HER LIFE IN RUINS

Cynthia W. Gentry

A friends-to-lovers rom com for fans of Ali Hazelwood and Elle Cosimano about an archaeology PhD student who finds herself at the center of a high-stakes heist, while fighting her attraction for her aggravatingly principled fellow grad student

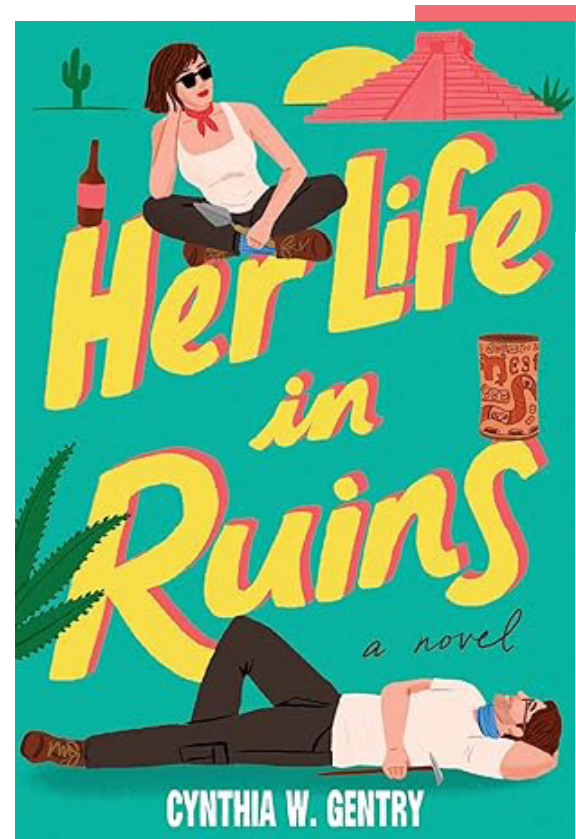

Brilliant but a trainwreck, CATHERINE SAUNDERS is this close to getting her PhD in archaeology from Stanford. All she needs to do is finish her dissertation and then everything she's endured over the past six years—summer digs in sweltering rainforests, comically disastrous hookups, and bloated student loan balances—will be worth it.

Then the subject of her dissertation, a priceless Maya artifact, is stolen. With the help of her enigmatic research partner, YOLANDRA, and her very attractive, very exasperated fellow grad student, NICK, Catherine traces the stolen vase to a notorious antiquities forger in Mexico. It's only a matter of time before it disappears forever...along with Catherine's entire academic career.

Unless she steals it back.

On a trip to the Yucatán littered with pampered tourists, art forgers, and greedy collectors, Catherine's closest ally is Nick, whose sincerity and principles are nearly as unhelpful as her growing attraction to him. Will she risk her integrity to achieve her dreams? Or will her ambitions (and love life) as she knows it end in a tank of cheap wine and bad decisions?

WIFEHOUSE

Sonya Walger

Told over the course of one year, through the shifting perspectives of wife, husband, lover, best friend and children, Walger paints a contradictory, nuanced portrait of a woman who walks away from every role that tradition and society have expected of her.

A couple hosts their friends and their son in the guest house of their Connecticut home for many months while their friends' home undergoes renovations.

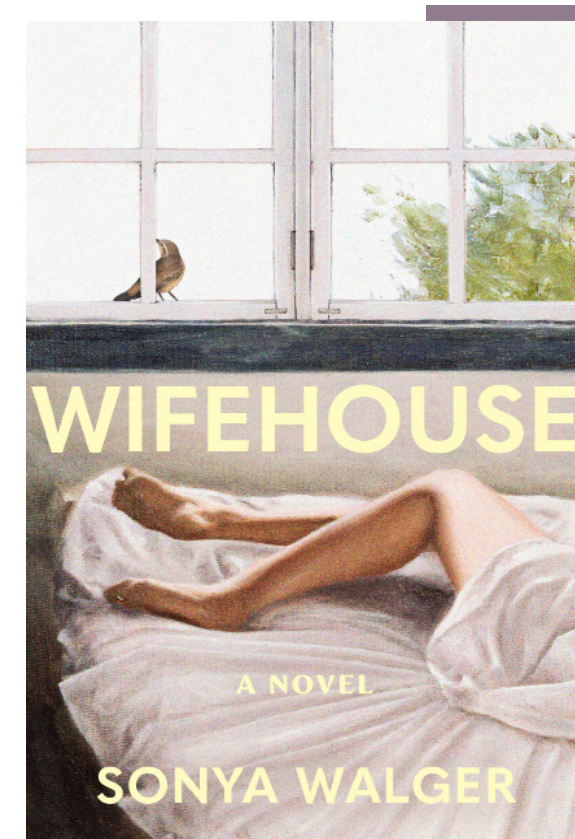

As a thank-you, her friend gifts ANNIE FRENCH lessons with twenty-six-year-old local French tutor, THIERRY. Annie's husband, HECTOR, an actor, goes to film on location, leaving Annie—newly bereaving her mother—to single-parent their two kids.

