation, namely in the form of a domineering blood mage she can't—or doesn't want—to say no to.

But a burgeoning romance is doused in the coldest of baths when the Grand Order of Dread commands Damien to once again face the swirling vortex of entropy that's been hunting them all over the realm. The coming eclipse points to devastation and destruction, with annihilation impossible to avoid, prophecy being, well, prophecy, after all.

## Father Material

ALEXIS HALL

**First came love. Then came marriage. Now comes the biggest challenge Luc and Oliver will ever face.**

Luc and Oliver have been through it all: fake dating to save Luc's career, I-guess-this-is-actually-for-real dating when all of that blew up spectacularly, (briefly) breaking up over irreconcilable differences, (definitively) getting back together over perfectly reconcilable everything else, (almost) getting married, (finally) moving in together, and ultimately celebrating years of perfect domestic bliss.

But as all their very grown-up-now friends begin reaching new life milestones, advancing careers and having babies, Luc and Oliver decide it's time to open their hearts and lives to something (and someone) new: a tiny, squirming, adorable bundle of furry joy named Spud.

And maybe now that hearts-and-lives are open, there's room for someone else. Something more. Something that may require them to find in themselves a little father material.

## Audrey Lane Stirs the Pot

ALEXIS HALL

**Bestselling author Alexis Hall brings all the cozy charm of *The Great British Bake Off* to life in this quirky LGBTQIA+ romcom.**

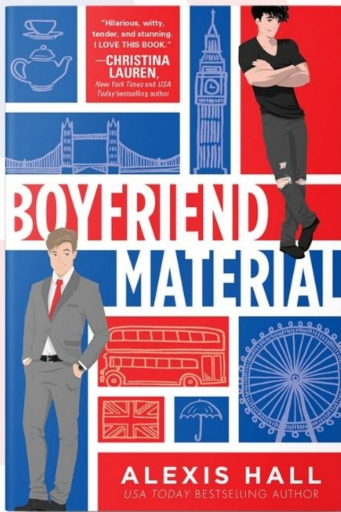

Audrey Lane is perfectly fine. Really. So what if she left her high-powered job as a Very Important Journalist—and her even higher-powered long-term girlfriend—to live a quiet life as a reporter for the second-biggest newspaper in Shropshire? And so what if she keeps hearing the voice of that same higher-powered long-term now-ex-girlfriend in her head night and day, constantly judging just how small Audrey's allowed her life to become?

She's fine. She's happy. She's perfectly within her groove. Do not-in-their-groove people get weekday drunk and impulsively apply for the UK's most beloved baking show?

All right, so maybe she's not completely fine, but being on *Bake Expectations* is opening her world again in ways she never anticipated. First through fellow contestant Doris, whose personal story of queer love during WW2 captures Audrey's heart, imagination, and journalistic interest like nothing has in ages. Then through Jennifer Hallet, the most foul-tempered (and foul-mouthed) producer, woman, and menace Audrey has ever met. Jennifer should be off-limits, but her fire lights something unexpected inside of Audrey, making her want to burn back a million times brighter. A million times hotter. A million times more herself than she's been in a long, long time.

## Take a Hike

KATIE RUGGLE

**Bestselling author Katie Ruggle brings the Rockies to life in this quirky, adventure-filled romance!**

Bounty Hunter Charlie Pax is in a bind. Not only did her own mother skip town after putting the family home up as collateral, but it's days before her first court hearing and she still hasn't been found. If she doesn't show, Charlie and her sisters will lose everything. There's only one thing left for Charlie to do: make a big show of leaving town with the one piece of bait sure to lure her mother out of hiding and set a trap for her in the remote Rocky Mountains town of Simpson, Colorado.

Surly Simpson firefighter Kieran Byrne is no stranger to being on the wrong side of the law. He's the prime suspect in the murder of a local militia leader, and he needs help proving his innocence before he takes the fall for someone else's crime. Charlie's got her hands more than full, but pretty soon the two strike a deal: if she can help Kieran prove his innocence, he will use his contacts to track and entrap her mom. Two birds, meet one stone.