As the lessons progress, she finds herself unexpectedly vulnerable to the charms of a man closer in age to her teenage daughter than to her own. Over the course of one year, a new life for Annie emerges, one she could never have foreseen.

Praise for Sonya Walger's WIFEHOUSE:

"Sonya Walger brings together the quiet outer worlds of her characters and the explosive passions of their inner lives with indelible beauty, richness, and precision. WIFEHOUSE reads like a storm in a soundproof room. I absolutely loved it." — Miranda Cowley Heller, New York Times bestselling author of THE PAPER PALACE

"WIFEHOUSE is a magnificent, richly textured novel. I was enthralled throughout, unable to put it down. It somehow manages to be nuanced while also packing a hefty emotional punch. There is warmth and generosity in Sonya Walger's writing style; lots of sumptuous detail to draw you in. It thrums with energy. This story made me think deeply about all sorts of hopes and expectations that get attached to womanhood, how flimsy a thing fulfillment is, and what choices are truly available to women who crave change." — Kate Kemp, author of THE GRAPEVINE

JETT CROSS finds himself at The Manor after his newly discovered sister, Harlow Madison, donates a kidney to save his life. After he decides to help her with her car, she confides in him that she's been getting strange messages and her apartment has been ransacked.

Lennon was used as a pawn in her dead-beat father's gambling debt when he traded her to ANDREI PETROV, a known criminal with dangerous ties. Pen will make him look more serious and settled down to the public, and in return, he'll pay the tax on her home. A win-win.

Deciding to give herself one final taste of freedom by, she flees to the Spanish paradise of Ibiza, with her ornery grandmother's help—her parents none the wiser.

Meanwhile, CRISTIANO MORENO-WINTHROP, after spending the last decade building the largest hospitality group on the island, has Ibiza in the palm of his hand. When his late grandmother's best friend calls him up and asks him to keep an eye on her granddaughter that summer, he has zero intention of actually seeing the request through. But when he discovers that the witty and beautiful cocktail waitress who has just been hired at his club is none other than the granddaughter in question, Cristiano realizes he's in trouble. Especially when he learns about Isabel's bucket list in honor of her sister. Driven by both obligation and a deep pull he's trying his best to ignore, Cristiano volunteers to help her complete the bucket list. When their attraction boils over into a summer fling, they both agree to keep it under wraps. After all, between their professional relationship and family connection, a real romance would make things complicated at best. KING OF GLUTTONY

Ana Huang

Childhood rivals have a complicated hate-to-hate relationship, but when they are forced by their mogul fathers to work together, they'll have to navigate their long-repressed attraction if they're to have any hope of making their collaboration a success.

Charming, brilliant, and heir to his family's culinary empire, SEBASTIAN LAURENT is universally beloved—well, almost. MAYA SINGH, a whip-smart marketing executive, isn't fooled by his golden boy reputation, and though she's the one person who has ever challenged him, she's also been his secret obsession since boarding school. So when Maya's father, the CEO of a high-flying frozen food company, decides to partner with Sebastian's father, the CEO of Michelin-starred restaurants to create a line of high-brow at-home meals, Sebastian and Maya are both dismayed to learn they'll be working closely together to pull it off.

With their families' expectations looming large, they set to work on the project, but when the celebrity chef they hired to develop the recipes unexpectedly pulls out, Sebastian is left revisiting his old dreams of becoming a chef himself, while Maya realizes, to her horror, that she might actually enjoy being in his presence. With their walls coming down and their arguments taking on a flirty flavor, Sebastian will have to both face his past trauma and embrace his own culinary ambitions, while Maya sniffs out a conspiracy targeting both their families' companies in ways neither could have ever expected.

As the drama heats up and the stakes rise, Maya and Sebastian's relationship deepens, awakening appetites they thought they'd buried long ago and making them realize that, when it comes to each other, one taste is never enough.

THE FALL AFFAIR

NEW BOOK ANNOUNCEMENT

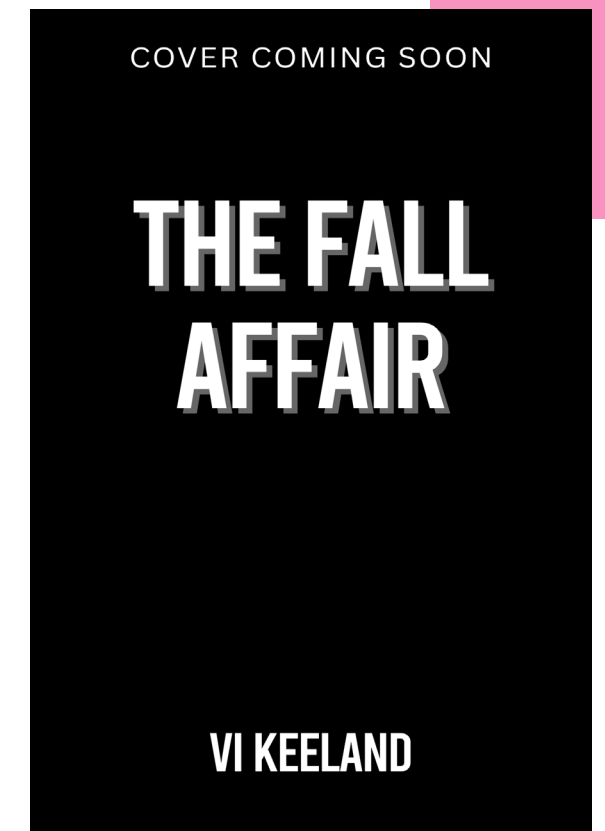

When a workaholic escapes to Tuscany to take care of her late grandmother's estate, she is only looking to leave her life behind for a few weeks. The last thing she expects is an Italian winemaker that gets her to slow down and taste the wine. But with her life in NY and his in Tuscany, how can they make it work?

Some people go to Tuscany to find themselves. ALLEGRA BIANCHI went to escape—New York, her ex's new relationship, and a career that derailed the moment she was passed over for partner. Her plan was simple: settle her eccentric Italian grandmother's estate, sell whatever wasn't nailed down, and return to the life she'd worked too hard to lose. Instead, she walked into a mess—a crumbling antique shop, two hundred acres of leased vineyard land, and one infuriating clause in the will—live and work in the shop for three months, or inherit nothing.

Then there's the neighbor she clashed with instantly. MATTEO LUCCHESI is the infuriatingly handsome winemaker who leases Allegra's family's land and refuses to be impressed by her credentials—or her attitude. He's rugged and stubborn, stuck living in a time that has long passed us by, and the word rush isn't part of his vocabulary.

But as the days stretch into weeks, Tuscany chips away at the armor Allegra didn't realize she was wearing, and Matteo shows her the appeal of slowing down, of staying rooted, of wanting something other than climbing the corporate ladder.

But now that the countdown to going home was on, Allegra wasn't sure if she was ready to leave. And the life she was falling for came with a looming expiration date.

In a desperate attempt to save her family’s travel agency, a party girl pretends to be married to her father’s grumpy business partner on a jet-setting reality TV show. But as their journey takes them to sundrenched villas and remote fjords, sparks fly with her fake husband, giving them both a new lease on life—if only they can take a leap and embrace it.

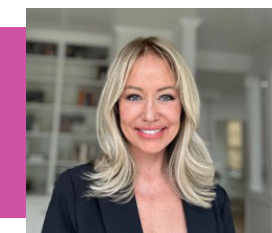

REBECCA “BEX” DANIELS has just lost everything: her father, stepmother, and beloved stepsister were killed in a freak train accident, leaving her completely alone in the world. Bex, a patented wild-child, is stuck with the most unlikely of partners when, in the midst of her grief, Theo reveals that the business is about to go under. Their only lifeline? A reality TV deal her father brokered before his death. But what started as a family-oriented travel show is now getting a rebrand: Bex and Theo are to pose as newlyweds, exploring the world on an extended honeymoon.

While they initially clash, with Theo proving to be every bit as uptight as she anticipated, once filming gets underway, Bex discovers he’s also amusing, protective and kind, the sort of man she’d want to be married to in real life, if she thought for a second she deserved him. As for Theo, he can’t help but be swept up into the brilliant whirlwind that is Bex, but ever since his brother died, a real relationship is the last thing he wants. As Bex and Theo flit across Europe, from Capri to Paris, they can’t help but notice their walls coming down, and their arguments begin to feel a lot more like foreplay than fighting.

PHOENIX is a hot drummer with a bad attitude. TOM is a punk-rock singer who's too hard to impress. Two problem children of their bands have one shot at making it big in this M/M Rockstar Romance—if they don't burn it all down.