As they break into the local militia's compound, dodge flying bullets, and hunt for a stolen necklace, Charlie and Kieran discover they share an explosive attraction...and a growing affection neither can deny. But is there room for something as soft as romance in either of their hardscrabble worlds, or will the call of that lifelong adventure be something neither can find it within themselves to deny?

# The Dark in Her Veins

M.K. LOBB

**From a critically acclaimed, UK bestselling author comes a noir romantic fantasy set in a world in which sin is a fatal disease, and the rich hire the poor to carry out their basest instincts—until the forbidden romance between a sinner and a mysterious figure threatens to destroy everything.**

In the gritty, glittering city of Valestadt, every crime—from the smallest infraction to the largest atrocity—leaves its mark in the form of Bloodrot, a wasting disease that slowly eats away at its host. For the poor, sinning is a death sentence. For the rich, it's just another expensive pastime. After all, anyone can be bought.

Talin Keller is a sinner. She has learned to rely on nothing and no one—traits that have served her well as right-hand woman to the holiest man in the city, the Prophet. Talin's job is to get her hands dirty so the Prophet's can stay clean. It's a job she's frighteningly good at, and judging by her rapidly advancing Bloodrot, it might also be her last. But when a routine assignment puts Talin on a collision course with the Prophet's most hated enemy, a shadowy underworld figure known as "the Warden," she begins to see a future for herself that doesn't involve a body bag. If she can get close enough to the Warden, she can trade his capture for her own freedom.

The closer Talin gets to the Warden, though, the more she finds herself falling for his sharp edges and twisted sense of justice. And as the lines between good and evil—between saint and sinner, between lover and enemy—begin to blur, Talin finds herself at the center of a conflict that could destroy everything.

## A Murder Most Camp

A Mystery

NICOLAS DIDOMIZIO

***The Guncle* meets *Every Time I Go On Vacation Someone Dies* in a fun, quirky mystery following a spoiled nepo baby who is forced to work at a struggling summer camp, but when a local legend turns into a real mystery things quickly go haywire, forcing him to solve the murder before there are even deadlier consequences.**

Mikey Hartford IV has it all. The posh apartment, a group of friends who love him (or, maybe, his private jet), and an inheritance set to kick in on his thirtieth birthday. But when his father discovers another one of his rash purchases, the elder Hartford changes the terms of his trust. And unless Mikey can prove that he can have a positive contribution on the world—one that doesn't involve throwing cash at his problems—he won't see another cent.

That's how Mikey finds himself at Camp Lore, a struggling camp in upstate New York, volunteering for the summer. But Mikey isn't sure he can survive camp, let alone the gaggle of twelve-year-old misfits who won't leave his side. And things go from bad to worse when his campers become obsessed with "the legend of the missing counselor," a local campfire story set at the strange, abandoned cabin on the grounds. But what's the harm in letting them investigate? It's just a ghost story after all...

But what starts as a legend soon becomes dangerously real when Mikey's campers discover clues that point to the hidden dangers, and murders, hidden beneath Camp Lore. And with the camp director threatening to shut down by the end of the summer, Mikey soon finds himself wrapped up in a shockingly real murder mystery. ## You Girls Play Nice

A Novel

**KD ALDYN**

**When their best friend is murdered, four women decide to take hypothetical revenge. But their imagined murders soon turn into total carnage when someone discovers their secret desires and is bent on taking them down in this dark thriller perfect for fans of Karin Slaughter and *The Butcher Game*.**

When Helen Wyatt is murdered, her four best friends await to watch as justice is served and her attacker is put behind bars. But when Damien Gatner is acquitted of all charges, Helen's best friends are left without closure. In the wake of their grief, they decide to get revenge. Hypothetically, of course. And in a moment of pure catharsis, the women host a girls night with a bit more bloodshed, sharing the four different ways they would each kill Damien to avenge Helen.