Phoenix St. Pierre has enough baggage to ground every plane in New York City. He's volatile, sleep-deprived, and still carrying the fallout of imploding his own band. He should not be paired with Tom, the stuck-up trust-fund baby who pushes all his buttons—yet the second chance is impossible to walk away from.

WHEN THE WOODS CALLED US HOME

Rachel Griffin

* NEW BOOK ANNOUNCEMENT*

New York Times bestselling author Rachel Griffin's atmospheric and spellbinding mystery adult debut, a chilling family curse threatens Emma's life, compelling her to unravel dark secrets and confront the past in the rain-soaked town of Bone Creek—perfect for fans of A HISTORY OF WILD PLACES and ONCE THERE WERE WOLVES.

EMMA PIERCE is cursed to die this year—that is, if the rumors that the Pierce women can't live past thirty are true. But Emma doesn't believe her small town's superstitions, even as she starts suffering mysterious symptoms and has several uncomfortably close calls: a fall from a tree while at her job as an arborist; a near collision driving on one of the winding roads along Washington's rural coast. Never mind near-death experiences: her 29th birthday and turning down her boyfriend ELI's proposal have left Emma in pieces. So when Eli's brother, Parker, goes missing, and both Eli and Emma's sister fall under the town's suspicion, Emma throws herself into finding answers before things spiral further out of control. Investigating Parker's disappearance, she soon discovers that not only is the town holding onto secrets, but so too is her own family. But perhaps the greatest secrets are buried in Emma's own forgotten memories from the night her mother died, with roots spanning back several generations. A feud has been simmering beneath the surface of Bone Creek for decades...and it's now coming to a lethal boil in the very woods where Parker went missing.

MY FRIENDS

Fredrik Backman

IN CASE YOU MISSED IT: GENERAL FICTION

The #1 New York Times bestselling author of *A MAN CALLED OVE* returns with an unforgettably funny, deeply moving tale of a group of teenagers whose friendship creates a bond so powerful that it changes a complete stranger's life twenty-five years later.

Most people don't even notice them—three tiny figures sitting at the end of a long pier in the corner of one of the most famous paintings in the world. Most people think it's just a depiction of the sea. But LOUISA, an aspiring artist herself, knows otherwise, and she is determined to find out the story of these three enigmatic figures.

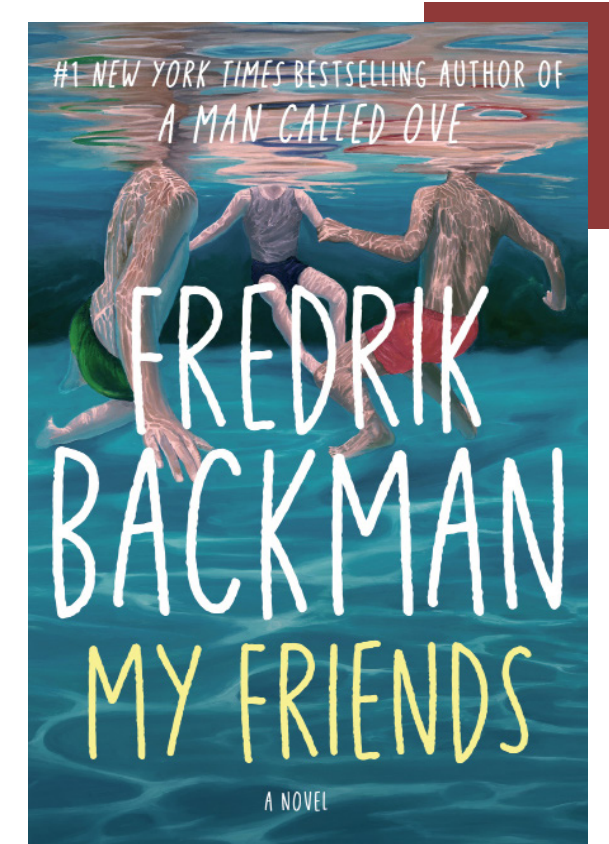

Twenty-five years earlier, in a distant seaside town, a group of teenagers finds refuge from their painful home lives by spending long summer days on an abandoned pier, telling silly jokes, sharing secrets, and committing small acts of rebellion. These lost souls find in each other a reason to get up each morning, a reason to dream, a reason to love.

Out of that summer emerges a transcendent work of art, a painting that will unexpectedly be placed into eighteen-year-old Louisa's care. She embarks on a surprise-filled cross-country journey to learn how the painting came to be and to decide what to do with it. The closer she gets to the painting's birthplace, the more nervous she becomes about what she'll find. Louisa is proof that happy endings don't always take the form we expect in this stunning testament to the transformative, timeless power of friendship and art.

I, MEDUSA

Ayana Gray

A "captivating villain origin story" (People Book of the Week) reimagining one of the most iconic monsters in Greek mythology as a provocative and powerful young heroine.

MEDDY has spent her whole life as a footnote in someone else's story. Out of place next to her beautiful, immortal sisters and her parents—both gods, albeit minor ones—she dreams of leaving her family's island for a life of adventure. So when she catches the eye of the goddess Athena, who invites her to train as an esteemed priestess in her temple, Meddy leaps at the chance to see the world beyond her home.

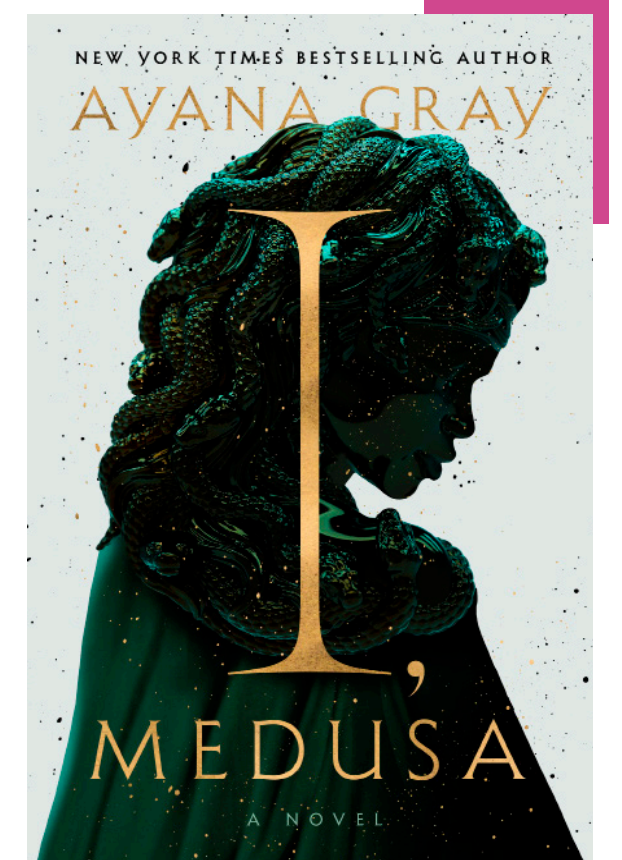

In the colorful market streets of Athens and the clandestine chambers of the temple, Meddy flourishes in her role as Athena's favored acolyte, getting her first tastes of purpose and power. But when she is noticed by another Olympian, Poseidon, the course of Meddy's promising future is suddenly and irrevocably altered.

When her locs are transformed into snakes as punishment for a crime she did not commit, Medusa must embrace a new identity—not as a victim, but as a vigilante—and with it, the chance to write her own story as mortal, martyr, and myth.

Exploding with rage, heartbreak, and love, I, MEDUSA portrays a young woman caught in the crosscurrents between her heart's deepest desires and the cruel, careless games the Olympian gods play.

Praise for I, MEDUSA:

REMAIN

Nicholas Sparks and M. Night Shyamalan

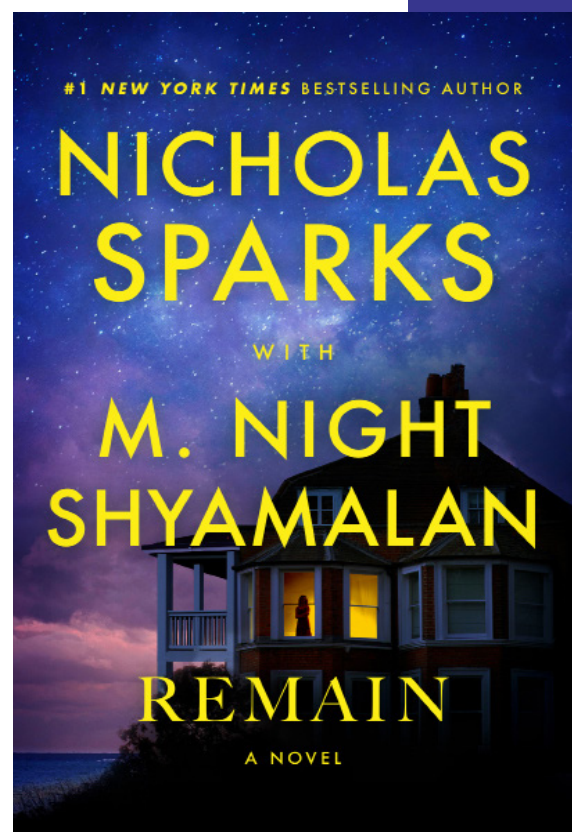

A one-of-a-kind novel that grapples with the supernatural mysteries of life, death, and human connection—an unprecedented collaboration between the globally bestselling author of love stories like THE NOTEBOOK and the renowned writer and director of blockbuster thrillers like THE SIXTH SENSE.