A week later, a murder is discovered that mirrors one of their imagined killings. And then another. What started as a cathartic exercise soon ends in carnage, with suspicion falling on the four friends: sure and steady den mother Sue; writer and mother of two Jackie; outspoken feminist Rebel; and their sweet, rainbows and unicorns friend Willow.

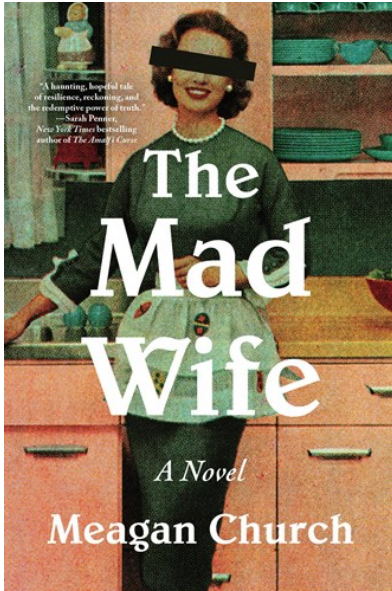

It seems someone has discovered their secrets, and the women will have to hunt down who is framing them or, even more chillingly, who is capable of murder themselves.

Surviving is nothing new to Leigh. So, when the transport bus taking her to prison runs off the road, killing everyone onboard except her, she does what's in her nature. Leigh survives and starts walking.

Quick to realize nobody is looking for her, Leigh takes her chance, stumbling upon a remote flower farm in Alabama. The farm, run by Jackson, a local do-gooder with big dreams of his own, seems the perfect place to hide. What Leigh doesn't expect is to also heal. As time passes, Leigh finds herself at peace with the slow life and small trials of the farm, taking solace among the flowers and the family Jackson has built.

But the past isn't so easily buried, and soon enough Leigh is faced with a devastating choice: Can she leave her transgressions and enjoy the life she has built, or is the truth of who she is her only path to redemption?

# The Woman and Her Stars

A Novel

PENNY HAW

**For fans of *Her Hidden Genius* and *The Engineer's Wife* comes the awe-inspiring true story of Caroline Herschel, an 18th century astronomer who lived in the shadow of her brother, but learned to pave her own path among the stars.**

1772. Caroline Herschel is beholden to her wildly popular musician brother, William, who rescued her from servitude and brought her to live a comfortable life in Bath. Caroline vows that, because William saved her, she must always remain by his side. When William becomes obsessed with the science of astronomy, Caroline follows suit, and soon, the duo are moving to Windsor to be close to court, so they can advise the king about the stars and become members of the Royal Astronomical Society. Overshadowed by her brother, Caroline quietly studies the stars, attributing her success to the men in her life. But when it becomes clear that Caroline is just as much the astronomer as the men in society, she will have to break free from the life she's lived, and find her own place amongst the stars.

Based on the true story of Caroline Lucretia Herschel (1750-1848), *The Woman and Her Stars* shines a light on a woman who was raised to believe she was worth nothing more than to serve others, but whose genius and resolve made her one of the world's leading astronomers. A Novel

MEG ANDERSON

**With the emotional resonance of *How to Read a Book* and the magical edge of *The Lost Bookshop* comes a stunning ode to community following one librarian who discovers a mysterious room with shelves of unfinished memories her patrons have discarded over the years, and the one memory that might save both herself, and her library, from disappearing forever.**

But when the town threatens to shut down the library, Claire is bereft to know her safe haven will be no more. That's when, while wandering the shelves after hours, she finds a door that shouldn't exist, and behind it, a room filled with books that no one else can see.

Every book she opens pulls her into someone else's memory. Unfinished stories and snippets of lives that have passed through the library long before her. And when she opens a book showing her a bridge with a figure standing in the center, the memory refuses to let go, calling to her in a way that she cannot explain. And when she meets Julian Thomas, a patron who sketches the same bridge she's been seeing, she realizes their lives may be tangled in ways neither of them fully understands.

With time running out and the library on the brink of being demolished, Claire must confront what she's spent years trying to erase, the memory she has locked away that is fighting to get out, before the truth and the library itself are gone forever.

## Toxic Grit

How to have it all and (actually) love what you have  
**AMANDA GOETZ**

We are told by society that we have a role to play...but as women, we often have MANY roles and when we try to fulfill each, we burn out. It turns out, there are some tangles to being a Girl Boss and a Pinterest Mom having a Lazy-Girl yet socially packed Hot-Girl Summer! So how can we live our life according to ALL of our goals...without exhausting ourselves? And more importantly, while feeling authentic to who we are and want to be?

Amanda Goetz has the answer and it lies in the balance between all the characters we play, and even leaning into the inherent imbalances at times! According to her proven methodologies, there are 10 typical character archetypes and by exploring each and assigning times for each to "drive" our lives, we can find more balance within ourselves. Our inner Socialite, Caregiver, CEO, and Lazy Girl may normally live in conflict but by talking to each aspect of ourselves, affirming what each needs, and building a balance for all... we can finally actually have "it all" on our terms and by discerning what ALL really means.

## The Table Where We Meet

Lessons Learned From Dinner With 1000 Strangers

JESS JANZ

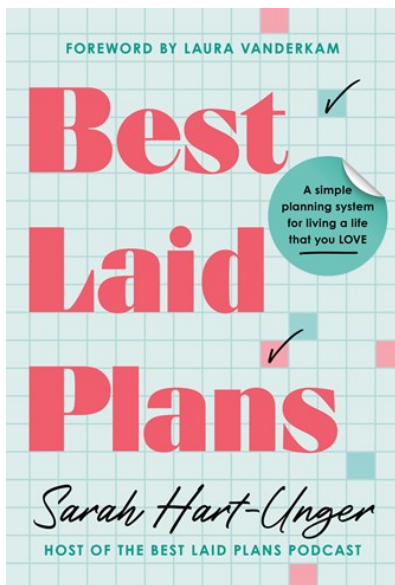

**We all want to be known. Most of us just don't know how to begin.**

When Jess Janz found herself craving deeper conversations—but trapped in a world of small talk—she took a leap. What started as a casual idea in a hair salon soon became *Dinner With Strangers*: a growing movement where guests gather around a table, introduce themselves without ever mentioning work, and share who they are beyond the job title. No scripts, no expectations—just curiosity, courage, and a seat at the table.

In *The Table Where We Meet*, Jess reflects on what she's learned from hosting dinners with more than a thousand strangers across North America. With essays that are both tender and practical, she explores what it means to belong, how to ask better questions, and why connection requires us to risk being truly seen. Alongside her insights are unforgettable stories—funny, heartbreaking, deeply human—that reveal how much we all have in common when we finally let our guard down.

This is a book for anyone who's ever felt alone in a crowd, tired of surface-level chatter, or unsure how to bridge the gap between isolation and intimacy. *The Table Where We Meet* is a guide, a memoir, and a quiet revolution—one dinner at a time.

- **Think beyond the job title:** In a time where people define themselves by their job titles, online personas, and the smoke & mirrors of a curated social media life, this book invites readers to contemplate how we know others - and how we are truly known.
- **Find the courage to connect more deeply:** With her unique style of lyrical prose and a searing vulnerability, Janz tackles timely issues such as: asking better questions, how to cultivate intimate conversation, why vulnerability isn't necessarily community, and how to live without regrets.
- **Join a movement of authentic connection:** Readers will be inspired to approach every interaction more meaningfully and find new ways to connect to strangers old and new.