When New York architect TATE DONOVAN arrives on Cape Cod to design his best friend's summer home, he is hoping to make a fresh start. Recently discharged from an upscale psychiatric facility where he was treated for acute depression, he is still wrestling with the pain of losing his beloved sister. Sylvia's deathbed revelation—that she can see spirits who are still tethered to the living world, a gift that runs in their family—sits uneasily with Tate, who struggles to believe in more than what reason can explain. But when he takes up residence at a historic bed-and-breakfast on the Cape, he encounters a beautiful young woman named WREN who will challenge every assumption he has about his logical and controlled world.

Tate and Wren find themselves forging an immediate connection, one that neither has ever experienced before. But Tate gradually discovers that below the surface of Wren's idyllic small-town life, hatred, jealousy, and greed are festering, threatening their fragile relationship just as it begins to blossom. Tate realizes that in order to free Wren from an increasingly desperate fate, he will need to unearth the truth about her past before time runs out . . . a quest that will make him doubt whether we can ever believe the stories we tell about ourselves, and the laws that govern our existence. Love—while transformative—can sometimes be frightening.

A story about the power of transcendent emotion, Remain asks us all: Can love set us free—not only from our greatest sorrows, but even from the boundaries of life and death?

TIME FOR YOU

Elizabeth Davis

Combining the romance and time travel of the classic *KATE & LEOPOLD* with a witty historical sensibility reminiscent of Evie Dunmore's *LEAGUE OF EXTRAORDINARY WOMEN* Series, *TIME FOR YOU* is the perfect escape for anyone who's ever wished Mr. Darcy would come sweep them off their feet in present day.

DR. DAPHNE CLARKE has her world turned upside down when she literally collides with an accidental—and rather handsome—time traveler, HENRY MACDONALD, from 19th century Scotland. At first, Daphne and Henry are constantly at odds. He can't wrap his head around women being allowed to practice medicine, and she can't abide his old-fashioned attitudes. But slowly, they start to see things from the other's perspective, and a tenuous friendship forms between them, with Daphne encouraging Henry to explore his newfound love of cooking while he helps her realize emergency medicine might not be the right path for her.

They're both relieved to discover that Henry likely traveled through time when he unwittingly stumbled upon a ley line, and that accessing a ley line again will help him travel home—but he can only do so on a specific date. As their time together grows short, they both realize that much more than attraction is simmering between them, and they fall into a relationship, though they know it has an inevitable expiration date. As their feelings deepen for one another, they are forced to decide if a future together is worth sacrificing the past he left behind.

When a video goes viral accusing the company of stealing an independent toymaker's doll design—and hurting the economy of Fraser Falls, the toymaker's hometown that has banded together to produce the doll—Clara leaves her Manhattan apartment for the smalltown to make amends, get the video taken down, and restore her family's good name. INTO THE MIDNIGHT WOOD

Alexandra McCollum

A whimsical queer romance about two mismatched roommates whose fragile balance is upended by an impending family wedding and an otherworldly danger in the nearby enchanted wood.

There are at least 100 things wrong with MEREDITH SCHWARZWELDER. In fact, keeping track of these things is the only way DAVID CAREW has managed to remain living with him for as long as he has. Meredith is an irredeemable eccentric who flirts with everyone in his path (#3 on the list), cries at anything (#35), makes the worst coffee in the world (#70), and talks to mice, or imagines he does (#50).

It's bad enough living with such a person on the edge of the Midnight Wood, but when magic starts to seep from the wood and a dark being emerges with a sinister plan involving Meredith, David decides that it's time to leave the cottage, and his roommate, behind. Then Meredith's brother gets engaged to the daughter of David's boss, and David sees an opportunity: If he can insert himself into the festivities, maybe he can advance his career and get himself out of a personal rut.