## Read This to Look Cool

Essays and Overthinkings

MAEVE DUNIGAN

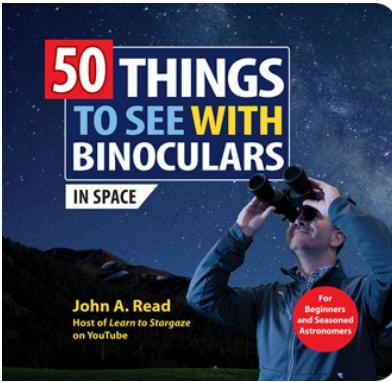

**For fans of Dolly Alderton or Samantha Irby, *Read This to Look Cool* is a hilarious and insightful collection of essays exploring the woes of growing up online, social anxiety, and constantly trying to portray an artificial version of yourself.**

We've all done things to seem cool, to fit in, to project bad-bitch confidence while secretly wondering, "Is everyone mad at me?" Sometimes that anxiety manifests itself in over-curated Instagram posts or pretending to like matcha-flavored ice cream. But in Maeve Dunigan's case it's taken more extreme forms, like letting her appendix rupture in a McDonald's because she didn't want her friend to think she was flaky. Like Maeve, so many of us are willing to jump through bizarre hoops in futile attempts to control others' perceptions of ourselves. We all have a primal desire to belong, and the things we do to satisfy that desire end up being really funny.

In *Read This to Look Cool*, Maeve highlights the everyday absurdity inherent in the constant performance of ourselves through a series of hilarious, sometimes all-too-relatable essays and satire pieces. Maeve knows there's nothing cooler than being seen reading a book: it's sophisticated, it's charming, it says "I have an iPhone, but I don't even know where it is."

Laugh-out-loud funny and painfully real, *Read This to Look Cool* explores our anxieties and ask why we care so much, speaking specifically to a generation growing up with social media and the constant feeling of being perceived.

- **Connected author:** A journalist and contributor for outlets such as *The New Yorker*, *The Dodo*, *McSweeney's*, and *Reductress*, Maeve Dunigan is well-connected within the media industry and has a unique talent for writing satire and humor.
- **Broad audience appeal:** For fans of Dolly Alderton and Samantha Irby, this essay collection will appeal to Millennial and GenZ women who understand the absurdity of growing up under the constant scrutiny of social media.
- **Extremely giftable:** *Read This to Look Cool* is a sidesplitting, hilarious collection of essays that makes a great gift (gift-givers will feel monumentally cool giving this gift, and gift receivers will incredibly cool to receive it!)

### How to Use Binoculars

**Step 1** Look through the binoculars at a distant target and adjust the binoculars around the central hinge to find the target centered in the field of view.

**Step 2** Close the eye with the objective and adjust the focus wheel so that the eye sees the target in focus.

**Step 3** Now viewing only with the objective side eye, adjust the objective until the eye is in focus. When you see the target through the central hinge, adjust the objective until the eye is in focus. When you see the target through the central hinge, adjust the objective until the eye is in focus.

**Step 4** Focus your target without the binoculars. If you can't see with the naked eye, you may be unable to determine exactly where the target is.

**Step 5** Before your eyes focus on your target, always make the binoculars up to your face.

1. Focus binoculars on eye, see target in focus. The star should appear in the eyepiece's field of view.

### The Astronomer's Toolkit

✓ Viewing objects like galaxies and nebulae requires that you use the dark side of a red flashlight to help you maintain your night vision.

✓ The book shows a limited number of targets to watch for to simplify your stargazing experience. Take it with you!

✓ Stargazing and eye care are important. To appreciate the night sky, first only use large contacts and wearing big and a sleeping patch. Additional eye care are available in the back of the book.

✓ Binoculars, the star of the book. Don't forget about your existing binoculars and regularly if you're observing with them.

✓ Check your binoculars first. A star with a diameter may help focus the binoculars steadily.

Maggie Atkins will never forget what happened in that cave ten years ago when she and six other elementary school kids were kidnapped by their bus driver and kept captive. She will never forget that her friends left her alone to escape, or the image of her kidnapper falling to his death, but she has done her best to put the ordeal behind her and move on.

Her past catches up with her when she's forced to go on a school trip to the mountains with the very same people who abandoned her, and only a stone's throw away from the scene of her kidnapping. She's determined to suck it up and get through it though since it's only one night of her life. But then a brutal storm changes everything and separates her group from their chaperone. With no phones and a limited food supply, the group strategizes how they can survive the elements and make it back to safety.

# The Unbreakable Crown

CARINA FINN

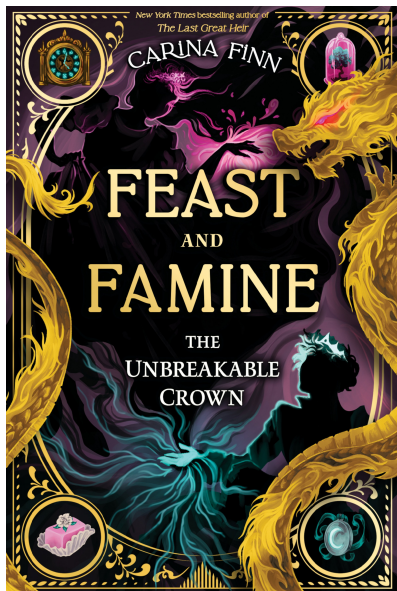

**The magic and adventure continue in the second book from the *New York Times* bestselling *Feast and Famine* series, as heirs of the two houses must survive the trials at a boarding school for demons if they are to return home to the land of Fauret.**

Abundance Feast excels at throwing parties, assembling fashionable outfits, and being polite. Prophecies have always been for her sister, Merri, heir of House Feast. Besides, Bun doesn't know magic like her sister. So she's not prepared to be part of the Eternal Three, let alone trapped in the demon realm with Merri, Rue, Wort, and Sage.

Wort Erebos grew up in the woods with his father and little sister. Their life was magical in its own way, but their focus was on survival. In Demonspace, Wort discovers the Erebos family has a long heritage that his father has kept secret...but why? And at what cost? And how can Wort trust the very people who lied to him?

Merri and Rue are anxious to return home to their guardian duties in Fauret, but the pathway between realms is damaged. The only hope of returning is by gaining access to the ancient library at Tenebrun, the magical boarding school for the elite of this world. Merri and Rue spent their lives training for their guardianship duel. How will Bun and Wort survive these Tenebrun trials?

- **Vivid world, characters, and adventure:** Engaging and immersive prose makes these characters, their magical boarding school, and demon world come to life. Perfect for fans of *The School for Good and Evil* and *The Descendants*. *Kirkus* described *The Last Great Heir* as, "evokes Studio Ghibli."
- **Two protagonists, twice the fun:** Narrated by Abundance Feast and Wort Erebos, *The Unbreakable Crown* will have readers cheering for these beloved Book 1 characters who now take center stage. Rue and Merri continue to be an integral part of the story.
- **Series and author to build:** Fresh, yet classic, storytelling, these novels can be read alone but are better together. (Three books anticipated in this story arc.) Finn is an experienced food writer with a robust TikTok/Instagram following and is a terrific author partner. (@sheneedsasnack)
- **Author Location:** Carina Finn lives in Brooklyn, NY; the book is set in a magical world.

## Secrets of the Broken House

TARYN SOUDERS

**From the author of *Coop Knows the Scoop* and *The Mystery of the Radcliffe Riddle* comes a quirky whodunnit that explores friendship, small town secrets, and a twisty mystery that will keep readers guessing!**

In the small, southern town of Everson, goats can run for mayor, the mail is always late, and nothing all that bad ever happens. That is, until thirteen-year-old Tucker finds Miss Geraldine dead at the bottom of her stairs. At first glance, it looks like an accident. But Tucker has always had a knack for noticing details that others overlook, and the details surrounding Miss Geraldine's death just aren't adding up.

Miss Geraldine was miserable and mean. Miss Geraldine was *murdered*.