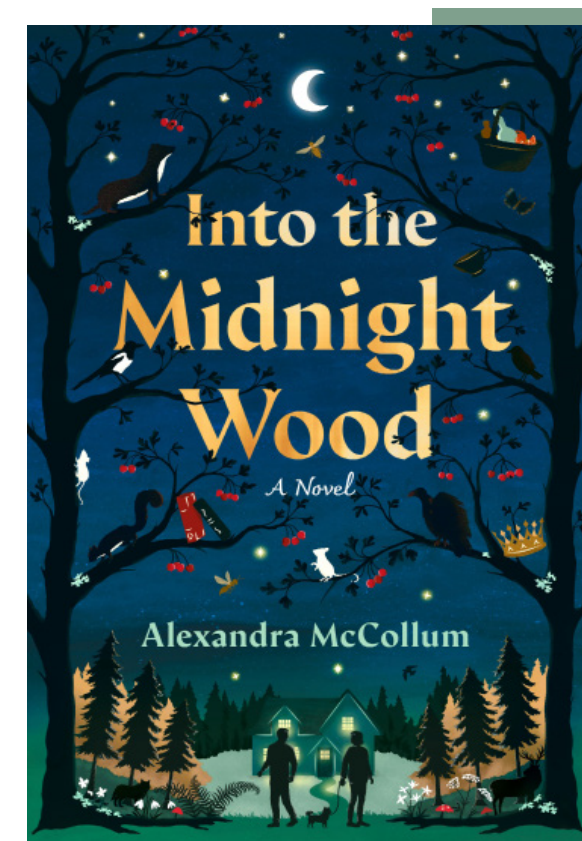

With wedding bells sounding and the dangers of the Midnight Wood encroaching, David realizes there's much more hiding beneath the surface of his roommate's seemingly carefree charm, and that perhaps his own exasperation carries more fondness than he'd like to admit.

THE KISS THIEF

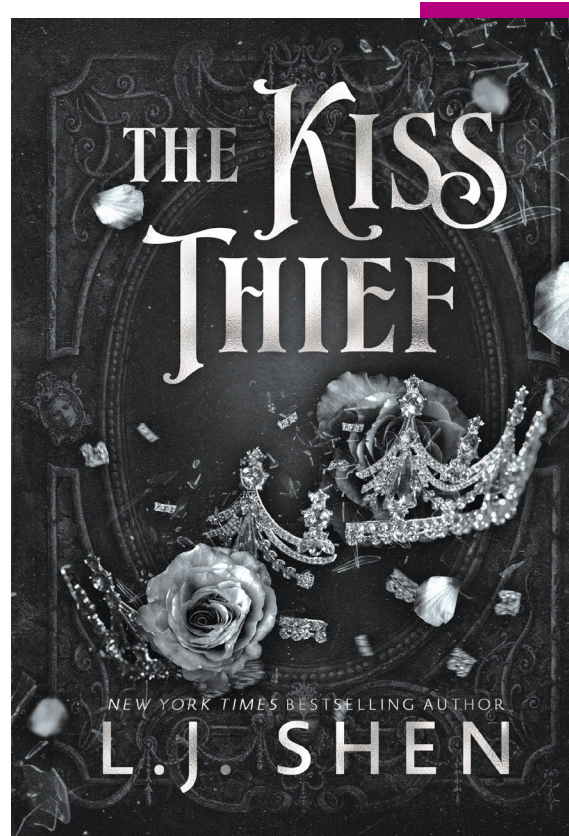

L.J. Shen

When a girl is forced to marry her father's enemy, her only goal is to get back to her family and the man she always wanted to be with, but she doesn't expect to fall in love with her husband.

FRANCESCA ROSSI has been in love with her childhood friend, ANGELO BANDINI, since she was little and would love nothing more than to honor her mafia family's demands to marry Angelo. The story begins with Francesca getting ready to go to a masquerade charity event at the Museum of Arts, where she is to meet Angelo. Francesca's evening goes from bad to worse when she realizes that not only is she not going to be able to get Angelo alone, but a rude, berating, broody man in a simple black mask taunts her at the dining table. The evening ends with Francesca slipping out of the party in tears. When the street lights turn off, she swivels on her heel, and sees Angelo at the doors. He descends the stairs and kisses her. But when she pulls away and stares at his eyes, she realizes it is not Angelo who kissed her, but the devastatingly rude man.

What shocks her the most is that the kiss thief—Senator WOLFE KEATON—asks for her hand in marriage. Even more shocking: her father agrees. Francesca refuses to eat or participate in any of the social functions. She knows that Keaton is holding something horrible over her father's head to be able to take his daughter—his most worthy possession. But the more Francesca gets sucked into Wolfe's world, the more she is forced to cut ties with her family and everyone she knows and loves.

Her loyalty is put to the test several times, and realizes it is Wolfe, she is in love with. With tons of angst, this story will have readers glued to their seat and unable to stop flipping pages.