The whole town seems to have reason to want her dead, which makes Tucker's search for the truth nearly impossible. The more he investigates for clues, the more danger he finds himself in, and the more he realizes that maybe Everson was never as safe as he once thought it was. Anyone could be the killer, and in a small town that loves to gossip, if Tucker isn't careful, he could be the next one to have an "accident".

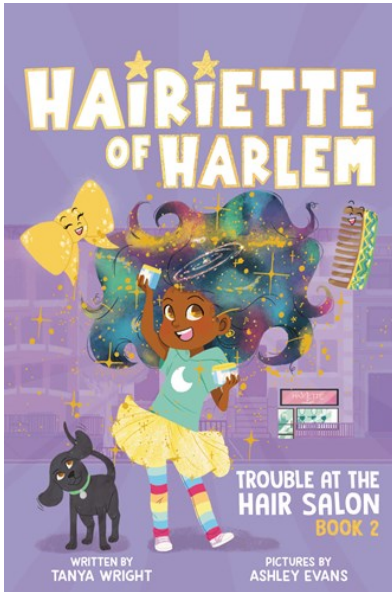

- **Award-winning author:** This will be Taryn's fourth book; Her first mystery, *Coop Knows the Scoop*, was nominated for an Edgar Award, and she is a state awards list darling, and her books can be seen on Pennsylvania's Young Readers Choice Awards, Georgia's Children's Book Awards, Alaska's Battle of the Books, Ohio's Buckeye Children and Teen's Book Awards, Wisconsin's Golden Archer Awards, Alabama's Camellia Children's Choice Book Award, Nebraska's Golden Sower Awards, Missouri's Mark Twain Book Award, Indiana's Young Hoosier Book Award and Florida's Sunshine State Young Readers Awards. She has sold more than 114,000 copies of her books, which can be found in the curriculum for many schools.
- **Stellar Read:** This book combines a twisty, compelling mystery with humor, a dynamic cast of characters, and small-town charm to create a story that middle grade readers won't want to put down.
- **Promotion Machine:** Taryn is a tireless self-promoter who initiates extensive school visits. As a former middle school teacher, she knows how to connect to her readers in meaningful ways.

# Judgy Bunny and the Terrible Beach

SCOTT ROTHMAN

From bestselling author Scott Rothman comes the hilarious picture book introduction to Judgy Bunny, whose first instinct is to expect every new experience is THE WORST, especially if she wasn't invited, might not be good at it, or it just looks awesome... er, terrible, that is.

For this judgy bunny, nothing's worse than a day at the beach. The sun? Too bright. That view of the blue sky and gleaming sand? Awful. Sand castles? Ugh. Ice cream? Yucky.

Yep. Everything is TERRIBLE. It has to be, right? There's no way she could ever have a good time. Not with the inexplicably friendly bunny who's offered to fly kites with her, or the ice cream cone that possibly isn't a flavor she detests, or boogie boarding, which she actually... isn't bad at??! Okay. MAYBE it's fun. But she'll be the judge of that.

- **So funny, so true:** Deadpan humor, a deeply relatable scenario, and fantastic visual storytelling come together in this appealing read-aloud.
- **She'll be back:** Hilarious character-based stories work well in the picture book space, and Judgy Bunny's signature traits provide a great template for the follow-up.
- **Author/illustrator location:** Scott is a bestselling author of picture books, screenplays and more; Linzie Hunter's bright, graphic illustration style has attracted a fanbase of over 150K followers on social media.

If the Earth and if the moon,  
if the whistling of a tune.

If you drift, if you dream,  
into space, into streams...

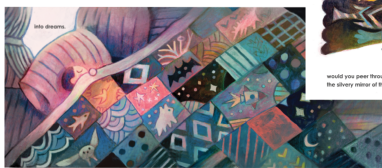

Softly step on tender feet,  
come and lift the latch of sleep.