LANA MYERS is an unapologetic serial killer with a moral compass. The only people she kills are the people from her hometown, Delaney Grove, who assaulted her, destroyed her family and stole the promising life she had in front of her. Getting revenge on the people who hurt her is what she's been living her last ten years for, until she meets LOGAN BENNETT, an FBI agent tasked with profiling and hunting the country's most infamous serial killers. Too bad she's one of the people he's actively trying to catch. Their connection is immediate and being around him allows Lana to see beyond her own trauma, even working with Logan to help him catch other dangerous killers. But her plan is never far from her mind as she calculates and systematically kills one person after another from that fateful night all those years ago. While Logan discovers who Lana really is, the two separate, with him believing that she used him all along. Left with nothing but her grudge against the people of Delaney Grove, Lana puts into motion the final stages of her plan—killing everyone responsible. THE KING'S RANSOM

Janet Evanovich

"Thriller master" (Mystery and Suspense Magazine) Janet Evanovich takes you on a global hunt to track down missing masterpieces in this action-packed and steamy sequel to the instant New York Times bestseller **THE RECOVERY AGENT**.

GABRIELAROSE, recovery agent extraordinaire, can find just about anything. Too bad she can't seem to lose her gorgeous-but-infuriating ex-husband RAFER JONES. And now he needs her help. His cousin, Harley, is in trouble...big trouble.

As the president of a too-big-to-fail bank, he invested an astronomical amount of money in insuring some of the world's most priceless artifacts at the urging of his board. It seemed like a low-risk, high-reward business move, so he jumped in with both feet. But recently, these insured pieces started going missing and worse, there's no paper trail of Harley being directed to make these risky investments. Unless the artwork can be recovered soon, it looks like Harley is going to be heading to jail as the fall guy for an ingenious crime.

Gabriela knows what she must do: travel around the world with Rafer to find the missing works of art, keep Harley out of jail, and save both his skin and his bank. Along the way, she'll encounter corruption, threats, murder, mysterious dark forces behind a global conspiracy to destroy the world's wealth, and a nefarious villain who will stop at nothing to bring the world to the brink of ruin.

"Fun & frothy...Evanovich renders with dazzling precision...Gabriella...is an ideal action protagonist: resourceful, daring, shrewd, and sexy. The result is a swift and enjoyable adventure that proves this series has legs."

THE REAL HOUSEWIVES meets murder in this deliciously savage and wildly entertaining thriller from Jeneva Rose, New York Times bestselling author of **THE PERFECT MARRIAGE**, **YOU SHOULDN'T HAVE COME HERE**, and **HOME IS WHERE THE BODIES ARE**.

Buckhead isn't a place you live, it's a place you survive. And that applies even to the wealthy housewives that have it all. Fancy cars, designer clothes, and daily salon appointments aren't nearly enough to keep them fulfilled and happy. Because in this town, privilege and opulence go hand in hand with betrayal and revenge.

JENNY, the owner of Glow, an exclusive membership-only beauty salon, knows that better than anyone, because she knows everything about these housewives—down to each individual strand of hair. Despite the toxicity, Jenny keeps her focus on running her business, and keeping the peace. However, peace proves to be impossible when one of her clients is murdered. Now, it's up to Jenny and her knowledge of neighborhood secrets and gossip to help the police solve the case. It won't be easy though, because while Buckhead may be all about appearances, nothing is as it seems.

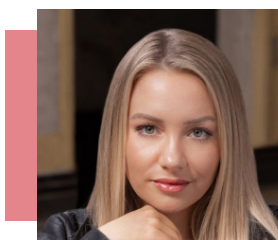

Never have mean girls been meaner, nor murder been so much fun than in this "sublimely bitchy" (Kirkus Reviews) and scandalous suspense novel from Jeneva Rose, the "queen of twists" (Colleen Hoover).

You've opened up your house and your heart to a total stranger—what could possibly go wrong?

GRACE EVANS, an overworked New Yorker looking for a total escape from her busy life, books an Airbnb on a ranch in the middle of Wyoming. When she arrives at the idyllic getaway, she's pleased to find that the owner is a handsome man by the name of CALVIN WELLS—and he's eager to introduce her to his easygoing way of life. But there are things Grace discovers that she's not too pleased about: A lack of cell phone service. A missing woman. And a feeling that something isn't right with the ranch.

Despite her uneasiness, the two bond and start to fall for one another. However, as her departure date nears, things change for the worse. What began as a playful romance soon turns into a complicated web of lies. Grace grows wary of Calvin as his infatuation for her seems to have morphed to obsession. Calvin fears that Grace is hiding something from him, including her reason for staying at his ranch to begin with.