From award-winning picture book creators Matthew Burgess and Matthew Forsythe comes a new, classic bedtime book and an invitation to imaginative dreaming. *If the Moon* is the perfect lyrical bedtime book—a visual poem that soothes and smooths the transition from waking to sleeping.

**Star author & illustrator pairing:** Matthew Burgess and Matthew Forsythe each have their own dedicated fanbase and are indie darlings. Their books consistently land on awards and best-of lists, garner starred reviews, and sell into many foreign territories. This is their first picture book together.

**A bedtime read-aloud to soothe worried minds:** This portable dream machine is an antidote to the endless “what-ifs” that fill one’s head before bedtime—inviting readers to allow their minds to gently wander before drifting off to sleep.

**Poetic text and lush paintings:** Readers will delight at Forsythe’s vibrant spreads and Burgess’s lyrical poem.

If on Venus, if on Mars.

If it's bedtime in the storm.

Does Princess Pony want . . . Fancy food? NAY. A sparkling gown? NAY. A big parade? NAY NAY NAY. A hilarious picture book and charming read aloud about a child's desire for quality play time with her dad over any royal horsey delights.

**Rising star picture book duo:** Jordan Morris' signature humor and Charlie Mylie's playful illustrations make for the perfect collaborative pairing from these two Kansas City creators.

**Delightful, rhyming read aloud:** Rollicking rhymes on every page are sure to introduce fits of giggles as the planned activities for Princess Pony's coronation become increasingly extravagant and outrageous.

**Playtime with dad:** The royal dad-daughter relationship is at the forefront of this story, as King High Horse's elaborate suggestions are batted down and he discovers that what Princess Pony really wants is simply playtime with her dad.

**Horsey royalty:** Hear Ye, Hear Ye! Readers will be transported to the horse kingdom and delight at not one, but two, thematic crowd-pleasers in this book: horses and royal figures.

**Spot the mice!** Adorable little creatures adorn every page—sometimes in plain sight, sometimes tucked away. An extra seek-and-find play within the book.

He fell in love with picture books while working at the Rabbit hOle. Now he lives with his family, makes books and helps build magical worlds full of wonder and humor.

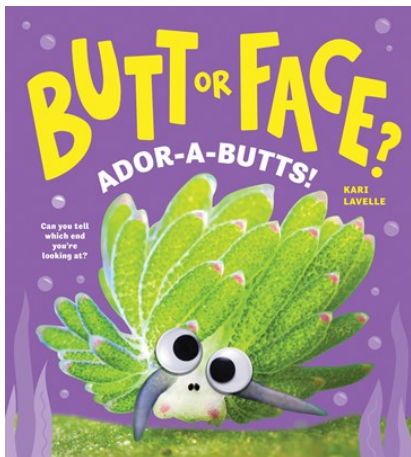

**Jordan Morris** is an author and sometimes illustrator of picture books for kids. She grew up in Texas, writing, drawing, making messes, and frequently forgetting her homework. Let's start this journey together—your future self will thank you.

#### TAKEAWAYS THE NEW RULES OF PERSONAL FINANCE FOR GEN Z

With the rising cost of housing, education, and everyday living, the old-school rules of personal finance just don't cut it anymore. It's up to you to embrace financial literacy and think more strategically about how to earn, save, and invest for your future.

| OLD RULES  | NEW RULES   |
|--|---|
| We can rely on our families and schools to learn financial literacy. | Financial literacy isn't a given at home or school, but it's easier than ever to learn on your own.                   |
| Gen Z expects a participation trophy just for showing up.            | Gen Z is just as ambitious and hardworking as previous generations.   |
| Simply live below your means to build wealth.                        | Young people have to be more strategic than previous generations about earning, saving, and investing for the future. |
| Treating yourself to small treats like lattes will keep you broke.   | Gen Z isn't struggling because they enjoy lattes; it's because of big future economic challenges.                     |
| You need professional help to improve your finances.                 | You have all the tools and resources you need to begin building financial security.                                   |
